Indiana University School of Medicine Special Statement

The Indiana University School of Medicine (IUSM)- Fort Wayne campus is considered a separate campus from the larger Indiana University Purdue University Indianapolis (IUPUI) campus for Clery Act reporting and is located on the campus of Indiana University Purdue University Fort Wayne (IPFW). IUSM students completing coursework on the IPFW campus and are considered “Guest Students” of IPFW and may be subject to both IUPUI and IPFW policies, procedures, and disciplinary processes depending on the nature and/or location of an incident. Guest Students have full campus privileges, including the option to reside in on-campus housing and other resources on the IPFW campus. IU employees working at the IUSM-Fort Wayne campus may also be subject to both IPFW and IUPUI policies, procedures and disciplinary action depending on the nature and/or location of an incident.

The IUSM-Fort Wayne facilities, located on the IPFW campus, are subject to the safety and security policies and procedures of IPFW. There are no IU police or security personnel on site. In order to provide IUSM-Fort Wayne students and employees with information relevant to space controlled by IU and space controlled by IPFW, as well as other relevant safety and security policies, available resources, programs and information, IU is providing Annual Security Report safety and security policies of both IUPUI and IPFW.

Annual Security Report – Indiana University Purdue University Indianapolis

In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act) and the safety-related requirements of the Higher Education Opportunity Act, the Indiana University Police Department (IUPD) on each Indiana University (IU) campus produces an Annual Security Report. Each report includes policy statements and specific information regarding the university’s procedures, practices, and programs concerning safety and security (e.g. policies for responding to emergency situations and sexual offenses). Each report also includes three years’ worth of statistics for particular types of crimes that occurred on campus; in certain noncampus buildings or property owned or controlled by the university; and on public property on or immediately adjacent to the campus.

These reports are available online at http://protect.iu.edu/police/cleryreports. You may also request a paper copy from your campus IUPD contact at:

Ball Annex
1232 W. Michigan Street
Indianapolis, IN 46202
317-274-2058 (Administrative)
317-274-7911 (Emergency)
This section of the Annual Security Report discloses the procedures, practices, and programs IU has implemented to keep its students and employees safe and its facilities secure.

I. Reporting Crimes and Other Emergencies

All community members, including students, faculty, staff, and guests, are encouraged to accurately and promptly report all criminal or suspicious actions and any potential emergencies to the Indiana University Police Department or appropriate law enforcement agency. Situations occurring on campus should be reported to the IUPD. For emergencies, dial 9-1-1; if you are using a cell phone, immediately state your location. Incidents may also be reported in any of the following ways:

- By a campus telephone to IUPD - Indianapolis at phone number 911.
- By a non-campus telephone to IUPD - Indianapolis at phone number 317-274-7911.
- In person to IUPD - Indianapolis at 1232 W. Michigan Street, Indianapolis, IN 46202 (Ball Annex building).
- Via the blue light emergency telephones located on campus property.
- To a police officer, security officer, or cadet officer when encountered.

For crimes or emergencies occurring off-campus, reports should be made to local law enforcement by either dialing 9-1-1 or visiting in person.

Crimes should be reported to the IUPD for inclusion in the annual statistical disclosure of crimes and for assessment for Timely Warning notifications.

For reports about sexual violence, including domestic violence, dating violence, sexual assaults, and stalking, see Section XIII Dating Violence, Domestic Violence, Sexual Assault and Stalking, regarding reporting information.

Response to Report

Depending on the nature of the particular report, the dispatcher may either send an officer to the caller’s location or ask the caller to come to the IUPD office to file an incident report. As required by law or policy, an incident report may be forwarded to other university offices for potential action, which may include:

- Office of the Vice President and General Counsel
- University Title IX Coordinator
- Deputy Title IX Coordinator
- Human Resources
- Academic Affairs
- Office of Insurance, Loss, Control and Claims
- Environmental Health and Safety
- Chancellor
- Vice Chancellor for Finance and Administration
- Vice Chancellor of Student Affairs
- Dean of Students
- Office of Housing and Residence Life
- Campus Facility Services

Voluntary, Confidential Reporting

If you are a victim of or witness to a crime, but you do not want to pursue action within the university system or the criminal justice system, you may still choose to make a report and request that it remain confidential. The purpose of such a report is to comply with your wish to keep your identity confidential, while also providing information to help ensure the future safety of yourself and others. An
IUPD officer can file a confidential report detailing the incident without revealing your identity, to the extent allowed by state and federal laws. Using the information provided in the confidential police report, the university can keep an accurate record of: the number of incidents involving students, employees, and visitors; determine whether there is a pattern of crime with regard to a particular location, method, or assailant; and alert the university community to potential dangers. Reports filed in this manner may be counted and disclosed in the annual statistical disclosure for the university, included in the daily crime log, and used for the assessment of timely warning notifications without using any personally identifiable information.

**Campus Security Authorities**

Many individuals throughout the university have been identified as Campus Security Authorities (CSA) and have responsibilities to inform IUPD of specific information regarding any crimes of which they are made aware. If you make a report to a CSA, be aware of their responsibilities and clearly express any interest you have in remaining confidential. Additional information on whom at the university may qualify to be a CSA can be found at [https://protect.iu.edu/police/csa](https://protect.iu.edu/police/csa).

**Pastoral and Professional Counselors**

Any pastoral counselors and licensed professional counselors on campus working in that capacity are not considered campus security authorities (CSA). Therefore, they are not required to report crimes for inclusion into the annual disclosure of crime statistics. However, if they deem it appropriate, these counselors may inform students about the University's policies and procedures about reporting crimes on a voluntary basis and seeking help if they are the victim of a crime (see above section on Voluntary, Confidential Reporting).

**II. Timely Warnings (Crime Alerts) about Crimes**

In order to promptly alert students and employees of dangerous situations on or near campus and provide them with enough time and information to take necessary precautions, IU has instituted a timely warning system. Timely Warnings at IU are called Crime Alerts and may be issued for any of the Clery Act crimes, as described in Appendix A of this report, that occur on campus; in certain noncampus buildings or property owned or controlled by the university; and on public property on or immediately adjacent to the campus. For a Crime Alert to be issued, the crime must be considered a serious or continuing threat to students or employees. The campus IUPD Chief or his/her designee is responsible for determining the necessity of a Crime Alert and for issuing the alert to members of the IU community.

In deciding whether or not to issue a Crime Alert, the campus IUPD Chief or his/her designee examines the facts of each incident and considers when and where the incident occurred, when the incident was reported, and any other information available to the IUPD. For example, if an assault occurs between two students who have a disagreement, there may be no ongoing threat to other university community members, and a Crime Alert would not be distributed. Crime Alerts may be distributed for other crimes if deemed necessary by the campus IUPD Chief or his/her designee.

Crime Alerts are generally written and issued by the campus IUPD Chief or his/her designee. Certain details may be withheld from a message if the information would compromise law enforcement efforts. Any details that could disclose the identity of the victim are withheld from our Crime Alerts. IU-Notify is generally used to send Crime Alerts and to provide any updates to members of the university community. Email is the primary method of Crime Alert communication, however on a case-by-case basis, other means of distribution may be used, including:

- Text messages
- Phone calls
- Protect IU webpage updates ([http://protect.iu.edu/](http://protect.iu.edu/))
- IUPD - Indianapolis webpage ([www.police.iupui.edu](http://www.police.iupui.edu))
More information on IU-Notify can be found at http://kb.iu.edu/data/avvo.html. Instructions for how to update your contact information are found at http://kb.iu.edu/data/avvp.html. For members of the IU community, it is suggested that you provide the best phone number to reach you and an email address in order to receive notifications and alerts. You should update and verify your information regularly.

III. Emergency Notifications

When IU receives a report of a potential emergency or other dangerous situation, Public Safety and campus officials respond and assess each individual incident. If the incident is confirmed to be ongoing or imminently threatening to the health or safety of the campus community, an emergency notification is immediately initiated. University officials authorized to send messages via the emergency notification process will, without delay and taking into account the safety of the community, collaborate to determine the content of the message. These officials will communicate information regarding the threat either to the campus community as a whole or to the appropriate segment of the community if the threat is limited to a particular building or segment of the population. IU will not immediately issue a notification for a confirmed emergency or dangerous situation if by doing so, in the professional judgment of first responders and Public Safety officials, it will compromise efforts to assist a victim, to contain the emergency, to respond to the emergency, or to otherwise mitigate the emergency.

IU's use of emergency response and notification procedures is not necessarily limited to crimes. An incident such as a serious gas leak, tornado, hazardous materials spill, winter storm, or other hazards could also warrant the use of this protocol.

University officials authorized to send messages via the emergency notification process include the following staff: Public Safety officials (including Police, Emergency Management and Continuity personnel, and Environmental Health and Safety personnel) and Communications/Marketing personnel. These officials will use their discretion to determine the content of the message, specific method(s) of notification, recipients of the notification, and the sending authority. Usually, such notification will be made using the IU-Notify emergency notification system. Notification may be accomplished using a variety of messaging methods which may include one or all of the following: text messages, telephone calls, email, social media, television cable override, sirens, digital signage, web site banners, and/or public address systems. If there is a need to disseminate information outside of the campus community, it is posted to the IU Protect web site at https://protect.iu.edu, distributed to local news agencies, and posted to social media and WebEOC (which notifies surrounding public safety jurisdictions and the Indiana Department of Homeland Security).

IV. Response and Evacuation Procedures and Tests

Response and evacuation procedures are documented in the campus Emergency Procedures and Building Emergency Action Plans. Evacuation route maps are posted in hallways throughout all campus buildings.

Announced and/or unannounced drills are scheduled and executed annually to test evacuation and emergency procedures.

An announced test of the IU-Notify emergency notification system is conducted at least once per calendar year. This test also publicizes the https://protect.iu.edu website, which contains information about emergency procedures.

Each test, drill, and exercise is designed to evaluate IU’s emergency plans and capabilities and is documented in writing. The documentation includes a description of the test/drill/exercise, the date held, the time started and ended, whether the test/drill/exercise was announced or unannounced, and any recommendations or improvements.

Campus tests, drills, and exercises performed in the calendar year for this report include:

• May 29, 2013 – Campus Incident Management Team – Tabletop Exercise and Discussion – Discussion-based exercise focused on the usage of IUPUI campus personnel for emergency or crisis incidents on the campus and the need to activate, staff, and manage an Emergency Operations Center.

• June 25, 2013 – Operation Agile Response – Full-Scale Exercise – Operationally based exercise focused on the campus response to an active shooter/hostile intruder and the necessary actions and public safety personnel needed to resolve and recover from such an event.

• October 8, 2013 – US Department of Agriculture / IU Laboratory Animal Research Center – Tabletop Exercise – Discussion-based exercise focused on the validation of the updated IU Laboratory Animal Research Center (LARC) Response Plan. The exercise walked through a scenario impacting animal research facilities on the IUPUI campus and the necessary response required to manage, stabilize, and recover from the incident. It also supported the requirement from the USDA to update current plans and conduct a tabletop exercise.

• October 29, November 1, November 4, November 5, and November 7, 2013 – IUPUI Campus – Fire/Building Evacuation Drills – Emergency evacuation drills conducted on the IUPUI campus to test and validate the process for moving people out of buildings for fire or some other type of event that would pose a hazard to students, faculty, and staff. A total of 41 buildings were evacuated and approximately 8,000 people were evacuated from facilities on campus over the two-week period.

V. Daily Crime Log

The Daily Crime Log includes records of criminal incidents and alleged criminal incidents that have been reported to the Indiana University Police Department (IUPD) on each campus. The Daily Crime Log entries contain more detail than the Annual Crime Statistics Disclosure. It includes all crimes, not just those reported for Clery Act purposes. It also includes the IUPD's patrol jurisdiction, which may be broader than on-campus, non-campus and public property locations. Daily Crime Logs are updated within two business days of an incident being reported to the IUPD. Information may not be included in the log if prohibited by law or if the disclosure would jeopardize an ongoing investigation. If you would like to see your campus’ Daily Crime Log, you can do so by:

• Visiting IUPD - Indianapolis at 1232 W. Michigan Street, Indianapolis, IN 46202 (Ball Annex building) during normal business hours.

• Visiting IUPD - Indianapolis website http://www.police.iupui.edu/crime-logs/

VI. Security of and Access to Campus Facilities

IU campuses are open to the public. During business hours, most buildings are open to students, parents, employees, contractors, guests, and invitees; however, there may be restricted areas that are not accessible without permission from a university representative. On evenings and weekends, certain buildings are open for scheduled classes, events, or meetings. Some buildings may stay open 24 hours or have hours that vary at different times of the year. Buildings will be closed according to schedules developed by the department responsible for the building. When a building is closed, only faculty, staff, and students with specific authorization are permitted inside. Emergencies may necessitate changes to any posted schedules.

Other campus security and access controls include:

• Building hours are determined by the schools and departments that occupy the building along with the building's building coordinator. When a building is closed, only faculty, staff, and students with specific needs are allowed inside.
Campus Residence Access

Special considerations for campus residence access include:

• Campus residence halls and apartments all have 24/7 electronic access control on the private areas of the buildings. Access to these areas is controlled by Housing and Residence Life.

VII. Security Considerations for the Maintenance of Campus Facilities

IUPD officers patrol campus buildings and grounds regularly. If officers notice any unsafe conditions, such as poor lighting, they report them to the appropriate campus administrators for correction.

Members of the campus community are encouraged to report safety issues to the IUPD or one of the following:

• IUPD - Indianapolis at 317-274-7911.
• Campus Facilities Services at 317-278-1900.
• Parking and Transportation Services at 317-274-4232

A very strong commitment to campus security and safety is maintained through regular inspection of the following:

• Police and facilities employees constantly look for and report problems with lighting, locks, security equipment and for other public safety hazards as they perform their daily duties.

VIII. Missing Student Notification

IU’s policy is to thoroughly investigate all reports of missing persons, and to ensure that all missing person notifications to law enforcement and others are made promptly and in accordance with applicable state and federal law.

If a student who resides in on-campus housing is believed to be missing, University staff must report it immediately to the IUPD. The IUPD will obtain a report and initiate an investigation. If the IUPD determines that a student has been missing for more than 24 hours, the IUPD will notify local law enforcement and inform the student’s designated contact person(s) no more than 24 hours after the student is determined to be missing. If circumstances warrant, IUPD may initiate these procedures if the student has been missing for less than the 24-hour time frame.

Any student residing in on-campus housing may identify both an emergency contact and a contact who will be notified should the student be determined missing by IUPD, and this information should be updated regularly. If a student has identified such a person, the IUPD will notify that person no more than 24 hours after the student is determined to be missing. If the missing student is under the age of 18 and is not an emancipated person, the IUPD will notify the student’s parent or legal guardian in addition to the students designated contact.

Contact information will be registered confidentially for all students, will be accessible only to authorized campus officials, and will not be disclosed unless needed in a missing student investigation. A student can register their missing student contact information by:

• Visit http://housing.iupui.edu/HSC
• Log into the Housing Service Center
• Click on “Manage My Contacts”

Information about the missing person will be entered into the National Crime Information Center (NCIC) within two hours of being received by police. This information will also be sent to any police department near the location where the missing student was last seen and to any law enforcement agency requested by the reporting party, provided the officer considers the request to be reasonable.
IX. Crime Prevention and Security Awareness

The IUPD, along with many other IU departments, uses a variety of media to provide information about crime prevention, to publicize campus security procedures and practices, and to encourage community members to be responsible for their own security and for the security of others. Campus security and fire safety procedures are specifically discussed during new student orientation. In addition, representatives from the IUPD, the Office of Environmental Health and Safety (EH&S), and the Office of Emergency Management and Continuity (EMAC) participate in forums, engage in town hall meetings, and are available by request to address student and employee questions and to explain university security, public safety, and fire safety measures. Members of the IUPD conduct presentations about crime prevention and general security and safety awareness upon request. Information typically provided includes crime prevention tips; statistics on crime at IU; fire safety information; information about campus security procedures and practices; and encouragement to all community members to be responsible for their own security and for the security of others.

X. Campus Law Enforcement/Indiana University Police Department (IUPD)

Enforcement Authority

The IUPD employs sworn police officers that are certified by the State of Indiana and who meet state-mandated training requirements. These officers have full police powers, including the power to
arrest, as granted by the State of Indiana (IC 21-39-4), and have access to national and state law enforcement computer networks. IUPD officers have primary jurisdiction on any real property owned or occupied by the university, including the streets passing through and adjacent to such property. These officers also have the power to assist university officials in the enforcement of IU's rules and regulations.

**Working Relationship with State and Local Enforcement Agencies**

By resolution of the Indiana University Board of Trustees, university police are authorized to exercise police powers beyond their primary jurisdiction in certain circumstances. The IUPD maintains a cooperative working relationship with municipal and county law enforcement agencies in the geographic areas in which campuses are located, as well as with Indiana State Police and Federal agencies. When investigating alleged criminal offenses, the IUPD cooperates with the appropriate law enforcement agencies and other criminal justice authorities.

These cooperative working relationships include:

- Indianapolis Metropolitan Police Department (No MOU);
- Indiana State Capitol Police Department (No MOU);
- Indiana State Police Department (No MOU);
- Veterans Administration Police Department (No MOU);
- Marion County Sheriff's Office. (No MOU)

IUPD officers normally investigate all criminal offenses that occur in the IUPD's primary jurisdiction and work with the staff of cooperating agencies when incidents arise that require joint investigative efforts, resources, crime-related reports, and exchanges of information. The officers of IUPD and cooperating agencies communicate regularly at the scene of incidents that occur in and around the campus. Meetings may be held between the IUPD and cooperating law enforcement agencies for purposes of sharing information on both a formal and informal basis. Local and state police agencies provide back-up assistance for any emergency that might require extensive police services. Any law enforcement officer may come onto campus at any time; just as IUPD officers have powers to arrest, city and state police can arrest students and visitors on campus for violations of law within their agencies’ jurisdictions. In addition, the university has the responsibility of advising the appropriate authorities of violations of civil or criminal law committed by anyone on campus. The University will report violations either when a request for specific information is made or when there is a danger to life or property.

**XI. Crimes at Noncampus Locations**

The IUPD uses university records to identify and monitor activity at noncampus property. Noncampus property, for this purpose, is defined as (1) Any building or property owned or controlled by a student organization that is officially recognized by the institution; or (2) Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution. The IUPD sends annual requests to the law enforcement agencies with jurisdiction over these locations to request crime statistics and to be alerted when a serious or ongoing threat is occurring at any noncampus location.

If IU students are implicated in criminal activity occurring off-campus, including noncampus locations of student organizations officially recognized by IU (with or without housing facilities), the law enforcement agency with jurisdiction may notify the IUPD; however, there is no official policy requiring such notification. Students in these cases may be subject both to arrest by the law enforcement officers and to the university’s disciplinary action through:

IUPUI Office of Student Conduct  
317-274-4431
IUPUI operates no off-campus housing or off-campus student organization facilities.

XII. Alcohol and Drugs

The possession, use, sale, manufacturing or distribution of any controlled substance, including alcohol, on the IU campus is governed by the campus’ Alcohol and Drug-Free Policy; the IU Code of Student Rights, Responsibilities, and Conduct; and the laws of the State of Indiana. The Indiana Alcoholic Beverage Commission (ABC) oversees state laws regarding the possession, use, sale, consumption, or furnishing of alcohol. However, the enforcement of alcohol laws on campus is primarily the responsibility of the IUPD. IU has been designated “drug free,” and the consumption of alcohol on campus is only permitted under certain circumstances as set forth by university policy. The illegal possession, use, sale, manufacture, or distribution of any controlled substance is against IU policy and enforced under both state and federal laws. The IUPD proactively enforces these laws and university policies, including state underage drinking laws. Violators may be subject to university disciplinary action, criminal prosecution, fine, and/or imprisonment.

Underage Drinking

It is unlawful to sell, furnish, or provide alcohol to a person who is under the age of 21. The possession of alcohol by anyone under 21 years of age is illegal. Organizations or groups violating alcohol/substance policies or laws, Indiana Code (IC 7.1-5-7-8), may be subject to sanctions by the university.

Please note that under Indiana’s Lifeline Law (IC 7.1-5-1-6.5), students are afforded amnesty against certain charges for alcohol related crimes in connection with a report of a medical emergency, so long as they cooperate with law enforcement at the scene.

Alcohol and Drug Education Programs

IU is committed to promoting the health and safety of its campus community through prevention and awareness programs of drug and alcohol education and the implementation of relevant policies. Additional information on drug and alcohol education programs can be found within the University and campus policies identified below. IU encourages members of the community who may be experiencing difficulty with drugs or alcohol to utilize one of the following on-campus resources:

University and Campus Policies

Violators of IU policies are subject to the provisions of applicable laws as well as university disciplinary actions, which may include sanctions such as eviction from campus housing, revocation of other privileges, or suspension or expulsion from the university. Disciplinary action may also be taken to protect the interests of the university and the rights and safety of others.

University and campus policies pertaining to student conduct violations, including the possession, use, and sale of alcohol and controlled substances, are outlined in:
• The IU Code of Student Rights, Responsibilities, and Conduct located at http://www.iu.edu/~code/code/index.shtml
• The IU policy on a Substance-free Workplace (for all staff and hourly employees) located at http://www.indiana.edu/%7Euhrs/policies/uwide/substance.html
• The IU policy on Requirements for Service of Alcoholic Beverages on Indiana University premises http://policies.iu.edu/policies/categories/financial/insurance-loss-control-claims/FIN-INS-10-requirements-for-service-of-alcoholic-beverages-on-indiana-university-premises.shtml
• IUPUI Housing and Residence Life Handbook located at http://housing.iupui.edu/current-resident/handbook.shtml

The University will, upon written request, disclose to the alleged victim of a crime of violence, or non-forcible sex offense, the results of any disciplinary hearing conducted by the University against the student who is the alleged perpetrator of the offense. If the alleged victim is deceased as a result of the crime or offense, the University will provide the results of the disciplinary hearing to the victim’s next of kin, if so requested.

XIII. Dating Violence, Domestic Violence, Sexual Assault and Stalking

Indiana University (IU) prohibits the crimes of dating violence, domestic violence, sexual assault and stalking. The following definitions are applicable in the state of Indiana and for Indiana University; these are not the same definitions used when reporting crime statistics, as stated in the Crime Statistics Disclosure section of this report. The definitions used for counting crime statistics are located in Appendix A.

Domestic Violence (IC 5-26.5-1-3)

Includes conduct that is an element of an offense under Indiana Statute IC 35-42 (which includes crimes against a person) or a threat to commit an act described in IC 35-42 by a person against a person who:
  (1) is or was a spouse of;
(2) is or was living as if a spouse of;
(3) has a child in common with;
(4) is a minor subject to the control of; or
(5) is an incapacitated individual under the guardianship or otherwise subject to the control of;
the other person regardless of whether the act or threat has been reported to a law enforcement agency or results in a criminal prosecution.

**Dating Violence**

Violence committed by any person who is or has been in a relationship of a romantic or intimate nature. The existence of such a relationship will be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interactions between the persons involved in the relationship. (based on VAWA definition 42 U.S.C. 13925(a))

**Sexual Assault (IC 5-26.5-1-8)**

For purposes of IC 5-26.5-2-2, "sexual assault" means conduct that constitutes: (1) a misdemeanor or felony under IC 35-42-4 (sex crimes) or IC 35-46-1-3 (incest); (2) a misdemeanor or felony under the laws of: (A) the United States; (B) another state; or (C) an Indian tribe; that is substantially similar to an offense described in subdivision (1); or (3) an attempt to engage in conduct described in subdivision (1) or (2); regardless of whether the conduct results in criminal prosecution or whether the person who engages in the conduct is an adult.

The Indiana University Sexual Misconduct Policy defines sexual assault as:

1) Committed when an actor subjects a person to sexual penetration (see below) (i) without the consent of the person, (ii) when the actor knew or should have known that the person was mentally or physically incapable of resisting or appreciating the nature of the person’s own conduct, (iii) or when the person is less than sixteen years of age.

2) Sexual assault is also committed when an actor subjects a person to sexual contact (see below) (a) without consent of the person, or (b) when the actor knew or should have known that the person was physically or mentally incapable of resisting or appraising the nature of the person’s own conduct, (iii) or when the person is less than sixteen years of age.

**Stalking (IC 35-45-10-1)**

A knowing or an intentional course of conduct involving repeated or continuing harassment of another person that would cause a reasonable person to feel terrorized, frightened, intimidated, or threatened and that actually causes the victim to feel terrorized, frightened, intimidated, or threatened. The term does not include statutorily or constitutionally protected activity.

**Consent, in reference to sexual activity (Indiana University definition)**

- **Consent** is expressed through affirmative, voluntary words or actions mutually understandable to all parties involved.
- **Consent** is given for a specific sexual act at a specific time and can be withdrawn at any time.
- **Consent** cannot be coerced or compelled by duress, threat, or force.
- **Consent** cannot be given by someone who, for any reason, cannot understand the facts, nature, extent, or implications of the sexual situation occurring, including, but not limited to, those who are under the legal age of consent, asleep, unconscious, or mentally or physically impaired through the effects of drugs or alcohol, or mentally impaired due to an intellectual or other disability.
• **Consent** cannot be assumed based on silence, the absence of “no” or “stop”, the existence of a prior or current relationship, or prior sexual activity.

**Prevention and Awareness Programs**

IU offers educational programs to promote awareness and prevention of rape, acquaintance rape, domestic violence, dating violence, sexual assault, and stalking. These education programs include: (1) a statement that the University prohibits dating violence, domestic violence, sexual assault and stalking; (2) the definition of these terms, as well as the definition of consent in reference to sexual activity; (3) information about safe and positive options for bystander intervention; (4) information on risk reduction; and (5) information on University policies and procedures concerning sexual misconduct. Education and awareness programs may also include programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault, and stalking. Primary prevention and awareness programs given to new students and employees include:

• Haven online educational module: This is an online education module about sexual assault awareness and prevention - part of AlcoholEdu package that is completed by all incoming students at IUPUI.

• JagNation: Culture of Care – this is a large-scale, campus-wide culture of care initiative that focuses on community building and bystander intervention. We host several large events throughout the semester.

On-going prevention and awareness campaigns for all students and employees include:

• Tabling Events: Several information/resource tables were utilized throughout the year, especially during sexual responsibility week and sexual assault awareness month.

• Bystander Empowerment and Sexual Assault Prevention: These presentations focused exclusively on bystander empowerment training and sexual assault awareness/prevention.

• General Sexual Health: These were presentations and panels focused on general sexual health and responsibility.

• Healthy Relationships: These are general outreach presentations focused on qualities of healthy relationships.

• Healthy Masculinity: These were a combination of presentations and discussions related to traditional masculinity, social construction of gender roles, influence of gender roles on relationship violence, and ways to make changes.

• Social Marketing Campaign: This was a social marketing campaign that included posters and several giveaway items with messages around consent: My Sober Yes is My Consent - Sex without Continuous Consent is Sexual Assault.

• Sex Signals: These were professional actors who used improv and audience interaction to explore social pressures, gender stereotypes, and false preconceptions, and how these contribute to sexual assault.

• Domestic Violence Awareness: This was a program sponsored by two Themed Learning Communities on campus and an advanced communication class. They planned on having two people share their experiences and then do a video showing/discussion.

Additional information and resources about the University’s efforts to prevent sexual violence can be found at [http://stopsexualviolence.iu.edu](http://stopsexualviolence.iu.edu).

**Safe and Positive Options for Bystander Intervention**

The Clery Act defines bystander intervention as, “Safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence,
domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.” (34 CFR 668.46(j)(2)(ii))

All members of the IU community have a responsibility to create a safe, supportive, and inclusive learning environment. Bystander Intervention involves taking action in a situation when another individual needs help. This includes when someone may be at medical risk due to using drugs or alcohol, or vulnerable to sexual or intimate partner violence. To actively intervene, follow these steps:

1. **Notice the event.** Pay attention to your surroundings.
2. **Interpret the event as a problem.** Recognize that someone is being taken advantage of, vulnerable, or in danger. When in doubt, trust your gut, and intervene at the earliest possible point.
3. **Take personal responsibility to intervene.** If you don’t intervene, it is unlikely that anyone else will.
4. **Decide how you are going to intervene.** Try not to put yourself at risk or make the situation worse.
5. **Decide to intervene.** Take action and intervene at the earliest possible point. If you are not able to fully intervene in a situation, consider responding by asking the victim if he or she needs help or assistance, contacting the police, or seeking out others for assistance.

Types of Intervention:

- **Direct intervention:** Directly addressing the situation in the moment to prevent harm.
- **Delegation:** Seeking help from another individual. This may be someone who is in a role of authority, such as a police officer or campus official.
- **Distraction:** Interrupting the situation without directly confronting the offender by distracting the offender's attention or directing the potential victim away from the situation.

Most importantly, “**If you see something, say something!**”

**Life Line Law**

Under Indiana’s Lifeline Law ([IC 7.1-5-1-6.5](https://code.legis.iu.edu/idcwebstate.dll?C6&HitType=A&CID=B000&CTD=2023&chosencode=IC&chosencodever=7.1&chosencodeverver=5&chosencodename=7.1&chosencodenamever=5&chosencodeyear=1&chosencodeyearver=6.5&chosencodesection=IC%207.1-5-1-6.5)), students are afforded amnesty against certain charges for alcohol related crimes in connection with a report of a medical emergency, including sexual assault, so long as they cooperate with law enforcement at the scene.

**Risk Reduction**

The Clery Act defines risk reduction as, “Options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.” (34 CFR 668.46(j)(2)(v)) Sexual assault, like all other forms of violence, is **never** the fault of the person assaulted. Below are some general safety tips to consider that may help you avoid or escape situations where someone is trying to harm or take advantage of you sexually or physically:

1. Be aware of your surroundings.
2. Listen to your intuition. If you feel like something is wrong, it probably is. Try to get out of the situation.
3. Don’t be afraid to make a scene and yell, scream, or run for protection.
4. Remember, alcohol and drugs can impair your perceptions and reactions. Be especially careful when you drink, and when you're with someone who has been drinking.
5. Watch your beverage at all times. Date rape drugs are tasteless, colorless, and odorless. Victims don’t know they have ingested these drugs until the effects are well under way.
6. Go with a group of friends when you go out to a party or to the bars, and look out for each other.
7. Speak up or call authorities if you see someone who could be in trouble.

Healthy, Unhealthy, and Abusive Relationships

A relationship is healthy if each involved is supported in being the person he or she wants to be. A relationship that limits, manipulates, or damages a person’s sense of self is unhealthy and can be harmful or abusive. Be honest when assessing your relationship on the following factors – you owe it to yourself!

- **Mutual respect** means valuing your partner for who she or he is, not who you want them to be or become, and receiving the same from your partner. Does your partner say, do, and believe things that you can support? Or, is one of you trying to change the other?
- **Trust** is present if you can share your thoughts and feelings with another person without fear of being hurt physically, cognitively or emotionally. Can you be yourself without fear of criticism or judgment? Can your partner trust you in the same way?
- **Honesty** is about being truthful in your words. Do you tell the truth? Do you believe what your partner tells you?
- **Support** means helping your partner in being his or her best, and feeling you get the same in return.
- **Fairness/equity** – Do you almost always give? Or give in? Do you expect your partner to do it your way? Healthy relationships involve give and take, compromise, and negotiation by all parties.
- **Separate identities** – Relationships are healthy when each individual shares their true self with their partner. Each continues to grow both in and out of the relationship. If you feel like you are losing yourself or your unique identity, you may be in a harmful relationship.
- **Effective communication is essential** — Don’t get caught in the trap of believing your partner should know what you want, need, mean, or feel. Humans are rarely good mind readers, especially in intimate relationships. Do you and your partner take time to communicate? Does your partner really listen and work to understand you? Do you do this for your partner?

Harmful and abusive behaviors may come in many forms, and may include the following:

- **Intimidation** – actions, gestures, looks used to make another fearful
- **Emotional abuse** – name calling or humiliation causing the other to feel unworthy
- **Isolation** – limiting interactions and information in order to establish control
- **Minimizing/Denying/Blaming** – making light of the abusive behaviors causing the other to doubt their own feelings or perceptions
- **Dominance** – treating another as a lesser being and controlling all decisions
- **Economic abuse** – limiting another’s access to work, money, food, or other resources to exert control
- **Coercion or Threats** – making threats to harm someone in order to control another's behaviors

Here are some rules for healthy sexual relationships:

- It is the responsibility of the person initiating sexual contact to ask for and clearly receive consent before acting.
- If someone is impaired by alcohol or another substance, that person is considered unable to make clear decisions about consent.
• If your partner expresses uncertainty or says no, it is your responsibility to STOP. Healthy sexual relationships are based on continuous communication about consent.

Written Notification to Student and Employee Victims

If a student or employee reports to be a victim of dating violence, domestic violence, sexual assault or stalking, whether the offense occurred on or off campus, to one of the university reporting units listed in the “Consider Reporting the Incident” found later in this section, they will be provided written information about their rights, options and any available resources. This will include information on the following:

• Procedures a victim can follow,
• The importance of preserving evidence,
• How to report an offense,
• Options about the involvement of law enforcement,
• Rights of victims and the university’s responsibilities for orders of protection,
• Information about how the university will protect confidentiality of victims and other necessary parties,
• Existing counseling, health, mental health, victim advocacy, legal assistance, and other services, both within the university and in the local community,
• Options for, and available assistance in changing academic, living, transportation, and working situations, and
• University disciplinary action.

Dial 9-1-1 for Emergencies.

Get to a Safe Place as Soon as Possible.

Preserve Physical Evidence

It is particularly important to remember that it may be necessary to preserve evidence for use in court or in university disciplinary proceedings. Evidence may also be important in obtaining a protection order. Do not do any of the following things until you’ve gotten medical attention and/or contacted the police.

• Bathe or shower
• Use the restroom
• Change clothes
• Comb hair
• Clean up the crime scene
• Move anything the offender may have touched

Don’t try to collect evidence yourself. Get help from medical or law enforcement personnel as soon as possible—or at least within 96 hours of the assault. Additionally, keep and document incidents and communications that may indicate a pattern of stalking behavior.

Get Medical Attention

You should seek medical attention as soon as you can—even if you’re not sure if you want to report the incident. It’s the best way to protect yourself from the risk of sexually transmitted diseases and pregnancy. And even if you think you’re physically okay, you may have injuries that need treatment. It’s
also important to have a forensic exam done. This ensures that evidence gets collected in case you decide to report what happened to the police or campus authorities. Victims of sexual violence may be eligible for certain services at no cost; the IUPD can provide victims with resources concerning health care cost and reporting to your insurance company, as stated in state laws. IUPD personnel will assist a victim with transportation to a hospital, if necessary.

Victims are able to seek medical attention both on and off campus at the following locations:

**Consider Reporting the Incident.**

If you are the victim of any violence, including dating violence, domestic violence, sexual assault, or stalking, get help immediately. There are several reporting options available, including reporting to campus and local law enforcement, going through an institutional disciplinary process, and/or filing a Title IX complaint. Campus reporting options are listed below.

- Reporting directly to campus or local law enforcement (see below);
- Reporting directly to the student judicial conduct office or Dean of Students for the campus;
- Reporting directly to the Deputy Title IX Coordinator for the campus;
- Reporting directly to the University Title IX Coordinator;
Retaliation against anyone who makes a report of sexual misconduct is prohibited by University policy.

**Law Enforcement Options**

The University will provide written information to anyone reporting an incident concerning options to involve law enforcement. This includes the option to:

- Notify proper law enforcement authorities, including on-campus authorities and local police;
- Be assisted by campus authorities in notifying law enforcement authorities; and
- Decline to notify such authorities

If you choose to report the incident to the IUPD, an officer will take a statement from you regarding what happened. The officer will ask you to describe the assailant(s) and may ask questions about the scene of the crime, any witnesses, and what happened before and after the incident. If you wish, you may have a support person with you during the interview. IMPORTANT: Reporting an incident to the police is a separate step from choosing to prosecute. When you file a report, you are NOT obligated to continue with legal proceedings or university disciplinary action. YOU can CHOOSE whether or not to participate in proceedings at any point.

There are numerous reasons to report to the IUPD, including:

- Assisting the victim and helping them access necessary resources;
- Taking actions to prevent further victimization, including issuing a crime alert to warn the campus community of an impending threat to safety;
- Apprehending the assailant;
- Collection and preservation of evidence necessary for prosecution;
- Seeking justice for the wrong that has been done to the victim; and
- Having the incident recorded for purposes of reporting statistics about incidents that occurred on campus.

If a crime did not occur on University property, IUPD can still assist in contacting the appropriate law enforcement agency. Reports of dating violence, domestic violence, sexual assault and stalking can be reported to law enforcement using the contact information noted below.

- Indiana University Police Department (IUPD) responds to incidents on campus. They can be contacted by calling 911 from a campus phone, or by calling 317-274-7911 from a non campus phone or coming to the police department, located at Ball Annex, 1232 W. Michigan Street, Indianapolis, IN 46202 in person.
- For incidents occurring off campus, contact the local law enforcement agency who has jurisdiction in the area in which the incident occurred.

**Institutional Options**

The University's institutional disciplinary procedures consist of a prompt, fair and impartial process from the initial investigation to the final result. Investigators and adjudicators, including members of any appeals boards, are trained at least annually on the issues related to domestic violence, dating violence, sexual assault, and stalking and taught how to conduct an investigation and hearing process that protects the safety of the complainant and promotes fairness and accountability. The process ensures:
• The complainant and the respondent each have the opportunity to be advised by an advisor of their choice, at their expense, at any stage of the process and to be accompanied by that advisor at any meeting or hearing. While advisors may be present, they are limited to an advisory role.
• The decision of the hearing panel will be based solely on the information presented at the hearing and will be based upon a preponderance of the evidence standard.
• The complainant and the respondent will be notified simultaneously in writing of the outcome and results of any disciplinary proceedings, as well as any changes to the results before they are final.
• The complainant and the respondent will be notified simultaneously in writing of the University’s procedures for the accused or the victim to appeal the results.

Institutional Reporting Options include:

• IUPUI Office of Student Conduct, 317-274-4431
• Office of Equal Opportunity, 317-274-2306

Filing a Title IX Complaint

Under Title IX of the Education Amendments of 1972, sexual violence is considered a form of sexual discrimination. You may file a Title IX sex discrimination complaint using one of the resources below:
• University Title IX Coordinator: Julie Knost, University Director, Office of Affirmative Action & Equal Opportunity – 812- 855-7559
• Kim Kirkland, Title IX Deputy Coordinator and Director of the Office of Equal Opportunity 317-274-2306

Institutional Disciplinary Procedures

Accused – Student

If an allegation of dating violence, domestic violence, sexual assault or stalking suggests a student is the accused, regardless of where the alleged offense occurred, the victim may request that disciplinary action be initiated within the university.

Appendix B contains the procedures that apply when handling cases that involve dating violence, domestic violence, sexual assault and stalking.

Accused – Employee

If an allegation of dating violence, domestic violence, sexual assault or stalking suggests that an employee or visitor is the accused, regardless of where the alleged offense occurred, the victim may request that disciplinary action be initiated within the university.

Appendix C contains the procedures that apply when handling cases that involve dating violence, domestic violence, sexual assault and stalking.

Sanctions

The university may impose sanctions on the respondent following a final determination of responsibility during university disciplinary procedures. For students, these sanctions can include formal warnings, disciplinary probation, suspension, and up to permanent expulsion. For employees, sanctions may include corrective action, up to and including termination of employment. Dating violence, domestic violence, sexual assault and stalking may be found to be criminal acts, which may also subject the perpetrator to criminal or civil penalties under federal and state laws.

Protective Measures
Students and employees who report being a victim of sexual violence, including dating violence, domestic violence, sexual assault or stalking, may have options for changing academic, living, transportation, and working situations. If reasonably available, the University will make requested accommodations, regardless of whether the victim chooses to report the crime to university police or local law enforcement. The University will maintain as confidential any accommodations or protective measures provided, to the extent maintaining such confidentiality would not impair the ability of the institution to provide accommodations or protective measures.

Confidentiality and Privacy

The University will work with you to protect your privacy by sharing information with only those who need to know. As such, in all cases, the University will share the parties’ information and details of the allegation only with University officials, law enforcement personnel, and other individuals who have a legitimate administrative or legal reason to be so informed.

Only those University employees who are licensed, professional counselors (e.g. mental health counselors) or pastoral counselors working in that capacity are able to maintain your complete confidentiality and are not required to convey any information regarding your situation without your consent. Most other University employees are required to report names and details of any incident of sexual violence that has been brought to their attention to the Title IX Coordinator or designated Deputy Coordinators on their campus for further investigation. Certain specifically identified non-professional student advocates and health center staff do not have to share identifying information unless you provide your consent. However, they are obligated to provide non-identifying information regarding the nature, date, time, and general location of the incident for purposes of compiling aggregate annual crime statistics and assessing the need to alert the university community of potential dangers. You should discuss your desires regarding the sharing of information with any University employee with whom you speak, to ensure you understand their reporting obligations and what information they may be required to share.

Please note that under Indiana law, any person who has a reason to believe a person under the age of 18 is a victim of abuse or neglect, including relationship violence or assault, must make a report to the University Director of Public Safety. This information will be shared with the Indiana Department of Child Protective Services.

Protection Orders

IU will recognize all valid orders of protection, no contact orders, restraining orders, or similar lawful orders. If you have a valid order, please inform the IUPD to place the order on file. If you need to file a Petition for an Order of Protection, you can do so at the Marion County Superior Criminal Court 21. To learn more about protection orders or to get assistance with filing, contact the Indiana Coalition Against Domestic Violence (ICADV) hotline at 1.800.332.7385.

Marion County Superior Criminal Court 21
Basement, Center Tower, Room G-108,
200 East Washington Street,
Indianapolis, IN 46204, 317-327-2490

Student victims may also request changes in university classroom, academic, and/or living arrangements; these requests will be granted when such changes are reasonably available.

The University may also impose a No Contact Order during and following disciplinary proceedings for sexual violence.

XIV. Obtaining Registered Sex Offender Information

Effective January 1, 2003, Zachary's Law requires sheriff's departments to jointly establish and maintain the Indiana Sheriffs’ Sex Offender Registry to provide detailed information about individuals
who register as sex or violent offenders. The purpose of the registry is to inform the general public about the identity, location, and appearance of sex and violent offenders who live, work, or study in Indiana. Under the federal Campus Sex Crimes Prevention Act, any sex offender who is already required to register in any U.S. state must provide notice to any institution of higher education in the state(s) in which that person is employed, carries on a vocation, and/or is a student.

- The Indiana Sex and Violent Offender Registry can be accessed via: [http://www.icrimewatch.net/indiana.php](http://www.icrimewatch.net/indiana.php)
- The National Sex Offender Registry links public state, territorial, and tribal sex offender registries together and can be accessed via: [http://www.nsopr.gov/](http://www.nsopr.gov/)

**XV. Preparation of Disclosure of Crime Statistics**

The IUPD prepares a disclosure of crime statistics and publishes it as part of this Annual Security Report by October 1 each year, adding new statistics for the previous year. Three years worth of statistics are included for certain types of crimes, as defined in the Clery Act, that were reported to have occurred: on campus; in certain noncampus buildings or property owned or controlled by the university; or on public property on or immediately adjacent to the campus. Reported crimes that occur in IU owned or controlled housing that are occupied by students, or in IU owned or controlled student apartments, are reported as occurring in on-campus residential units, a subset of the reported crimes already included in the on-campus category. Reports of crimes and attempted crimes are listed according to the calendar year in which the crime was reported, as required by the Clery Act, as are arrests and referrals for illegal alcohol, drug, and weapons violations.

Statistics are based on IUPD records and those gathered annually by written request from cooperating law enforcement agencies and campus security authorities, including, but not limited to:

- Indianapolis Airport Police Department,
- Beech Grove Police Department,
- Indiana State Capitol Police Department,
- Carmel Police Department,
- Greenwood Police Department,
- Indianapolis Metropolitan Police Department,
- Veterans Affairs Police Department

Although the following sources are not required by law to provide statistics for this report, statistical information, which contains no personal identifying information, is also requested from:

- Counseling and Psychological Services (CAPS): Walker Plaza, Suite 220, 719 Indiana Ave. 317-274-2548

Each year, enrolled students, faculty, and staff are notified via email when the new Annual Security Report is available, which is generally on or before October 1. Prospective students and prospective employees are notified of the report during application processes.

Statistics are reported using the Uniform Crime Reporting (UCR) and other definitions determined in the Clery Act. These definitions are listed in Appendix A.

Appendix B – Student Conduct Procedures

The University strongly encourages individuals to report any acts of domestic violence, dating violence, stalking, sexual harassment and/or sexual violence (collectively referred to as “Sexual Misconduct”) to appropriate officials because it is the only way that action can be taken against an alleged violator of the Code of Student Rights, Responsibilities, and Conduct (“Student Code”), via the student discipline process. Students who experience Sexual Misconduct may also pursue criminal charges with the law enforcement agency with the appropriate jurisdiction in addition to, or instead of, pursuing cases through the University process. Individuals who identify as victims/survivors and are members of the Indiana University community are also encouraged to visit the Student Welfare Initiative website at http://stopsexualviolence.iu.edu for more information on resources and services available on their campus.
1) **Investigation:** When a victim/survivor (hereafter referred to as "complainant") reports an incident of domestic violence, dating violence, stalking, sexual harassment and/or sexual violence, her/his desires regarding the university's pursuit of the matter will be determined. Thereafter, the University will take immediate and appropriate steps to investigate the incident. If the complainant requests confidentiality or asks that the complaint not be pursued, the University will take all reasonable steps to investigate and respond to the complaint consistent with those requests, keeping in mind that the University must weigh such requests against its obligation to provide a safe, non-discriminatory environment for all students, including the complainant.

   a) If the decision is made to proceed, the student allegedly involved in misconduct (hereafter referred to as "respondent") will be:

      i) Notified that the University's student discipline process has been initiated.
      ii) Provided a date by which an appointment must be made to discuss the matter.

   b) Any person believed to have information relevant to an investigation may also be contacted and requested to make an appointment to discuss the matter.

   c) Failure to comply with a request to make and/or keep an appointment relevant to an investigation may result in a disciplinary hold being placed on a student's account and/or the initiation of charges for student conduct failure to comply.

   d) In the case of an employee believed to have information relevant to an investigation, failure to comply with a request to make and/or keep an appointment, or to otherwise cooperate in the University's investigation, shall be brought to the attention of their supervisor and HR, and may possibly result in sanctions against the employee if noncooperation is determined.

   e) Upon completion of the investigation, the University will provide notice of all relevant charges and conduct a judicial conference.

   The investigation and subsequent judicial conference will be concluded within 60 days, absent extraordinary circumstances.

2) **Judicial Conference:** The respondent is required to attend the judicial conference. The complainant has an equal right to attend the judicial conference and participate to the same extent as the respondent, if he or she chooses. If either respondent or complainant is unavailable to participate in person based on significant travel or schedule restrictions, participation by other means may be made available.

   a) **Judicial Conference Hearing Panel**

      i) A hearing panel will be assembled for the judicial conference. The hearing panel is composed of three administrative staff members, who have completed the required training.
      ii) The judicial conference is closed. However, the complainant and respondent may each select one advisor of his/her choice and expense to accompany him/her at any point in the disciplinary process. Advisors are limited to an advisory role and may not speak for students. More information on members of the University community who may be available to serve as an advisor in the student discipline process can be found on the Student Welfare Initiative webpage at http://stopsexualviolence.iu.edu.
      iii) Both parties will be afforded similar and timely access to view any information that will be used at the hearing.

   b) **Procedures for a Judicial Conference**
i) The complainant and respondent will be informed of the facts alleged. The respondent may, but need not, respond to allegations.

ii) Both the complainant and the respondent will have equal opportunity to present oral and/or written evidence.

iii) The judicial conference is recorded. Deliberations by the panel, following the conference, are not recorded.

iv) If, after deliberations the hearing panel determines that the information available in the judicial conference does not support by a preponderance of the evidence (more likely than not) that a violation of the Student Code has occurred, the hearing panel will dismiss the charges and notify both the respondent and the complainant by means of a written notice. The complainant and/or respondent may request an appeal (see section 3a).

v) If, after deliberations, the hearing panel determines that the information available in the judicial conference does support by a preponderance of the evidence (more likely than not) that a violation of the Student Code has occurred, the hearing panel will notify both the respondent and the complainant and will assign a sanction by means of a written notice. The respondent and/or the complainant may request an appeal (see section 3a).

vi) If the respondent fails to appear at the judicial conference, s/he may explain the failure to appear in writing to the University within two business days of the scheduled conference. Written documentation supporting the cause of absence must be included. Within three business days after receiving the respondent’s letter, the University will notify the respondent and the complainant whether the judicial conference may be rescheduled. The judicial conference will be rescheduled only under extraordinary circumstances.

vii) If the respondent fails to appear and such failure is not excused, the respondent’s right to an appeal will be automatically forfeited, and the outcome reached in absentia will go into effect, unless the sanction imposed is or includes expulsion from university housing, suspension from the university, or expulsion from the university.

viii) Possible sanctions for cases in which students are found in violation of the Student Code for acts of domestic violence, dating violence, stalking, sexual harassment and/or sexual violence include, but are not limited to formal warnings, disciplinary probation, suspension, and permanent expulsion.

3) Appeal: The respondent or the complainant may appeal the decision of the hearing panel to the Senior Student Affairs Administrator on the respective campus, or his/her designee. To initiate an appeal, respondent/complainant must send written notice of appeal to the University. The written notice must include the basis for appeal (See Section 3b.).

a) Timing: The notice of appeal must be filed no later than five calendar days after the date of the written decision of the Hearing Panel is sent. If no written request for an appeal is received by the University within the time specified, the request for an appeal will not be reviewed, any sanction(s) proposed by the hearing panel will be imposed, and the action will be final.

b) Basis for Appeal: The Senior Student Affairs Administrator will have the sole discretion in determining whether the basis for appeal has been met and the appeal can move forward. An appeal must be based on one of the following criteria:

i) Significant procedural error that reasonably would have affected the outcome of the student’s case.

ii) The sanction imposed is grossly disproportionate to the violation(s) committed, in light of all relevant aggravating and mitigating factors, and in consideration of applicable university guidelines.
c) Decision and Sanction: If the basis for appeal has been met, the Senior Student Affairs Administrator will review the written appeal and the pertinent part of the judicial conference record only. The Senior Student Affairs Administrator will not consider new evidence or information that is not a part of that record. The Senior Student Affairs Administrator must render a decision within 10 calendar days of receipt of the appeal and may take any of the following actions:

i) Affirm the original decision regarding responsibility.
ii) Affirm the original decision concerning the disciplinary sanction/s to be imposed.
iii) Set aside the original decision regarding responsibility and impose a new decision.
iv) Set aside the original decision regarding responsibility and order that a new judicial conference be held before a new hearing panel.
v) Set aside the original decision concerning the disciplinary sanction/s to be imposed and impose a different sanction or set of sanctions.

d) The Senior Student Affairs Administrator or his/her designee is required to notify the respondent and the complainant, in writing, of his/her decision and will initiate the necessary procedures to effectuate the decision.
e) The decision of the Senior Student Affairs Administrator or his/her designee is final and there will be no further appeals.

4) Notice: To the extent possible, the complainant and the respondent will be provided notice of the outcome of the Judicial Conference, in person, with an accompanying written notice provided. In addition, the parties shall be provided, to the extent possible, simultaneous written notice of the outcome of the disciplinary hearing, the appeals process, and the appeal decision, if applicable. In the event the appeal decision changes the results of the outcome of the disciplinary hearing, notice of such change shall be provided before those results are final, and include an explanation of when those results will become final.

In exceptional cases and upon consultation with the Vice President and General Counsel, the University reserves the right to take prompt action without conduct proceedings.

**Appendix C – Employee Conduct Procedures**

**Note:** University-wide procedures for responding to incidents of sexual misconduct by employees will be developed soon. In the meantime, existing employee misconduct and grievance procedures on IU campuses may be followed, but must include the following components to ensure that all considerations required by state and federal law are given to the complainant and respondent in sexual misconduct cases:

- The University Title IX Coordinator and/or the Deputy Title IX Coordinator(s) for the respective campus, or their designee, will serve as the Investigator.
- The University will use a “preponderance of the evidence” standard (more likely than not) when determining responsibility.
- The investigation should be completed within 60 days, absent any extraordinary circumstances.
- In appropriate cases, the University may offer informal resolution, such as mediation, with the consent of the complainant, however, the complainant must be notified of the right to end the informal process at any time and begin the formal stage of the complaint process. Informal resolution may not be used in cases involving any sexual violence.
- Evidence regarding a party's past sexual behavior or activity will generally be prohibited, except in connection to evidence of past sexual activity between the parties to demonstrate consent or
where the exclusion of such information would adversely affect the integrity or fairness of the judicial conference.

- If the final decision indicates, by a preponderance of the evidence, that the employee is responsible for violating this or any applicable University policy, prompt and equitable corrective measures will be implemented to stop any continuing misconduct, remedy the effects of the misconduct, and prevent its reoccurrence.
- Possible sanctions include, but are not limited to, additional required training, suspension without pay, and termination.
- The University may also take corrective action where no sexual misconduct is found, but the respondent employee is found to have otherwise engaged in inappropriate behavior in the workplace or while engaged in a University activity or program.
- To the extent possible, the reporting party and the responding party will be notified simultaneously of the outcome of the investigation.
- Throughout the process, both the complainant and the respondent must have equal opportunities to present information, have advisors present if applicable, and pursue an appeal, if applicable.
- Appeal procedures may include the review of appropriateness of sanctions, but shall not revisit findings of fact as determined in the investigation. Any University official reviewing an appeal must be trained appropriately.

In cases in which a student is the reporting person and the employee is the responding persons, the University will provide to the student the types of procedural, academic and residential adjustments, and support protections and opportunities described in this policy, to the extent practicable.

CAMPUS CRIME STATISTICS

Introduction
The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act ("Clery Act") is a federal law that requires the distribution of an annual security report to all current faculty, staff, and students and notice of its availability to prospective students, faculty and staff. This annual security report includes statistics for the previous three years concerning specific reported crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by the University, and on public property within or immediately adjacent to, and accessible from, campus. This report also includes information regarding personal safety and general crime prevention; safety and educational programs offered at IPFW; sexual assault risk reduction, prevention, and disciplinary processes; how the University communicates to students, faculty, staff and the larger community about emergency or imminently dangerous situations; emergency preparedness; alcohol and drug policies; and fire safety. A copy of this report is made available to faculty, staff and students in early October of each fall semester and is available for public viewing online. The definitions for crimes in the below statistics come from the FBI Uniform Crime Reporting Handbook.

At IPFW, there were no reportable offenses (murder/non-negligent manslaughter, negligent manslaughter, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, arson, simple assault, intimidation, vandalism, or larceny-theft) in 2011, 2012 or 2013 in which the offense was motivated by the actual or perceived race, gender, religion, sexual orientation, ethnicity, disability, national origin, or gender identity of the victim. Accordingly, the rows for each listed bias were collapsed.
CAMPUS SAFETY

Introduction
The Fort Wayne/IPFW University community offers numerous advantages to students and residents. The community is a great place to live, work, and study. However, it is not immune to the kinds of problems that beset the rest of the nation. Unfortunately, one of these problems—crime—is a reality at IPFW and in Fort Wayne.

The University attempts to provide a safe and secure environment for students, staff, and visitors. However, it is possible to maintain safety and security only when every student, faculty and staff member takes an active part in the effort.

The purpose of this publication is to:
• Provide the IPFW community with an overview of IPFW University Police Department services.
• Inform current and prospective students, staff, and visitors about the University's more than 200 policies and programs designed to help keep them safe.
• Share information regarding emergency preparedness and planning.

No matter how effective the University's programs may be, the primary responsibility for safety and security lies with each of us. No police department or set of procedures can be effective unless individuals exercise reasonable care and prudence. Safety and security is everyone's personal responsibility.

IPFW University Police Department
The University maintains its own professional police agency. State law grants IPFW police officers the same powers of arrest and law enforcement as city and county officers. The IPFW Police Department is staffed by competent law enforcement professionals who use advanced equipment, techniques, and current technology to perform their duties. The department works closely with the Indiana State Police, the FBI, and the police departments of the City of Fort Wayne Police and Allen County and has been approved by the state legislature and Purdue's Board of Trustees to maintain jurisdiction across the entire state of Indiana. The IPFW University Police Department has a memorandum of understanding with the Fort Wayne Police Department for immediate mutual aid assistance. The IPFW Police Department encourages the other agencies to inform it of all reported criminal activity at any site affiliated with the University or with University-recognized organizations on and off campus. In an emergency, police can be summoned via any of the nearly 66 emergency telephones located throughout campus as well as by dialing 911 from any phone. All reports of criminal activity will be handled and investigated in an appropriate and professional manner and forwarded to the local prosecutor.

Besides direct efforts in crime prevention and detection, the IPFW Police Department carries out a number of programs to foster safety and security:

Bike Patrol. The IPFW Police Department’s bike patrol unit consists of 4 officers. Officers can perform nearly all of their duties on bicycles, with the exception of transporting prisoners. The bike patrol is a cost-effective community outreach program that allows officers to interact with people while patrolling the campus.

Public Information. The police department works closely with Marketing and Creative Services, including student publications, to publicize crimes and criminal investigations. Police Daily Activity logs are open to the general public and can be viewed on University Police's homepage at www.ipfw.edu/police under the Crime Statistics link.

Group Presentations. IPFW police officers present safety and security talks to the campus community upon request. Presentations are scheduled regularly to address the special concerns of residence managers, resident assistants, library staff, international students, sororities, fraternities, and other groups.

Bicycle Registration. Students are encouraged to register their bicycles as an aid to recovery in case of theft. Bicycles can be brought to the IPFW Police Department to be registered at no charge.

Property Engraving. Students can bring property, such as calculators, to the IPFW Police Department to be engraved with ID numbers as an aid to recovery in case of theft.

911
You can summon help in an emergency by dialing 911 on any phone in Allen County. Place routine calls to the police and other agencies by using the non-emergency numbers listed in the front cover of this guide.

Emergency Telephone System
These emergency telephones are placed at strategic locations around campus and are equipped with a blue light for easy access. For assistance, push the button, which will connect you to the IPFW Police Department.
Reporting of Criminal Offenses
The IPFW University Police Department encourages anyone who is the victim or witness to any crime to promptly report the crime by calling 911, by calling the non-emergency number at (260) 481-6827, or by going to the IPFW Police department at Support Services Building, 2101 East Coliseum Boulevard, Fort Wayne, IN.

Off-campus reports of crime may be reported by calling 911 or by calling the non-emergency numbers for the following departments:
- Fort Wayne Police Department: (260) 427-1222
- Allen County Sheriff’s Department: (260) 449-3000
- Indiana State Police: (260) 432-8661

Anonymous Reporting. Indiana offers an anonymous crime reporting hotline: WeTip Hotline: 1-800-78-CRIME. Additionally, Purdue has a system-wide (which includes IPFW) anonymous reporting program that is maintained by an external company, managing the intake of information with trained interview specialists who are available 24 hours a day, 7 days a week. After the intake is complete, the report will be provided to designated University personnel for appropriate action. Reports will be handled promptly and discreetly; however, sufficient and detailed information is necessary to conduct a thorough investigation. To utilize the Purdue University Enterprise-Wide Hotline, please call 1-866-818-2620.

IPFW does not have policies that allow for voluntary, confidential reporting of crimes for inclusion in the annual disclosure of crime statistics. Crimes reported to the anonymous hotlines are included in the annual crime statistics and aid in providing timely warning notices to the community, when appropriate and possible.

Pastoral and Professional Counselors
IPFW does not have policies or procedures to encourage pastoral and professional counselors who are exempt from Clery reporting requirements to report aggregate statistical information.

Campus Offices Designated to Receive Crime Reports
While all individuals who have witnessed or been the victim of a crime are encouraged to report crimes to the IPFW Police Department first and foremost, IPFW has designated other specific campus offices that may receive crime reports in addition to the IPFW Police Department:

This publication contains information about on-campus and off-campus resources. That information is made available to provide IPFW University community members with specific information about the resources that are available in the event that they become the victim of a crime. The information about “resources” is not provided to imply that any resources other than the IPFW Police Department or those offices specifically identified in this section are “reporting entities” for the IPFW University Police Department.

Building Security
Physical Plant personnel are responsible for security considerations used in the maintenance of campus facilities. Security-related maintenance issues, such as broken windows, faulty doors and locks, missing screens and discharged fire extinguishers are given first priority by the maintenance personnel.

Most academic buildings must remain unlocked until late at night due to evening classes, student and faculty research projects, and special events. Custodians are instructed to report any suspicious activities to the police department immediately. Building hours are 7 a.m – 11 p.m. and closed on campus holidays.

University housing staff strive to provide safe and secure environments for their residents. The residential facilities are equipped with roughly 560 cameras monitoring residential entrances, hallways, lobbies, elevators, and building exteriors. Housing staff publish guidebooks that explain building access and security policies. The guidebooks are distributed to residents and staff and can be found on the Student Housing Web site. Entrance to most residences is restricted to the people who live and work there by the use of electronic key fobs.

Missing Student Notification Procedures
In the event that a student is missing for more than 24 hours, notify the IPFW University Police Department immediately. If a resident assistant or other University personnel is notified of a missing student, that individual must report the missing student immediately to the IPFW University Police Department. Each student living in on-campus housing has the option to identify a contact person or persons whom the University will notify within 24 hours if the student is determined to be missing by the IPFW University Police Department. Each student will designate their emergency contacts with university housing at the beginning of the school year. The student may also change
and amend their emergency contacts, throughout the year, at the front
desk of their residence hall. This
contact information will be registered
confidentially, will be accessible only
to authorized University officials, and
will not be disclosed, except to law
enforcement personnel in furtherance
of the missing person investigation.

If a student is under 18 years of age
and not emancipated, IPFW must
notify a custodial parent or guardian
within 24 hours of the determination
that the student is missing, in addition
to any additional contact person
designated by the student.

Unless a local law enforcement
agency was the entity that made the
determination that the student was
missing, the University will notify
the local law enforcement agencies
surrounding our main campus within
24 hours of the determination that the
student is missing.

Crisis Intervention Team
There are IPFW police officers
specially trained to safely de-escalate
contacts with emotionally distressed
and mentally ill persons and work
with the mental health system in Allen
County to get help for people in need.
The Crisis Intervention Team (CIT)
is a county-wide effort that involves
the hospitals, counselors, courts,
and law enforcement officers from
various local agencies. All officers
are provided training to help them
recognize when a person’s actions
may be the result of a mental health
issue, and they are encouraged
to involve CIT members to help
bring the situation to a successful
resolution for the person in distress
and the community.

WETIP HOTLINE
1-800-78-CRIME / 1-800-782-7463
24 hours a day. WeTip Hotline is a
way for all citizens to report illegal
activity anonymously.

SEX OFFENDER REGISTRATION
The Campus Sex Crimes
Prevention Act (CSCPA) is a federal
law that provides for the tracking
of convicted sex offenders enrolled at
or employed by institutions of higher
education. The CSCPA's intent is
to extend the protection of the sex
offender registries and Megan’s Law
to college campuses. It also amends
the Clery Act to require institutions
of higher education to issue a statement
advising the campus community
where to obtain law enforcement
agency information provided by a state
concerning registered sex offenders.
The Indiana Sex and Violence
Offender Registry may be checked
online at www.insor.org. Megan's Law

Communication About
Campus Crimes And Safety
IPFW University provides information
about campus security procedures and
practices to students and employees
in a variety of ways and encourages
them to be responsible for the security
of themselves and others. This section
discusses some of the ways in which
campus offices communicate information
about crime on campus.

IPFW Emergency Warning
Notification System: IPFW ALERT
IPFW is a large and complex institution,
and people move about our campus
freely. A key part to IPFW's campus
preparedness is the University
emergency warning notification system
— IPFW ALERT. Despite advances
in communication, there is no way
to reach everyone instantly with a single
message. However, the multi-layered
communication approaches we have
in place will help spread the word on
emergency incidents. We use very
simple concepts to initiate our warning
notification:
• Fire Alarms: immediately evacuate
the building and proceed to your
Emergency Assembly Area
• All-Hazards Outdoor Emergency

Warning Sirens: immediately seek
shelter (“shelter in place”) in a safe
location within the closest building.
This course of action may need to be
taken during a weather event (such
as a tornado), accidental release of
toxic chemicals in the outside air or
a serious civil disturbance such as
gunshots fired.

Go inside to the lowest internal room
and seek additional information by
all means possible. Remain in place
until police, fire, or other emergency
response personnel tell you it is safe
to leave or until such information is
announced through the IPFW ALERT
system.

Additional warning notifications and
follow-up information will use other
layers of the IPFW ALERT. They are:
• Text Messaging: IPFW University
faculty, staff and students may
sign up via the myIPFW website to
receive an emergency notification
text message.

• Social Media: Emergency
information may also be found on
IPFW's facebook page at www.
facebook.com/ipfw.mastodons or
IPFW's twitter account at www.
twitter.com/ipfw.

• Email: An e-mail will be sent to all
people with an ipfw.edu address.

• IPFW home page: www.ipfw.edu
is the focal point of the most complete
information in all campus-related
emergencies.

• Local Media: The University works
with the news media, radio, TV,
newspapers, and Internet, to help
spread the word.

Emergency Response and
Evacuation
The IPFW University Police
Department embraces the National
Incident Management System (NIMS)
and uses Incident Command principles
while responding to major incidents.

IPFW University will, without delay,
and taking into account the safety of
the community, determine the content
of notification by the University’s
emergency warning notification
system, IPFW ALERT, and will
initiate the IPFW ALERT system if a
significant emergency or imminently dangerous situation involving a threat to the health and safety of students, employees or visitors occurs on or near campus, unless in the professional judgment of the responsible authorities the notification will compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. The significant emergency or imminently dangerous situation will normally be confirmed by University Police Department personnel prior to alerting the campus community.

Most significant emergencies or dangerous situations will be reported to the Consolidated Communication Partnership Communications Center, which will dispatch University Police Department personnel to investigate and confirm the emergency. If confirmed, the Chief of University Police or designee starts the notification process by notifying public safety officials. Activation of all or part of the overall warning notification system, including the determination of the appropriate segment or segments of the campus community to receive the notification, will be decided by the Chancellor, Vice Chancellor for Financial Affairs, Chief of University Police, Officer in Charge, or designee. Each incident will be evaluated based on incident specifics and life safety factors; a decision to make an emergency notification will then be made.

The University Chief of Police or Chief Communications Officer will normally direct IPFW ALERT activation. However, the responding incident commander may direct IPFW ALERT activation if immediate life safety issues exist. The initial IPFW ALERT notifications will normally use a pre-formatted message that provides very basic information designed to immediately notify IPFW faculty, staff, and students. More detailed information will be included in subsequent notifications and posted on the IPFW University homepage. IPFW ALERT will normally be tested at the beginning of each academic semester. Tests may be announced or unannounced. In conjunction with the testing, IPFW public safety officials will publicize IPFW’s emergency response procedures, and will document for each test, a description of the exercise, the date, time, and whether it was announced or unannounced. When IPFW ALERT is tested, the University Police Department recommends that the IPFW community should review their emergency response and evacuation procedures as contained in the Emergency Procedures Handbook.

Emergency Warning Notification System Test
During the 2013 calendar year, there were several instances in which IPFW used the Emergency Notification System for real-time notifications (i.e. weather alerts, hazardous situation). From April through November, seven (7) notifications were sent covering all Emergency Notification System layers. These notifications occurred in close proximity to the planned twice-yearly tests, and thus there were no additional announced or unannounced tests conducted in 2013.

Timely Warning Procedures
The IPFW University Police Department will issue timely warnings to notify the campus community of certain crimes reported to Campus Security Authorities or local police agencies and that are considered to represent a serious or continuing threat to our community. Upon receipt of a report of a crime on campus, the University Chief of Police (or designated representative) will determine, on a case-by-case basis, whether to issue a timely warning. Factors considered include, but are not limited to:

- The nature of the crime, including but not limited to whether it was a Clery crime and whether it involved harm to person or property;
- The continuing danger to the campus community, including but not limited to whether the suspect is known or has been apprehended and whether it appears to be a one-time occurrence vs. a pattern of reported crimes; and
- The possible risk of compromising law enforcement efforts. This risk will not prevent IPFW from issuing a timely warning but will impact the content of any issued timely warning.

The purpose of timely warnings is to allow campus community members to protect themselves. Thus, timely warnings will include information that helps promote safety and aids in the prevention of similar crimes, including information about the crime that triggered the warning and steps individuals can take to protect themselves. The name of any crime victim is not included in a timely warning. IPFW does not issue timely warnings with respect to crimes reported solely to a pastoral or professional counselor.

Once a decision has been made to issue a timely warning, the Chief of Police, their designee, or the Chief Communication Officer will create and disseminate timely warnings. Timely warnings are issued to the IPFW campus through a variety of methods, which is determined on a case-by-case basis by the Chief of Police or their designees. Methods of delivery include:

- Text Messaging: IPFW University faculty, staff and students may sign up via the myIPFW website to receive an emergency notification text message.
- Social Media: Emergency information may also be found on IPFW’s facebook page at www.facebook.com/ipfw.mastodons or IPFW’s twitter account at www.twitter.com/ipfw

Policy for Reporting the Annual Disclosure of Crime Statistics

The IPFW Police Department prepares this report to comply with the federal law (the Clery Act). The full text of the Clery Act handbook can be located on the Web at www.ed.gov/admins/lead/safety/handbook-2.pdf. IPFW University’s Annual Security and Fire Safety Report can be accessed on the Web by visiting the IPFW University Police Department’s home page at www.ipfw.edu/police or visiting the direct link at www.ipfw.edu/offices/police/documents/IPFW_Police_Current_Annual.pdf. This report is prepared in cooperation with the local law enforcement agencies surrounding our main campus and alternate sites, IPFW Student Housing on the Waterfield Campus, Office of the Dean of Students, the Office of Student Life, the Center for Women and Returning Adults, Human Resources, and IPFW Athletics, Recreation, and Intramural Sports. Each entity provides updated statistical information.

Campus crime, arrest, and referral statistics include those reported to the IPFW University Police Department, designated campus security authorities (including but not limited to directors, deans, department heads, residence halls disciplinary personnel, athletic coaches), and local law enforcement agencies.

IF YOU HEAR:
The All-Hazards Outdoor Emergency Warning sirens:
• Shelter inside a building in a safe location and seek additional information by all means possible.

A fire alarm:
• Evacuate the building immediately.

Crime Prevention Programs And Security Awareness
The University offers a variety of safety programs and services throughout the year and/or upon request. The focus of these programs and services changes depending on need. Currently, the following are offered:

International Student Orientation Program.
These programs are offered at the beginning of each school year during International Student Orientation. Topics covered are proper utilization of the 911 system and signing up for the campus alerts under my.ipfw.edu.

Personal Safety.
This program is offered as requested and presented by the University Police. Topics that are covered include personal safety tips and theft prevention measures to safeguard personal items.

Student Housing Training.
This program is offered at the beginning of each semester to the RA staff and describes the police department’s role in assisting them with investigations and how they can supplement our efforts. Also included are personal safety tips and theft prevention measures to safeguard personal items.

Publications.
The police department and the Office of the Dean of Students distribute various publications that address problems such as date rape, alcohol abuse, and theft.

Lighting.
The campus is routinely surveyed to ensure that exterior areas are adequately lighted at night. Sidewalks are specifically reviewed to determine whether additional lighting is needed. Trees and shrubs that impair lighting along walks are trimmed as needed.

Escort.
The IPFW University Police department provides escort services for faculty, staff, and students when requested by dialing 260-481-6827.

Office of the Dean of Students (ODOS).
Staff members in this office provide a variety of services to students, including victim assistance, counseling about personal concerns, and information about University resources.

Sexual Assault, Dating Violence, and Domestic Violence, And Stalking
IPFW proactively addresses sexual assault, dating violence, domestic violence, and stalking. These crimes will not be tolerated on campus and are a violation of state law as well as the University’s Anti-Harassment Policy.

Sexual Assault, Dating Violence, Domestic Violence, and Stalking Programs
IPFW offers risk reduction, prevention and awareness programs and campaigns designed to prevent and eliminate sexual assault, dating violence, domestic violence, and stalking.

Primary Prevention Programs - Implemented Fall 2014
A three-module online primary prevention and risk reduction program entitled “Respect Boundaries: Sexual Assault Awareness” is required of all incoming students. New employees are required to complete an in-person module during New Employee Orientation. The components of these programs include:
1. Definitions of sexual assault,
dating violence, domestic violence, and stalking.

2. Dynamics of sexual assault and intimate partner violence, with particular emphasis on college-aged populations.

3. Data concerning sexual assault victimization, including the role of alcohol in sexual assaults and intimate partner violence.

4. Services and resources available to victims/survivors.

5. Strategies for primary prevention.

**Awareness Campaign**
Since 2010, in collaboration with the Fort Wayne Women’s Bureau, the Center for Women and Returning Adults present six to eight sexual assault prevention workshops at various sites around IPFW’s Student Housing complex during the fall semester. Though the workshops are targeted for freshman, who are statistically the most vulnerable to sexual assault, they also draw a significant number of upperclassmen.

In 2012, IPFW received a grant from the Indiana Campus Sexual Assault Primary Prevention Program (INCSAPP) to launch a social marketing program aimed at urging students to understand the meaning of legal consent. The campaign was tested by student focus groups during the spring of 2013 and will continue into the 2014-2015 academic year. This program is offered to University residents and is done in conjunction with the Office of Institutional Equity and The Office of Diversity and Multicultural Programs.

**Ongoing Prevention and Educational Programs**
IPFW offers several ongoing sexual assault risk reduction, prevention and educational programs across campus.
A list of programs follows:

**Rape Aggression Defense (RAD)**
Available at IPFW since 2000, Rape Aggression Defense (RAD) is a women’s self-defense program. This 12-hour comprehensive course equips participants with realistic self-defense tactics and techniques. The IPFW Police Department conducts RAD classes for student and staff groups, organizations, and the general public. The initial focus of RAD is on education and awareness, prevention, risk reduction, and avoidance of assault and rape. The program then progresses to the basics of hands-on defense training. Certified instructors provide a workbook/reference manual and hands-on training. RAD is dedicated to teaching defensive concepts and techniques against various types of assault by utilizing easy, effective, and proven self-defense martial arts tactics. The program provides participants with the knowledge to make an educated decision about resistance.

R.A.D. training is available for $5 per person for faculty, staff, alumni, and student participants and their children and spouses. Non-campus participants are charge $25. RAD is a class for women only. Enrollment priority is given to university students, faculty, and staff, and is handled on a first-come, first-served basis. Classes are typically held 4-6 times a year depending on class size. For additional information, e-mail Lt. W. Kent Notestine at notestiw@ipfw.edu or call 260-481-6827.

**Self-Defense Awareness and Familiarization Exchange (SAFE)**
The Self-Defense Familiarization and Exchange (SAFE) training is a two-and-a-half-hour long program that is an introduction to women’s self-defense. Presented by the designers of RAD, the SAFE program exposes participants to information that may reduce their risk of exposure to violence, and allows them to familiarize themselves with physical skills training. This program serves as a precursor to the full RAD program. Enrollment priority is given to university students, faculty, and staff, and is handled on a first-come, first-served basis. For additional information on the above classes, e-mail Lt. W. Kent Notestine at notestiw@ipfw.edu or call 260-481-6827.

**Student Assistance Program**
Provides sexual assault programming upon request, and tailors the program to the audience requesting the program.
• Offers free and confidential short-term group, individual, and couples counseling to all currently enrolled IPFW students
• Facilitates referrals to community agencies for long-term service needs
• Works with a variety of concerns, including, but not limited to, depression, anxiety, relationship issues, substance abuse, and eating disorders
• Available for consultation and outreach services

**Peer Health Educators** offer IPFW students health and wellness education, awareness, and support that promotes academic success, student retention, positive health attitudes, and health-enhancing behaviors. Topics include overall wellness; Alcohol, Tobacco, and Other Drug education; bystander interventions; sexual assault, dating violence, and dating safety; and Peer Pressure.

**Dean’s Diplomats** focus on areas that include student rights, responsibilities and conduct (which has personnel misconduct such as alcohol, drugs and harassment), academic integrity, conflict resolution, sexual violence and bystander intervention in monthly meetings.

**Campus Escort Service** provides crime prevention lectures and seminars for new staff and students, as well as 24 hour safe walks for students and staff. Phone 260-481-6827

**Athlete Orientation Program** is a program in which all athletes at IPFW attend yearly. This educational program and orientation
reviews the Code of Students Rights and Responsibilities, with specific discussion on alcohol and drug use, as well as sexual assault and harassment.

**New Student Orientation** New students and families attend a program during New Student Orientation that provides an overview of Student Rights and Responsibilities. There are specific discussions on Drugs, Alcohol, the Tobacco Free policy, Harassment and Sexual Violence, as well as bystander interventions. The students are also reintroduced to these topics during the week of welcome. New Students are provided the Student Handbook which delineates the policies regarding all of these topics.

**International Student Training** Incoming international students attend an orientation program whereby information on Harassment and Sexual Violence, Alcohol, and Drug use, as well as being informed about campus resources by the Office of Institutional Equity, the Student Assistance Program, and the Office of the Dean of Students.

**Student Housing Residence Assistance Training** All RA’s receive comprehensive training on the university policies and procedures as they relate to Harassment and Sexual Violence and other violations of the Code of Student Rights and Responsibilities.

**Upward Bound Student Training** Students attend a program done in concert with the Office of Institutional Equity and the Dean of Students, which reviews the definition of sexual harassment and sexual violence. Policies and procedures are discussed along with respective resources.

**Indiana Law** The Indiana Code defines and sets forth prescribed sentences for the crimes associated with sexual assault, relationship violence, and stalking. Indiana law does not define ‘consent’ in reference to sexual activity. The University has adopted a definition of “consent” in its Anti-Harassment Policy, which is available in Appendix C. Appendix G contains relevant Indiana laws that apply to these crimes on Purdue’s campus.

**Procedures for Sexual Assault Victims/Survivors** People who have been sexually assaulted react in many different ways — there is no right or wrong reaction. Listed here are some important things to consider. Even if your assault happened days, weeks, months or years ago, it is never too late — or less important — for you to seek help and start your healing process.

**Reporting an Assault** Reporting a sexual assault is optional but highly encouraged. Victims have a number of different reporting options.

**Law Enforcement.** Victims of sexual assault may report the crime to IPFW Police by calling 911, by calling the non-emergency number at (260) 481-6827, or by going to the department at Support Services Building, 2101 East Coliseum Boulevard, Fort Wayne, IN.

University officials can assist you in notifying law enforcement authorities of an assault if you would like such assistance. For more on what to expect while filing a police report, visit www.purdue.edu/sexual_assault/what-to-do/contacting-police.html.

Off-campus assaults can be reported to the local law enforcement agency with jurisdiction over the location where the assault occurred. Individuals may call 911 or the non-emergency numbers below.

**Allen County Sheriff’s Department** 260-449-3000

**Indiana State Police** 260-432-8661

**Non-Confidential Reporting Options.** Reporting a sexual assault to non-law enforcement personnel at the University is optional but strongly encouraged so that the University may take steps to protect the safety and well-being of all University community members, including an internal University investigation, separate and distinct from the criminal investigation. Matters reported to the below offices will be kept as private as possible, in consideration of the victim’s wishes as well as the need to ensure the safety of all University community members.

**What to Do if You Have Been Sexually Assaulted**

Get to a safe place as soon as you can. If the assailant poses an immediate danger to you or anyone else, alert the police as soon as possible by calling 911.

Once you are safe, contact someone you trust to be with you for support. This could be a friend, family member, a resident assistant or even a specially trained sexual assault advocate.

**Preservation of Evidence.** Try to

11
preserve all physical evidence, such as clothing, even if you don’t know if you want to report the assault or press charges. Evidence may be maintained so that it will be available if you decide to move forward with criminal charges at a later point in time.

• Do not eat, drink, bathe, shower, wash your hands, use the toilet or brush your teeth.

• Don’t change your clothes if possible, but if you need to change, put all of the clothes you were wearing in a bag and bring them with you to your medical exam.

• Take a minute to write down everything you remember about the assault, including a description of the assailant.

Medical Care. You should seek medical care as soon as possible, even if you don’t have any apparent injuries. For more on what to expect during a post-sexual assault exam, visit www.purdue.edu/sexual_assault/what-to-do/medical-care.html.

Emotional Support. Seek emotional support to help sort out your feelings about the assault.

For purposes of the Clery Act disclosures, Campus Security Authorities do not disclose the name of the victim in making their required reports without the express permission of victim. Further, IPFW will keep confidential any remedial or protective measures provided to sexual assault victims to the greatest extent possible that does not otherwise prevent the University from providing such measures.

Campus Disciplinary Procedure (Non-Criminal Process)
Sexual assault is a violation of the University’s Anti-Harassment Policy and will be addressed accordingly.

The University’s disciplinary process begins when an individual (victim or third-party) contacts the Title IX Coordinator or the Office of the Dean of Students to report a sexual assault.

Disciplinary Process Steps. After a sexual assault report is received, a trained University investigator will begin an investigation into the allegations. At the conclusion of the investigation, a report of the investigator’s findings will be prepared.

A meeting of the three-person panel of the Advisory Committee on Equity will be held, and each party will have the option of attending this meeting. The parties will not be asked or
required to be present at the same time during this meeting or at any point in the disciplinary process.

The Dean of Students will determine whether it is more likely than not (preponderance of the evidence standard) that the allegations constitute a violation of the Anti-Harassment Policy. If the Dean of Students concludes there has been a violation of policy, s/he will impose appropriate sanctions for the violation. Both parties will be notified concurrently in writing of the outcome and, if applicable, any sanctions. Each party has the right to have a support person throughout the disciplinary process. While a support person may be an attorney, a support person may not stand in place of either party, act as legal counsel for a party, or otherwise participate in the disciplinary process.

Each party will have the right to submit a written appeal to the Vice President for Ethics and Compliance. The decision of the Vice President for Ethics and Compliance will be the University’s final action on the matter.

Possible Sanctions. Sanctions for violations of the Anti-Harassment Policy include the following:

- Expulsion
- Suspension
- Exclusion from certain locations on campus
- Exclusion from certain campus activities
- Probation
- Probated Suspension
- No Contact Directives
- Educational Sanctions
- Community Service

University faculty and staff who participate in the disciplinary process, including investigators, adjudicators, advisory committee members, receive annual training on issues related to relationship violence, sexual assault, and stalking, as well as how to conduct a hearing process that is fair, thorough and equitable.

Written Notifications

IPFW provides written notification to all students and employees of existing services available for victims, both within the institution and within the Greater Fort Wayne community. IPFW also provides written notification to all sexual assault victims about options for (and assistance with) changing academic, living, transportation, and working situations. Such accommodations will be provided upon request, provided that they are reasonably available, regardless of whether the victim chooses to report the crime to campus local law enforcement. Written information about the rights, options, and services available to victims of sexual assault, domestic violence, dating, violence, or stalking (described above), is provided to all individuals who report such an instance.

**Alcohol And Other Drug Information**

**Alcoholic Beverages**

Use, possession, or distribution of alcoholic beverages is strictly regulated.

State law prohibits consumption or possession of alcoholic beverages by persons younger than 21 years old. The law also prohibits persons 21 or older from providing alcoholic beverages to minors. A person misrepresenting his or her age to obtain alcoholic beverages is in violation of the law.

With a few exceptions, such as pre-approved events in the John and Ruth Rhinehart Music Center, Walb Student Union, Williams Theatre, the Alumni Center, or the SCAN Garden, possession of alcoholic beverages on the IPFW campus is prohibited. Violators of alcohol policies are subject to the provisions of applicable state and federal laws as well as University disciplinary actions.

IPFW’s alcohol policy is published and distributed annually to students and employees. Purdue’s Alcohol and Drug-Free Campus and Workplace Policy (Executive Memorandum No. C-44) is available at Appendix F.

Assistance for both students and employees is available through University counseling programs. Personal counseling and referral are provided for students and their spouses through IPFW/Parkview Student Assistance Program (SAP) and for staff through the Employee Assistance Program (EAP).

**Illegal Drugs**

Indiana state law and University regulations prohibit the use, possession, or distribution of controlled substances without a valid prescription. Violators of drug policies are subject to the provisions of applicable state and federal laws as well as University disciplinary actions. IPFW Student Housing on the Waterfield Campus maintains a “no tolerance” drug policy.

IPFW’s drug policy is published and distributed annually to students and employees. Purdue’s Alcohol and
Drug-Free Campus and Workplace Policy (Executive Memorandum No. C-44) is available at Appendix F.

Assistance for both students and employees is available through University counseling programs. Drug abuse counseling is provided by the Employee Assistance Program (EAP). Personal counseling and referral are provided for students and their spouses through IPFW/Parkview Student Assistance Program (SAP).

### Educational Programming
The University currently offers the following Alcohol and Drug educational programming:

**AlcoholEdu:** A program that is assigned to alcohol violation offenders.

**Athlete Orientation Program** – All athletes at IPFW attend a yearly educational program and orientation that reviews the Code of Students Rights and Responsibilities, with specific discussion on alcohol and drug use, as well as sexual assault and harassment.

**Student organization officers and advisors** attend a mandatory orientation each where alcohol issues and policies are addressed.

**Athletic Training:** IPFW Athletics annually presents videos on banned substances and where they might appear. A list of banned substances and IPFW Athletics policies are also discussed.

**Alcohol Awareness Program:** This educational program is presented to resident assistants at the beginning of the fall semester by University Police. The program includes a presentation regarding the dangers of alcohol consumption.

**Drug Recognition and Identification:** This program is presented to resident assistants at the beginning of the fall semester by University Police. It provides education on a wide variety of drug related topics. Information on how to identify an individual under the intoxicating effects of drugs as well as how to identify specific drugs themselves is provided.

**Mastodons HERDS: Helping to Educate and Respond to Drinking Situations:** This is a program which allows active bystanders to report emergency situations that arise from unsafe alcohol or drug misuse. To induce this behavior, as a practice IPFW will waive charging a student with a violation of the Student Rights, Responsibilities, and Conduct if the reporting student calls for emergency assistance (911), stays with the student who is having a potential emergency situation, and complies with emergency officials by being forthright in providing information. This practice will parallel and support the Indiana Lifeline law (indianalifeline.org).

**Student Assistance Program:** This program offers alcohol education programming and counseling upon request. This program offers alcohol education programming and counseling done in conjunction with the Center for Healthy Living and the Office of the Dean of Students upon request. Screenings and assessments are offered for students and highlighted during Suicide Prevention Week, Mental Health Awareness Week, the Health Fair, and Drug and Alcohol Awareness Week.

**International Student Education:** The Office of the Dean of Students speaks with international students about the alcohol and drug policies at the start of both fall and spring semesters. The Office of the Dean of Students, The Office of Institutional Equity, and the Student Assistance Program speaks with international students about the alcohol and drug policies at the start of both fall and spring semesters.

**TIPS:** When requested, this training program is offered to all groups that host events where alcohol will be served.

**Resident Assistant Training:** Resident assistants are trained on policies and warning signs in August. The resident assistants conduct training programs for their residents.

**Emergency Procedures Handbook**
The handbook provides basic “how to” information to help the campus community respond to emergencies. While it is impossible to produce a document that is all-inclusive, this publication addresses the most common emergencies and those that are most likely to occur in the future. The Handbook is available at www.ipfw.edu/dotAsset/240512.pdf

**Annual Emergency Response and Evacuation Procedures**
Tests
IPFW University tested its emergency preparedness by conducting a tabletop exercise. The exercise was announced.

- Active Shooter Tabletop Exercise: October 2013
  The tabletop exercise provided information on the roles and responsibilities of university administration and how to respond to an active shooter situation.

Tornadoes
A tornado watch is issued when conditions are favorable for tornado formation. A tornado warning is issued when a tornado has been detected and may be approaching. In this locality, a continuous siren signal lasting approximately three minutes signifies a tornado warning. Tornado warnings are broadcast by the All-Hazards Outdoor Emergency Warning sirens, NOAA weather radios, and by local commercial radio and television stations. When you hear a tornado warning, you should take shelter immediately in the nearest facility (preferably in a reinforced concrete building — like most buildings on campus) and proceed to the lowest level of the building away from windows and doors. If possible, avoid auditoriums, gymnasiums, and other areas with wide-span roofs. Be prepared to kneel and cover your head. If you are in a building with no basement, get under heavy furniture near the center of the facility. Do not remain in a trailer or mobile home. If you are outdoors, lie flat in the nearest depression, ditch, or ravine. Remain in the sheltered area until the all-clear signal is given via radio or television or the expiration of the original tornado warning.

Fire Safety Report
The Higher Education Opportunity Act (Public Law 110-315) became law in August 2008. It requires all United States academic institutions that maintain on-campus housing facilities to produce an annual fire safety report outlining fire safety practices, standards, and all fire-related on-campus statistics.

The following public disclosure report details all information required by this law as it relates to IPFW University Campus.

- General Statement
  At IPFW University, all residence halls are protected with integrated fire sprinkler systems and redundant fire alarm monitoring systems which are monitored 24 hours/day, seven days/week.

- Fire Safety Improvements and Upgrades
  The Campus Safety Office reviews the fire systems in all residence halls and will make upgrades, repairs or revisions when problems are identified. There are currently no further fire safety improvement projects.

- Residence Hall Fire Drills
  Fire drills are held once a semester, fall and spring, for each residence hall. Fire drills are mandatory supervised evacuations of a building for a fire. The fire drill is scheduled with the Student Housing Director, the university police department, and the individual residence hall staff. Supervised fire drills are scheduled at a time that is conducive to demonstrate the effectiveness of the drill. A total of 1 fire drill was held during 2013.

  Evacuation route maps are posted in each resident room showing the closest egress route and the assembly area outside. Students who fail to leave the building during a fire drill are counseled and the incident is turned over to the Student Housing Director for adjudication.

  False reporting of an emergency is unlawful. We prohibit unauthorized use of or tampering with emergency or safety equipment. Interference with and/or non-adherence to emergency evacuation procedures is unlawful. Blocking open any fire door, locked door, or passing through any door where security alarms are set is prohibited. Tampering with emergency equipment and/or safety equipment can result in university disciplinary sanctions and or arrest. Always keep hallways and stairwell smoke doors closed. Do not reenter the building until you hear an all-clear signal.

  When a fire alarm sounds, you must:
  - Close room windows.
  - Leave room lights on.
  - Close room doors.
  - Walk calmly to the nearest exit and continue outside and away from the building.

  Do not use the elevators during a fire or a fire drill. YOU MUST EVACUATE THE BUILDING WHENEVER THE FIRE ALARM IS SOUNDED. General rules for campus and student housing evacuations are:
  - Wear shoes and a coat.
  - Walk calmly when exiting the building.
  - Remember to exit the building using the closest exit or exit stairway. Never use an elevator when evacuating a burning building.
  - Remember others will be using the same exit, so remain calm and orderly and move away from the doorway.
  - Remain at your assigned place outside the building until you are given the signal to return.
  - If you see a fire or smoke, pull the nearest alarm and notify someone on staff, then evacuate. Students reporting a fire should call 911 after exiting the building.

Fire Life Safety Education
The university residence policy on evacuation from residence halls is discussed with all residents when they move into the residence hall and are located in the Student Housing Dean’s Office.
Some common violations are as follows:

- Extension cords and multi-tap electric units without a breaker
- Items stored closer than 18 inches from a sprinkler head
- Blocking of electrical panels
- Blocking of egress (exit) pathways
- Evidence of burning of candles, incense, or tobacco products
- Evidence of cooking; or cooking appliances, even if unused
- Evidence of a heavy load of combustibles in a room, on the walls, or ceiling
- Covering a door with paper or other combustible material
- Use of electrical wiring, devices, appliances which are modified or damaged
- Use of portable heater
- Tampering with smoke detector, including removing the battery
- Use of halogen lamp/lighting
- Unsafe lofting or raising of beds — including beds with no guardrails
- Strings of lights, twinkle lights, holiday lights
- Any other situation deemed unsafe by the staff inspector

**Fire Safety System** - Any mechanism or system related to the detection of a fire, the warning resulting from a fire, or the control of a fire including: Sprinkler or other fire extinguishing systems, Fire detection devices, standalone smoke alarms, devices that alert one to the presence of a fire, such as horns, bells, or strobe lights, smoke-control and reduction mechanisms, and Fire doors and walls that reduce the spread of a fire.

**Value of Property Damage** - The estimated value of the loss of the structure and contents, in terms of the cost of replacement in like kind and quantity, including: contents damaged by fire, related damages caused by smoke, water, and overhaul, however it does not include indirect loss, such as business interruption.

**Fire Log**
A Fire Log kept at the IPFW University Police Department is open to the public during normal business hours. The Log reflects any fire that occurred in an on-campus student housing facility and includes information such as the nature, date, time and general location of each fire for the most recent 60-day period. The Fire Log entry, or an addition to an entry, shall be made within two business days of the receipt of information. Any portion of the log older than 60 days will be made available within two business days of a request for public inspection.

Procedures for Resolving Complaints of Discrimination and Harassment
Revised July 1, 2014

I. INTRODUCTION
Purdue University is committed to maintaining an environment that recognizes the inherent worth and dignity of every person, fosters tolerance, sensitivity, understanding and mutual respect, and encourages its members to strive to reach their potential. Harassment in the workplace or the educational environment is unacceptable and will not be tolerated.

These Procedures outline the resolution processes that will be used to investigate and/or resolve a report of harassment and/or discrimination under the Purdue University Anti-Harassment Policy (III.C.1) and Equal Opportunity, Equal Access and Affirmative Action Policy (III.C.2) (“Policies”). These Procedures apply to Title IX matters, including Relationship Violence, Sexual Exploitation, Sexual Harassment, Sexual Violence, and Stalking, in addition to all other forms of prohibited discrimination and harassment.

These Procedures apply to faculty, staff, students, and any persons conducting business with or visiting the University. Any individual or group of individuals found to have violated the Policies will be subject to disciplinary and/or remedial action, up to and including termination of employment or
expulsion from the University. Any employee, student, campus visitor or person participating in a University activity, whether on or off campus, who has experienced or witnessed discrimination and/or harassment is encouraged to report the incident(s) promptly. Prompt reporting of complaints is vital to the University’s ability to resolve the matter.

The University’s reporting protocols for Title IX matters, including provisions for confidential resources, contacts for reporting, advocacy and support are set forth in the University’s Anti-Harassment Policy and the Standards for Addressing Title IX Matters (“Title IX Standards”). Once the University has received a report of harassment and/or discrimination, the University will take any and all necessary and immediate steps to protect the Complainant. Such actions may include taking interim steps before the determination of the final outcome of an investigation.

There are both informal and formal processes for resolving complaints of discrimination and harassment. A Complainant may elect to invoke either the informal or formal resolution process. If the Complainant finds that initial informal efforts are unsatisfactory, the Complainant may then seek formal resolution. The University may initiate an investigation of circumstances that may involve discrimination and/or harassment even where no complaint, formal or informal, has been filed. In such situations, the University may elect to investigate and, if warranted, impose disciplinary sanctions pursuant to these or other established University procedures. In matters involving alleged criminal conduct, the Complainant may notify, or decline to notify, local law enforcement at any time. The University may also make an independent determination to notify law enforcement and/or other authorities based on the nature of the complaint.

### II. SCOPE

These Procedures apply to all complaints of discrimination and/or harassment, whether the parties are students, recognized student organizations, employees, campus visitors or persons participating in a University activity. Employees who are students involved in activities subject to these Procedures may be treated as students, as employees, or both at the sole option of the University. These Procedures govern conduct that occurs on and/or off campus or that impacts the educational or work experience of a member of the Purdue community. In particular, off-campus conduct is subject to these procedures if 1) the conduct occurred in the context of an education program or activity of the University; 2) the conduct has or had continuing adverse effects on campus or in an off-campus education program or activity; or 3) the Respondent is a student.

### III. RESOURCES FOR RESOLVING COMPLAINTS OF DISCRIMINATION AND HARASSMENT

Inquiries and complaints about discrimination and/or harassment may be brought to a Contact Person or the Vice President for Ethics and Compliance. The management of all complaints of discrimination and/or harassment, regardless of where they are initially received, and the implementation of these Procedures is the responsibility of the Vice President for Ethics and Compliance. Any question of interpretation regarding these Procedures shall be referred to the Vice President for Ethics and Compliance for final determination.

Information regarding the Title IX Coordinator for each campus is available in the Anti-Harassment Policy and the Title IX Standards.

**Informal Complaint**
A complaint made pursuant to Section VI of these Procedures.

**Informal Resolution Process**
The process for resolving complaints of discrimination and/or harassment set forth in Section VI of these Procedures. The Informal Resolution Process is designed to empower the parties to an Informal Complaint to reach a mutually satisfactory agreement.
Procedures
The procedures set forth in this document.

Regulations Governing Student Conduct
The rules and procedures that govern student conduct and disciplinary action as set forth by each campus.

Respondent(s)
The person or persons whose conduct is the subject of concern under these Procedures.

University
Any campus, unit, program, association or entity of Purdue University, including but not limited to Indiana University-Purdue University Fort Wayne, Purdue University Calumet, Purdue University North Central, Purdue University West Lafayette, Purdue Cooperative Extension Service and Purdue University College of Technology Statewide.

University-Initiated Investigation
An investigation initiated by the University in the absence of a formal complaint submitted by a Complainant. In a University-Initiated Investigation, a Respondent will be provided with written notice of the allegations forming the basis of the University-Initiated Investigations, and Section VII of these Procedures will govern such investigations to the greatest extent practicable.

University Investigator
A person appointed by the Director, Chancellor, or Dean of Students to investigate a Formal Complaint pursuant to Section VII of these Procedures.

V. GENERAL PROVISIONS
A. Privacy and Confidentiality
To protect both the Complainant and the Respondent, every effort will be made to protect the privacy interests of the persons involved in a manner consistent with the need for a thorough review of a report or Complaint.

If the Complainant requests that his or her name or other identifiable information not be shared with the Respondent, or requests that the University take no formal action in response to a report, the Vice President for Ethics and Compliance shall evaluate such request and notify such individual of the University’s response to such request. The University will honor the Complainant’s request to the extent possible based on a careful balancing of such requests with any legal reporting requirements, the risk of harm to any individual and the University’s duty to maintain a safe and non-discriminatory environment for all.

If the University honors the request for confidentiality, the University’s ability to meaningfully investigate the incident and pursue disciplinary action against a Respondent may be limited. Complainants are advised, however, that the University may be obligated to move forward with a University-Initiated Investigation and potential disciplinary action if there is an individual or public safety concern and sufficient independent information exists to establish that the Anti-Harassment Policy has been violated.

The Vice President for Ethics and Compliance will assess such requests by examining the seriousness of the reported conduct, whether the reported misconduct was perpetrated with a weapon, the respective ages and roles of the Complainant and Respondent, whether there have been other reports of harassment or discrimination by the Respondent, whether the University possess other means to obtain relevant evidence, whether the report reveals a pattern of perpetration at a given location or by a particular group, and the rights of the Respondent to receive notice and relevant information before disciplinary action is initiated.

B. Interim Measures
Upon receipt of a complaint, the University will take interim measures to address concerns regarding safety and well-being. If necessary, the University will assist the Complainant in making reasonable efforts to avoid contact with the Respondent(s). Interim measures may include no contact directives, changes in class or work schedules, changes in University-owned living arrangements, interim suspension, University-imposed leave, or any other measures that the University deems appropriate. Interim measures are available under both Informal and Formal Resolution Processes, although the ability to impose certain protective measures against a Respondent may require that the report be resolved through the Formal Resolution Process.

C. Advisor or Support Person
Both a Complainant and a Respondent are entitled to an advisor or support person of their choice, and the advisor or support person may accompany the party to any meeting or proceeding under these Procedures. A Complainant may have an advisor or support person present when reporting discrimination and/or harassment or at any point in these Procedures. A Respondent may also have an advisor or support person present if and when the Respondent becomes a party to an Informal Resolution Process or a Formal Resolution Process. An advisor or support person may be an attorney, but an advisor or support person may not stand in place of either the Complainant or the Respondent, act as legal counsel for a party or otherwise participate in the Informal Resolution Process or the Formal Resolution Process.

D. Time Frames
The University encourages prompt reporting. Persons who have experienced or witnessed discrimination or harassment are encouraged to report the incident to a Contact Person as soon as possible. Complaints must be filed with a Contact Person within 120 days of the incident of discrimination or harassment or, where the discrimination or harassment is of an ongoing nature, within 120 days from the most recent incident. To file an Informal or Formal Complaint, a Complainant must complete a Complaint Information Form online, in person, or via electronic mail. The 120-day deadline to file a complaint does not apply to University-Initiated Investigations. When extenuating circumstances
warrant, a Chancellor, Dean of Students or the Director, as the case may be, has the authority and discretion to extend any of the time limits contained in these Procedures for good cause except those relating to the filing of complaints or the filing of appeals. In general, a Complainant and Respondent can expect that the process will proceed according to the time frames provided in these Procedures. In the event that the investigation and resolution exceed this time frame, the University will notify all parties of the reason(s) for the delay and the expected adjustment in time frames. Best efforts will be made to complete the process in a timely manner by balancing principles of thoroughness, due process and fundamental fairness with promptness. Notwithstanding the foregoing, a Complaint relating to alleged discrimination or harassment occurring during a Complainant’s employment by the University must be properly filed within 10 days following termination of the Complainant’s employment with the University. Notwithstanding any provision contained in these Procedures to the contrary and in accordance with the Equal Opportunity, Equal Access and Affirmative Action Policy (III.C.2), a complaint alleging discrimination on the basis of marital status, parental status, sexual orientation, gender identity or gender expression will be barred unless a formal complaint is filed in accordance with these Procedures within 120 days of the alleged occurrence.

E. Expectations Regarding Participation by the Parties
All employees and students have an obligation to cooperate in the conduct of these Procedures. Failure to do so may result in disciplinary action. In the event that a Complainant chooses not to participate in an interview or declines to provide information requested by the University Investigator, the Chancellor, Dean of Students or Director may dismiss the Complaint. The Chancellor,

Dean of Students or Director shall provide written notice of such dismissal to the Complainant(s) and the Respondent(s). In the event that a Respondent chooses not to participate in an interview or declines to provide information requested by the University Investigator, the University Investigator may conclude that such information or interview, if provided or conducted, would be adverse to the Respondent. Where the Complaint or the circumstances involve potential criminal conduct, however, a party may choose to remain silent during the process, and such silence will not be held as an admission or considered to be adverse to the party. Any person who knowingly makes a false statement in connection with the resolution of a Complaint under these Procedures may be subject to appropriate discipline. Making a good faith report of discrimination or harassment that is not later substantiated is not considered a false statement.

F. Special Circumstances in the Event of Conflict of Interests
In the event that a complaint concerns the conduct of the Director, the Vice President for Ethics and Compliance shall designate an individual who shall be responsible for implementing the responsibilities of the Director pursuant to these Procedures. In the event that a complaint concerns the conduct of the Vice President for Ethics and Compliance or a Chancellor, the President shall designate an individual who shall be responsible for implementing the responsibilities of the Vice President for Ethics and Compliance or such Chancellor pursuant to these Procedures. In the event that a complaint concerns the President, the Chairman of the Board of Trustees shall be responsible for implementing the responsibilities of the President pursuant to these Procedures.

G. Coordination with Law Enforcement
A Complainant may seek recourse under these Procedures and/or pursue criminal action. Neither law enforcement’s determination whether or not to prosecute a Respondent, nor the outcome of any criminal prosecution, is determinative of whether a violation of University policy has occurred. Proceedings under this policy may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus. At the request of law enforcement, the University may agree to defer its fact gathering for a brief period during the evidence gathering stage of a criminal investigation. The University will nevertheless communicate with the Complainant regarding support, options for resolution and the implementation of interim measures to address concerns regarding safety and well-being. The University may also take immediate and prompt steps that it deems necessary to protect the University community. The University will promptly resume its fact gathering as soon as it is informed that law enforcement has completed its initial investigation.

VI. INFORMAL RESOLUTION PROCESS
To file an Informal Complaint, a Complainant must complete the Complaint Information Form online, in person, or via electronic mail. The Complaint Information Form must be submitted to a Contact Person within 120 days of the incident of discrimination or harassment or, where the discrimination or harassment is of an ongoing nature, within 120 days from the most recent incident. The Contact Person can provide assistance in completing the Complaint Information Form. Participation in the Informal Resolution Process is voluntary, and a Complainant may ask to conclude the process at any time. Contact Persons will take steps to ensure the privacy of the Complainant and Respondent during the Informal Resolution Process to the extent maintenance of privacy does not interfere with the University’s obligation to address allegations of discrimination and/or harassment.

A. Processing of Informal
Complaints
A Contact Person who has received a signed Complaint Information Form must forward a copy of the Form to the Office of the Vice President for Ethics and Compliance or, in the event that the matter involves persons from a Regional Campus, the Chancellor, within three days of its receipt.

In consultation with the Chancellor, Director or Dean of Students, as the case may be, the Contact Person may take appropriate steps to resolve the Informal Complaint or refer the matter for resolution to another Contact Person. Possible resolutions by agreement of the parties may include, but are not limited to: an apology to the Complainant, assisting the Respondent to better understand the effects of his or her conduct and ways in which this behavior could be changed, participation in educational programs about equal opportunity or harassment, verbal or written reprimands, or other interventions or actions aimed at ending the discrimination or harassment, preventing its recurrence and addressing its effects. Mediation may not be used, even with the agreement of the parties, in Complaints involving Sexual Violence or Relationship Violence. Similarly, a Complainant will not be required to resolve the matter directly with the Respondent. Prior to completing the Informal Resolution Process, and/or upon the Complainant’s request, a Chancellor, the Dean of Students or the Director may determine that no purpose is served by pursuing the Informal Resolution Process and may refer the Complaint to the Formal Resolution Process.

B. Conclusion of the Informal Resolution Process
The Informal Resolution Process is designed to empower the parties to an Informal Complaint to reach a mutually satisfactory agreement. The Informal Resolution Process will be concluded by one of the following: (1) a decision to stop further action on the Informal Complaint, (2) a resolution of the Informal Complaint by agreement of the parties or (3) initiation of the Formal Resolution Process.

Formal Resolution Process.
The Contact Person will attempt to conclude the Informal Resolution Process within 30 days. Within 10 days following conclusion of the Informal Resolution Process, the Contact Person must complete and submit a Status Report Form. A copy of the Status Report Form is to be submitted to the Vice President for Ethics and Compliance or Chancellor.

VII. FORMAL RESOLUTION PROCESS
A Formal Complaint may be filed as the first course of action or following an Informal Complaint if there is no mutually acceptable resolution during the Informal Resolution Process.

The University may also initiate an Investigation in the absence of a Formal Complaint by a Complainant. To file a Formal Complaint, a Complainant must complete the Complaint Information Form online, in person, or via electronic mail. The Complaint must be dated by the Complainant and describe the alleged incident(s) with the relevant date(s), name(s) of the Respondent(s) and name(s) of witness(es). The Contact Person can provide assistance in completing the Complaint Information Form.

Formal Complaints or University-Initiated Investigations in which a student or recognized student organization is named as a Respondent will be adjudicated by the Dean of Students for each campus in accordance with Sections VI and VII of these Procedures.

Formal Complaints or University-Initiated Investigations against employees, including faculty and staff, will be adjudicated by the appropriate Chancellor (or designee) or the Director pursuant to Sections VI and VII of these Procedures.

A. Notification of Formal Complaint and Response
Within 10 days of receipt of a Formal Complaint, the Chancellor, Dean of Students or Director will assign a University Investigator to investigate the Formal Complaint. Persons eligible to serve as University Investigators shall be designated by the Vice President for Ethics and Compliance. The University Investigator must have sufficient training and/or experience to conduct a thorough and impartial investigation.

The Chancellor, Dean of Students or Director will provide prompt notification, including a copy of the Formal Complaint or notice of allegations, to the Respondent(s), to the department head or supervisor and to the appropriate Vice President, Dean or head of other major unit. The Formal Complaint or notice of allegations will be delivered through certified or express mail, electronic mail or hand delivery. In the event the Respondent is a student or recognized student organization, the Dean of Students is the appropriate Dean. The notification to the Respondent(s) will include a copy of the Formal Complaint, or, in University-Initiated Investigations, a statement of allegations, and a copy of or link to any relevant University policy and these Procedures.

The Respondent(s) will be requested to respond in writing to the Formal Complaint within a reasonable time, not to exceed 10 days from the date of certified or express mailing, electronic mailing or hand delivery of the notification of the Formal Complaint. Any extension of time must be approved by the Chancellor, Dean of Students or Director. A copy of the Respondent(s)’ response will be provided to the Complainant.

B. University-Initiated Investigation
In a University-Initiated Investigation, a Respondent will be provided with written notice of the allegations forming the basis of the University-Initiated Investigation, and Section VI of these Procedures will govern such investigation to the greatest extent practicable.

A complainant who may have been subject to discrimination or harassment that forms the basis of a University-Initiated Investigation shall (1) be provided with written notice that the University has commenced a University-Initiated Investigation; (2) upon request,
be afforded an opportunity to meet with the Chancellor, Dean of Students or Director and the panel in connection with the University-Initiated Investigation; (3) be provided with written notice of the determination of whether a violation of University policy occurred and any sanction or remedial measures imposed in connection with the violation; and (4) be afforded the right to appeal such determination, sanctions or remedial measures in accordance with Section XI.

C. Investigation of Formal Complaints
As soon as practicable following appointment, the University Investigator will interview the Complainant. Within three days following the completion of his or her interview with the Complainant, the University Investigator will notify the Chancellor, Dean of Students or Director in writing as to whether or not the allegations set forth in the Complaint, if substantiated, would constitute a violation of University policy. If the University Investigator’s notification indicates that such allegations, if substantiated, would not constitute a violation of University policy, the Chancellor, Dean of Students or Director may dismiss the Complaint, and that decision shall be final. The Chancellor, Dean of Students or Director shall provide the Complainant and Respondent(s) with written notice of such dismissal.

In the event that the University Investigator’s notification indicates that the allegations set forth in the Complaint, if substantiated, would constitute a violation of University policy, or if the Chancellor, Dean of Students or Director determines that the matter should be investigated, the University Investigator will conduct a thorough fact-finding investigation and will meet separately with both the Complainant and the Respondent(s), interview pertinent witnesses and review relevant documents regarding the Formal Complaint. The University Investigator may consider all relevant information, including evidence of pattern or prior misconduct by the Respondent, credibility of the parties and witnesses, and in very limited circumstances, the prior sexual history of the Complainant with the Respondent. Both parties will be provided the opportunity to provide information and names of witnesses to the University Investigator.

The investigation shall be completed within 30 days following the assignment of the Formal Complaint to the University Investigator, unless an extension of time is approved by the Chancellor, Dean of Students or Director. Within seven days following the conclusion of the investigation, the University Investigator will prepare and deliver a report to the Chancellor, Dean of Students or Director. The report will include a finding based upon a preponderance of the evidence that (1) the allegations cannot be substantiated, (2) some or all of the allegations are substantiated or (3) the Formal Complaint was knowingly false or malicious. No violation of University policy will be presumed unless a preponderance of the evidence standard supports the finding of a violation. This preponderance of the evidence standard requires that the facts and information supporting each finding are more convincing than the facts and information offered in opposition to such finding. The report will include the basis upon which the University Investigator reached his or her conclusions.

The report will also include the University Investigator’s determination of whether a violation of any University policy has occurred and a recommendation of the sanctions to be imposed, if any.

D. Determination
Within 15 days of receipt of the University Investigator’s report, the Chancellor, Dean of Students or Director will convene a meeting with and seek advice from a three-member panel selected by the Chancellor, Dean of Students or Director from the Advisory Committee on Equity consisting of at least one participant who is a member of the faculty and one participant who is not a member of the faculty. At least two members of the panel shall be representatives of the campus from which the Formal Complaint originated.

Prior to the meeting, members of the panel shall be furnished with a copy of the University Investigator’s report and copies of any Complaint or response of the parties. At the meeting, the panel will be afforded the opportunity to ask questions of the University Investigator. Upon request, the Complainant and the Respondent will be afforded an opportunity to meet with the Chancellor, Dean of Students or Director and the panel.

Within 10 days following the meeting with the panel from the Advisory Committee on Equity, the Chancellor, Dean of Students or Director shall make a written determination whether a violation of University policy has occurred. In the event the charge of discrimination and/or harassment is not substantiated following the written determination of the Chancellor, Dean of Students or Director, reasonable efforts may be taken to restore the Respondent(s) to their prior status.

VIII. SANCTIONS AND REMEDIAL MEASURES

At the West Lafayette campus, sanctions will be determined by the appropriate Vice President or Dean and the Director. In the event of a disagreement between the Director and the designated Vice President or Dean, the Director will refer the disagreement to the Provost for resolution. In the case of a student or recognized student organization, sanctions will be determined and imposed by the Dean of Students. At the Calumet, Fort Wayne and North Central campuses, sanctions will be determined and imposed by the Chancellor (or designee), except that sanctions for students and recognized student organizations will be determined and imposed by the Dean of Students.

The Chancellor, Dean of Students or Director will send the Complainant and the Respondent the written determination and final outcome of the matter, including sanctions, if any, by certified or express mail,
that can be tailored to the needs of the parties.

### IX. ENHANCEMENT OF SANCTIONS

If a University employee, student or recognized student organization engages in conduct that constitutes discrimination or harassment motivated by bias based on a person’s race, gender, religion, color, age, national origin, ancestry or disability, the sanctions for such conduct are subject to enhancement in accordance with these Procedures. Sanctions for conduct that constitutes Sexual Violence as defined by the Anti-Harassment policy (III.C.1) are subject to enhancement in accordance with these Procedures when such conduct is accompanied by the administration of rape drugs, including but not limited to Rohypnol, Ketamine, GHB and Burundanga.

### X. RETALIATION PROHIBITED

Retaliation against any person for reporting or complaining of discrimination and/or harassment, assisting or participating in the investigation of a complaint of discrimination and/or harassment, or enforcing University policies with respect to discrimination and/or harassment, is strictly prohibited. Overt or covert acts of reprisal, interference, restraint, penalty, discrimination, intimidation or harassment against an individual or group for exercising rights or performing duties under these Procedures will be subject to appropriate and prompt disciplinary or remedial action.

### XI. APPEAL

The Complainant and the Respondent each have the right to appeal the decision of the Chancellor, Dean of Students or Director and imposition of any sanction to the Vice President for Ethics and Compliance. The appeal must be in writing and filed in person, via courier, or via postal or electronic mail within 10 days of the issuance of notification of the decision with all supporting materials attached. Decisions not appealed within such time are deemed final. The appeal shall consist of a concise

and complete written statement outlining the grounds for appeal and all relevant information to substantiate the basis for the appeal. Appeals are not intended to open a new investigation of the Complaint. In most cases, appeals are confined to a review of the written documentation and pertinent documentation regarding the grounds for appeal. The appeal will be conducted in an impartial manner. The Vice President for Ethics and Compliance will issue a decision on the appeal to all parties involved. Normally this decision will be made within 10 days from the date the appeal was received. The written decision of the Vice President for Ethics and Compliance on the appeal shall constitute the University’s final action.

### XII. FILING WITH EXTERNAL AGENCIES

Any person may file a complaint with the Indiana Civil Rights Commission, the U.S. Equal Employment Opportunity Commission or the U.S. Department of Education’s Office for Civil Rights. Information regarding filing charges with any of these agencies may be obtained from the Office of Institutional Equity on the West Lafayette campus.

STATEMENT OF POLICY
Purdue University is committed to maintaining an environment that recognizes the inherent worth and dignity of every person; fosters tolerance, sensitivity, understanding and mutual respect; and encourages its members to strive to reach their potential. The most effective way to work toward preventing Harassment is through education that emphasizes respect for every individual.

It is essential that Purdue University demonstrate its intellectual and ethical leadership by reaffirming its strong position against Harassment in all forms. All members of the University community must be able to pursue their goals, educational needs and working lives without intimidation or injury generated by intolerance and Harassment.

Harassment in the workplace or the educational environment is unacceptable conduct and will not be tolerated. Purdue University is committed to maintaining an educational and work climate for faculty, staff and students that is positive and free from all forms of Harassment. This policy addresses Harassment in all forms, including Harassment toward individuals with legally protected status for reasons of race, gender, religion, color, age, national origin or ancestry, genetic information or disability and Harassment toward individuals for other reasons such as sexual orientation, gender identity, gender expression, marital status or parental status. The University will not tolerate Harassment of its faculty, staff or students by persons conducting business with or visiting the University, even though such persons are not directly affiliated with the University.

This policy seeks to encourage faculty, staff and students to report and address incidents of Harassment. Retaliation against faculty members, staff members or students for reporting or complaining of Harassment, for assisting or participating in the investigation of a complaint of Harassment, or for enforcing this policy is strictly prohibited.

Freedom of thought and expression are the lifeblood of our academic community and require an atmosphere of mutual respect among diverse persons, groups and ideas. The maintenance of mutually respectful behavior is a precondition for the vigorous exchange of ideas, and it is the policy of the University to promote such behavior in all forms of expression and conduct. The University reaffirms its commitment to freedom of speech as guaranteed by the First Amendment to the United States Constitution. Accordingly, any form of speech or conduct that is protected by the First Amendment is not subject to this policy. The University reaffirms its commitment to academic freedom, which is essential to its educational mission and is critical to diversity and intellectual life.

Any individual or group of individuals found to have violated this policy will be subject to disciplinary and/or remedial action, up to and including termination of employment or expulsion from the University. Faculty and staff who are determined to have violated this policy also may be held personally liable for any damages, settlement costs or expenses, including attorney fees incurred by the University.

Sanctions for conduct that constitutes Harassment as defined by this policy are subject to enhancement when such conduct is motivated by bias based on a person’s legally protected status as defined by federal and state law: e.g., race, gender, religion, color, age, national origin or ancestry, genetic information or disability. Sanctions for conduct that constitutes Sexual Violence as defined by this policy are subject to enhancement when such conduct is accompanied by the administration of rape drugs, including but not limited to Rohypnol, Ketamine, GHB and Burundanga. These enhancements of sanctions are applicable to University faculty, staff, students and recognized student organizations, including fraternities, sororities and/or cooperatives. The University strongly encourages students to report instances of Sexual Violence or Sexual Exploitation. Therefore, students who provide information regarding Sexual Violence or Sexual Exploitation will not be disciplined by the University for any violation of the Regulations Governing Student Conduct relating to drug or alcohol possession or consumption in which they might have engaged in connection with the reported incident of possible Sexual Violence or Sexual Exploitation.

This policy may not be used to bring knowingly false or malicious charges against any faculty, staff, students or recognized student organizations, including fraternities, sororities and/or cooperatives. Disciplinary action will be taken against any person or group found to have brought a charge of Harassment in bad faith or any person who, in bad faith, is found to have encouraged another person or group to bring such a charge.

The University reserves the right to investigate circumstances that may involve Harassment in situations where no complaint, formal or informal, has been filed. In
appropriate circumstances, sanctions in accordance with this policy will be implemented.
The University offers education and primary prevention, risk reduction and awareness programs for students, faculty and staff concerning Sexual Harassment, Sexual Violence, Sexual Exploitation, Relationship Violence and Stalking. This policy augments, but does not supersede, other University policies covering discrimination. Although Harassment as described and prohibited by this policy includes a wide range of behavior, it does not include certain discriminatory conduct, even though that conduct may be otherwise unlawful, offensive, or prohibited by other University policies.

REASON FOR THIS POLICY
This policy is designed to prevent and sanction incidents of Harassment within the Purdue University community. The University believes that Harassment, which is a form of discrimination, is repugnant and inimical to our most basic values. As a land-grant university, Purdue University is committed to the principles of equal opportunity in education and employment. We take seriously our responsibility to provide leadership in ensuring that equal opportunity is the norm rather than an aspiration.

• This policy helps to promote this commitment through compliance with both state and federal laws and regulations, including but not limited to:

and voluntarily. Consent may not be inferred from silence, passivity or when an individual is Incapacitated or otherwise prevented from giving Consent as a result of impairment due to a mental or physical condition or age. No Consent exists when there is a threat of force or physical or psychological violence.

Although Consent may be given initially, it may be withdrawn at any point without regard to activity preceding the withdrawal of Consent. The voluntary nature of Consent will be subject to heightened scrutiny in circumstances in which a person engages in a sexual relationship with a person over whom he or she has any power or authority within the University.

Harassment
Conduct towards another person or identifiable group of persons that has the purpose or effect of:
1. Creating an intimidating or hostile educational environment, work environment or environment for participation in a University activity;
2. Unreasonably interfering with a person’s educational environment, work environment or environment for participation in a University activity; or
3. Unreasonably affecting a person’s educational or work opportunities or participation in a University activity.

Use of the term Harassment includes all forms of harassment, including Stalking, Racial Harassment and Sexual Harassment.

Incapacitated/Incapacitation
A mental state in which an individual cannot make rational decisions because they lack the capacity to give knowing Consent (e.g., to understand the who, what, where, why and how of their sexual interaction). Such Incapacitation may be caused by alcohol or other drug use, sleep or unconsciousness. Intoxication is not equivalent to Incapacitation.

Racial Harassment
Conduct that demonstrates hostility towards another person (or identifiable group of persons) on the basis of race, color, national origin or ancestry and that has the purpose or effect of:
1. Creating an intimidating or hostile educational environment, work environment or environment for participation in a University activity;
2. Unreasonably interfering with a person’s educational environment, work environment or environment for participation in a University activity; or
3. Unreasonably affecting a person’s educational or work opportunities or participation in a University activity.

The University is strongly committed to providing a safe and Harassment free environment for members of those groups that have historically been, and are still likely to be, at greatest risk of Harassment for reasons of prejudice.

Relationship Violence
Any physical, sexual and/or psychological harm against an individual by a current or former intimate or romantic partner. Intimate or romantic partners may be dating, cohabitating, married, separated or divorced, and may be of the same or opposite sex.

Retaliation
Any overt or covert act of reprisal, interference, restraint, penalty, discrimination, intimidation, or harassment, against any person or group for exercising rights under this policy.

Sexual Exploitation
An act that exploits someone sexually. Examples of Sexual Exploitation include, but are not limited to:
• Exposing one’s own or another person’s intimate parts without Consent.
• Recording video or audio, photographing, or transmitting intimate or sexual utterances, sounds or images without Consent of all parties involved.
• Allowing others to view sexual acts (whether in person or via a video camera or other recording device) without the Consent of all parties involved.
• Engaging in any form of voyeurism.
Sexual Harassment
A. Any act of Sexual Violence.
B. Any act of Sexual Exploitation.
C. Any unwelcome sexual advance, request for sexual favors or other written, verbal or physical conduct of a sexual nature when:
1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, education or participation in a University activity;
2. Submission to, or rejection of, such conduct by an individual is used as the basis for, or a factor in, decisions affecting that individual's employment, education or participation in a University activity; or
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's employment or academic performance or creating an intimidating, offensive or hostile environment for that individual's employment, education or participation in a University activity.

Examples of Sexual Violence include, but are not limited to:
• Non-Consensual sexual contact: touching, with any body part or object, another person's intimate parts (e.g., genitalia, groin, breast, buttocks), whether clothed or unclothed.
• Non-Consensual sexual intercourse: oral, anal and/or vaginal penetration, to any degree and with any body part or object.
• Compelling a person to touch his or her own or another person's intimate parts without Consent.

Stalking
Any knowing or intentional course of conduct involving repeated or continued following, threatening or intimidating another by telephone, mail, electronic communication, social media, in person or any other action, device or method that 1) would cause a reasonable person to suffer substantial emotional distress or fear of bodily injury or death and 2) actually causes such person substantial emotional distress or fear of bodily injury or death.

• In consultation with University officers, Chancellors and legal counsel, oversee and coordinate enforcement of policies and procedures dealing with Harassment for all campuses and operations within the Purdue University system.
• In consultation with University officers, Chancellors and legal counsel, oversee and coordinate the provision of education and primary prevention, risk reduction and awareness programs for students, faculty and staff concerning Sexual Harassment, Sexual Violence, Sexual Exploitation, Relationship Violence and Stalking.

Chancellors
• Maintain an educational and employment environment free from Harassment.

Vice Presidents, Vice Chancellors, Vice Provosts and Deans
• Maintain an educational and employment environment free from Harassment.
• Communicate to all members of their unit those individuals and offices designated as a resource for people seeking assistance with Harassment.

Administrators, Supervisors, and Individuals and Offices Designated as a Resource for Assistance with Harassment
• Take immediate steps in accordance with University policy and procedure to deal with any conduct involving Harassment or complaints of Harassment brought to their attention that involve University faculty, staff or students under their administrative jurisdiction.

Individuals Who Believe They Have Experienced or Witnessed Harassment

PROCEDURES

Individuals who believe they have experienced or witnessed Harassment are encouraged to bring forward a complaint under the Procedures for Resolving Complaints of Discrimination and Harassment, as issued and updated from time to time by the Vice President for Ethics and Compliance.

To determine whether a particular act or course of conduct constitutes Harassment under this policy, the alleged behavior will be evaluated by considering the totality of the particular circumstances, including the nature, frequency, intensity, location, context and duration of the questioned behavior. Although repeated incidents generally create a stronger claim of Harassment, a serious incident, even if isolated, can be sufficient.

**B. Title IX Coordinator**

The University has designated Alysa Christmas Rollock to serve as the University’s Title IX Coordinator. The Title IX Coordinator for each of the Regional Campuses is as follows: Purdue University Calumet: Linda Knox; Purdue University North Central: Laura Odom; and Indiana University – Purdue University Fort Wayne: Christine Marcuccilli.

**Duties and Responsibilities:** The Title IX Coordinator for each campus will be informed of all reports of Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking and Relationship Violence.

Each Title IX Coordinator is:
- Responsible for overseeing the investigation and resolution of all reports of Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking and Relationship Violence involving students, staff and faculty;
- Knowledgeable and trained in University policies and procedures and relevant state and federal laws;
- Available to advise any individual, including a Complainant, a Respondent or a third party, about the courses of action available at the University, both informally and formally, and in the community;

Composition of the team will be limited to a small circle of individuals who “need to know” in order to implement the provisions of the Policies, the Procedures and this Standard. Inquiries or complaints concerning the application of Title IX may be referred to the Title IX Coordinator and/or the United States Department of Education.

Relationship Violence, whether as Sexual Exploitation, Stalking or Sexual Harassment, Sexual Violence, any individual affected by community with dignity, care, and respect. Any individual affected by Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking or Relationship Violence, whether as a complainant, a respondent, or a third party, will have equal access to support consistent with their needs and available University resources.

Confidential Reporting Resources: Confidentiality means that information shared by an individual with designated campus or community professionals cannot be revealed to any other individual without express permission of the individual. Those campus and community professionals include medical providers, mental health providers, ordained clergy, and rape crisis counselors, all of whom have privileged confidentiality that has been recognized by the law. These individuals are prohibited from breaking confidentiality unless there is an imminent threat of harm to self or others, or the conduct involves suspected abuse of a minor under the age of 18. It is important to understand that any other University employee who is not designated as a confidential resource under this policy may be required to share a report of Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking or Relationship Violence with the Title IX Coordinator. A list of on-campus confidential resources is listed in Appendix A to this Standard.

Non-Confidential Campus Reporting Resources and Mandatory Reporters: The University is committed to providing a variety of welcoming and accessible means so that all instances of Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking and/or Relationship Violence will be reported. All University community members are encouraged to report all incidents of discrimination, harassment or retaliation directly to the Title IX Coordinator or a member of the campus Title IX team.

Some University employees are required to report all incidents of discrimination, harassment or retaliation directly to the Title IX Coordinator or a member of the campus Title IX team (“mandatory reporters”). Mandatory reporters receive annual required training to ensure that they understand their obligations and resources available to University community members who report such incidents. University employees who are mandatory reporters include faculty, supervisors, and other staff, administrators, and student employees who have significant responsibility for the welfare of students. Student employees who are required to share reports with the Title IX Coordinator include Resident Assistants. Mandatory reporters are required to share with the Title IX Coordinator all information they receive or of which become aware, including the identities of the parties, if known. The Title IX Coordinator will conduct an initial assessment of the incident or behavior at issue, the complainant’s desired course of action, and the necessity for any interim remedies or accommodations to protect the safety of the complainant or the community. A list of non-confidential campus reporting options, by campus, to whom individuals are encouraged to report any incidents is available in Appendix A.

Privacy: The privacy of the parties will be respected and safeguarded at all times. All University employees who are involved in the University’s Title IX response receive specific training and guidance about safeguarding private information. Privacy generally means that information related to a report of misconduct will only be shared with a limited circle of individuals. The use of this information is limited to those University employees who “need to know” in order to assist in the active review, investigation, or resolution of the report. While not bound by confidentiality, these individuals will be discreet and respect the privacy of all individuals involved in the process.

Release of Information: If a report of misconduct discloses a serious and immediate threat to the campus community, the University will issue a timely notification to the community to protect the health or safety of the community. The University may also share non-identifying information about reports received in aggregate form, including data about outcomes and sanctions. At no time will the University release the name of the
complainant to the general public without the express consent of the complainant or as otherwise permitted or required by law.

Pursuant to the Clery Act, anonymous statistical information must be shared with the campus police department where required by the Clery Act. Annual Clery Act reporting to the U.S. Department of Education is required by educational institutions for certain offenses that have been reported at campus locations. The information contained in the Clery report tracks the number of Clery reportable offenses occurring at campus locations and does not include the names or any other identifying information about the persons involved in the incident.

All University proceedings are conducted in compliance with the requirements of Title IX, the Clery Act, the Campus SaVE Act, FERPA, state and local law, and University policy. No information shall be released from proceedings under the Policies, the Procedures or this Standard except as required or permitted by law and University policy. The University reserves the right to notify the parents/guardians of dependent students regarding any conduct situation, particularly probation, loss of housing, suspension, and expulsion.

**Reporting to Law Enforcement:** The University encourages complainants to pursue criminal action for incidents of Sexual Harassment, Sexual Violence, Sexual Exploitation Stalking and Relationship Violence that may also be crimes under state criminal statutes. (See [http://www.purdue.edu/sexual_assault/what-it-is/indiana-law.html](http://www.purdue.edu/sexual_assault/what-it-is/indiana-law.html)) The University will assist a complainant, at the complainant’s request, in contacting local law enforcement and will cooperate with law enforcement agencies if a complainant decides to pursue the criminal process. A list of law enforcement resources for each campus is available in Appendix A.

**Anonymous Reporting:** Any individual may make an anonymous report concerning an act of Sexual Harassment, Sexual Violence, Sexual Exploitation Stalking or Relationship Violence. A report can be made without disclosing one’s own name, identifying the respondent, or requesting any action. Depending on the level of information available about the incident or the individuals involved, anonymous reporting may impact the University’s ability to respond or take further action. Anonymous reports can be made through the Whistleblower Hotline, an online reporting service that allows direct interaction with the Title IX Coordinator without providing identifying information. The Whistleblower Hotline can be accessed at: [http://www.purdue.edu/hotline/](http://www.purdue.edu/hotline/) or by calling 1-866-818-2620.

As with all other reports, all anonymous reports will go to the Title IX Coordinator for review and appropriate response and action. Where there is sufficient information, the University will ensure that anonymous reports are reviewed and included for compliance with the Clery Act.

**D. Counseling, Advocacy and Support Services**

The University is committed to providing a number of support services to University community members who experience Sexual Harassment, Sexual Violence, Sexual Exploitation Stalking or Relationship Violence incidents. Resources available to University community members include a variety of campus and community-based service providers and professionals.

STATEMENT OF POLICY

Purdue University is committed to providing a safe and secure campus environment for members of the university community. Purdue strives to create an educational environment for students and a work environment for employees that promote educational and career goals. Violent Behavior impedes such goals. Therefore, Violent Behavior is prohibited in or on any University Facility or while participating in any University activity.

Retaliation against any employee, student or other member of the University community who, in good faith, reports a violation of this policy is prohibited.

Purdue University employees who violate this policy will be subject to disciplinary action up to and including termination if there is a relevant relationship between the type of Violent Behavior and the potential adverse impact on the employee’s or another employee’s ability to perform his or her assigned duties and responsibilities. Purdue University students who violate this policy on or off University Facilities may be subject to disciplinary action up to and including expulsion, as provided in the Regulations Governing Student Conduct.

In addition, any person who violates this policy may be subject to the issuance of a persona non grata notification, which limits access to a part of or all of University Facilities, in accordance with the Persona Non Grata (IV.A.5) policy.

REASON FOR THIS POLICY

The University is committed to providing a safe environment for students, faculty, staff and visitors. Criminal and civil laws prohibit Violent Behavior, and the Occupational Safety and Health Act of 1970 governs employers’ workplace safety.

This policy describes Violent Behavior, its prevention and response, and University sanctions. It is designed to be implemented on each of Purdue University’s four campuses: Calumet, North Central, Fort Wayne and West Lafayette.

Executive Memorandum No. C-44 sets forth Purdue University’s policy prohibiting alcohol misuse and the use of controlled substances and is effective 45 calendar days after the above-captioned date. This policy supersedes any prior oral or written policy of the University including, but not limited to, the Interim Drug Abuse Policy issued February 28, 1989, the Alcohol and Drug-Free Campus and Workplace Policies, effective September 1, 1990, and the Interim Policy for Drug and Alcohol Testing of Commercial Motor Vehicle Operators, effective January 1, 1995. All employees and students will be notified of this policy by publication.

H. Other Misconduct. Any other conduct that the University determines to be inconsistent with providing a drug-free and alcohol-free campus and workplace.

V. Consequences of Engaging in Prohibited Conduct

A. Factors Relevant to Sanction or Corrective Action. The University will evaluate violations of this policy on a case-by-case basis. In determining the appropriate sanction or corrective action, the University may consider an individual’s work or academic record, the seriousness of the violation, the safety-sensitivity of the individual’s position, whether the individual’s behavior violated the University’s Violence in the Workplace Policy, whether a sanction or corrective action is permissible under law including, without limitation, The Americans With Disabilities Act of 1990, and any other relevant factors.

VII. Controlled Substance and Alcohol Testing

A. Commercial Motor Vehicle Drivers. Persons employed as commercial motor vehicle operators who are governed by Department of Transportation regulations are subject to drug and alcohol testing under procedures developed by the Department of Personnel Services.

B. Defense Contracts. Department of Defense regulations require the University to establish programs to test employees and final applicants for illegal drug use if they will work in sensitive positions on Defense Department contracts. The University will determine appropriate tests based on the nature of the work being performed, the employee’s duties, the efficient use of University resources, and the risks to public health and safety and national security that could result if the employee fails to perform the duties of the position adequately.

C. Intercollegiate Athletics. Student athletes who participate in intercollegiate sports will be subject to drug and alcohol testing under National Collegiate Athletic Association regulations in testing programs developed by the University’s Department of Intercollegiate Athletics.

D. Employee Reasonable Suspicion Drug and Alcohol Testing. All employees of the University may be subject to reasonable suspicion drug and alcohol testing under procedures developed by the Department of Personnel Services and approved by the president of the University or his or her designee. These procedures must, at a minimum, provide that the decision to conduct reasonable suspicion testing will be made jointly by a supervisor who believes reasonable suspicion exists and a representative of his or her human resource service team. Further, in all cases, reasonable suspicion testing must be authorized by an appropriate University employee or other individual designated by the University who has been trained to recognize physical or behavioral symptoms commonly attributed to the use of drugs or alcohol.

E. Public Safety Employees. Employees performing public safety duties may be subject to drug and alcohol testing procedures as authorized by the president of the University or his or her designee. This testing may include, but is not limited to, pre-employment testing, post-accident testing, return-to-duty testing, and follow-up testing.

VIII. Employee Self-Referral and Employee Assistance Program

A. Self-Referral. Employees with alcohol or drug problems are strongly encouraged to voluntarily contact their family physicians or the University’s Employee Assistance Program for assistance. Employees may seek help without their supervisor’s knowledge. Although voluntarily seeking assistance will not bar the University from treating the employee like other employees under this policy, the University will consider voluntary requests for help in determining any discipline to be imposed. The University will not assume any financial or other responsibility for drug or alcohol treatment except as may be provided by University benefits.

B. Employee Assistance Program. The University’s Employee Assistance Program offers free, confidential services to employees with alcohol or drug problems, including:

The University will notify the federal contracting or granting agency within 10 calendar days after receiving notice of the conviction from the employee or otherwise receiving actual notice of the conviction.

VI. Grievance Procedures

Any student or employee with a complaint relating to the application of this policy may seek redress through applicable University grievance policies and procedures. However, employee complaints challenging drug or alcohol test results must be resolved in accordance with the applicable testing procedure.

VII. Confidentiality

The University will take reasonable measures to ensure individual privacy under this policy including, but not limited to, keeping all drug and alcohol test results confidential to the maximum extent possible.
VIII. Administrative Responsibility

Campus personnel departments will share responsibility for administering this policy and its associated procedures as they relate to employees and invitees. The Office of the Dean of Students will administer policy and procedures related to students. Intercollegiate Athletics will be responsible for policy and associated procedures described in Section VII, paragraph C.
