IUPUI Programs Special Statement

The Indiana University Purdue University Fort Wayne (IPFW) campus is considered a separate campus from the larger Indiana University Purdue University Indianapolis (IUPUI) campus for Clery Act reporting. Indiana University School of Medicine and School of Social Work students completing coursework in the IPFW campus and are considered “Guest Students” of IPFW and may be subject to both IUPUI and IPFW policies, procedures, and disciplinary processes depending on the nature and/or location of an incident. Guest Students have full campus privileges, including the option to reside in on-campus housing and other resources on the IPFW campus. IU employees working at the IPFW campus may also be subject to both IPFW and IUPUI policies, procedures and disciplinary action depending on the nature and/or location of an incident.

The IUPUI facilities, located on the IPFW campus, are subject to the safety and security policies and procedures of IPFW. There are no IU police or security personnel on site. In order to provide IUPUI students and employees with information relevant to space controlled by IUPUI and space controlled by IPFW, as well as other relevant safety and security policies, available resources, programs and information, IU is providing Annual Security Report safety and security policies of both IUPUI and IPFW.

Annual Security Report

In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act) and the safety-related requirements of the Higher Education Opportunity Act, the Indiana University Police Department (IUPD) on each Indiana (IU) campus produces an Annual Security Report. Each report includes policy statements and specific information regarding the University’s procedures, practices, and programs concerning safety and security (e.g. policies for responding to emergency situations and sexual offenses). Each report also includes three years’ worth of statistics for particular types of crimes that occurred on campus; in certain non-campus buildings or property owned or controlled by the University; and on public property on or immediately adjacent to the campus.

These reports are available online at https://protect.iu.edu/police-safety/annual-reports/index.html. You may also request a paper copy from your campus IUPD contact at:

Indiana University Police Department – Indianapolis Division
Ball Annex
1232 W. Michigan Street
Indianapolis, IN 46202
(317) 274-2058 (Administrative)
(317) 274-7911 (Emergency)

This report was revised on November 28, 2017 to reflect the updated 2017 Annual Security Report issued by Purdue University for the IUPU-Fort Wayne campus. The 2016 crime statistics table has been updated under Motor Vehicle Thefts from one (1) on campus and one (1) under residential facilities to one (1) on campus and zero (0) under residential facilities. The 2015 crime statistics table has been updated to indicate under Hate Crimes one (1) reported crime of intimidation with a bias of sexual orientation that occurred on campus.
Policy Statements

This section of the Annual Security Report discloses the procedures, practices, and programs IU has implemented to keep its students and employees safe and its facilities secure.

I. Reporting Crimes and Other Emergencies

All community members, including students, faculty, staff, and guests, are encouraged to accurately and promptly report all criminal or suspicious actions and any potential emergencies to the Indiana University Police Department (IUPD) or appropriate law enforcement agency, including when the victim of a crime elects to, or is unable to, make such a report. Situations occurring on campus should be reported to the IUPD. For emergencies, dial 9-1-1; if you are using a cell phone, immediately state your location. Incidents may also be reported in any of the following ways:

- By a campus telephone at IUPD – Indianapolis at phone number 911.
- By a non-campus telephone to IUPD – Indianapolis at phone number (317) 274-7911.
- In person to IUPD – Indianapolis at 1232 W. Michigan Street, Indianapolis, IN 46202 (Ball Annex building).
- Via the blue light emergency telephones located on campus property.
- To a police officer, security officer, or cadet officer when encountered.

For crimes or emergencies occurring off-campus, reports should be made to local law enforcement by either dialing 9-1-1 or visiting in person.

Clery Act crimes, as described in Appendix A of this report, should be reported to the IUPD for inclusion in the annual statistical disclosure of crimes, and for assessment for Timely Warning notifications.

Response to Report

Depending on the nature of the particular report, the IUPD dispatcher may either send an officer to the caller’s location or ask the caller to come to the IUPD office to file an incident report. After the report is filed, an investigation may be conducted.

As required by law or policy, an incident report may be forwarded to other University offices for review for potential action. These offices include but are not limited to:

- Office of the Vice President and General Counsel
- University Title IX Coordinator
- Deputy Title IX Coordinator
- Human Resources
- Academic Affairs
- Office of Insurance, Loss, Control and Claims
- Environmental Health and Safety
- Chancellor
- Vice Chancellor for Finance and Administration
- Vice Chancellor of Student Affairs
- Dean of Students
- Office of Student Conduct
- Office of Housing and Residence Life
- Campus Facility Services

Voluntary, Confidential Reporting

If you are a victim of or witness to a crime, but you do not want to pursue action within the University system or the criminal justice system, you may still choose to make a report and request that it remain confidential. The purpose of such a report is to comply with your wish to keep your identity
confidential, while also providing information to help ensure the future safety of yourself and others. An IUPD officer can file a confidential report detailing the incident without revealing your identity, to the extent allowed by state and federal laws. Certain information and details may be requested for public inspection, as stated in Indiana Code 5-14-3 and as described in the Daily Crime Log section below. Using the information provided in the confidential police report, the University can: keep an accurate record of the number of incidents involving students, employees, and visitors; determine whether there is a pattern of crime with regard to a particular location, method, or assailant; and alert the University community to potential dangers. Reports filed in this manner may be counted and disclosed in the annual statistical disclosure for the University, included in the Daily Crime Log, and used for the assessment of timely warning notifications without using any personally identifiable information.

Campus Security Authorities

Many individuals throughout the University have been identified as Campus Security Authorities (CSA) and have responsibilities to inform the IUPD of specific information regarding any crimes of which they are made aware. If you make a report to a CSA, be aware of their responsibilities and clearly express any interest you have in remaining confidential. Additional information on who at the University may qualify to be a CSA can be found at https://protect.iu.edu/police-safety/clery/csa.html.

Pastoral and Professional Counselors

Any pastoral counselors and licensed professional counselors on campus, working in that capacity, are not considered campus security authorities (CSAs). Therefore, they are not required to report crimes for inclusion into the annual disclosure of crime statistics. However, if they deem it appropriate, these counselors may inform students about the University’s policies and procedures about reporting crimes on a voluntary basis and seeking help if they are the victim of a crime (see above section on Voluntary, Confidential Reporting).

II. Timely Warnings (Crime Notices) about Crimes

In order to promptly alert students and employees of a serious or continuing threat on or near campus, and to provide them with enough time and information to promote safety and aid in the prevention of similar crimes, IU has instituted a timely warning system. Timely Warnings at IU are called Crime Notices and may be issued for any of the Clery Act crimes, as described in Appendix A of this report, that occur on campus; in certain non-campus buildings or property owned or controlled by the University; and on public property on or immediately adjacent to the campus. Crime Notices may also be distributed for other crimes if deemed necessary by the campus IUPD Chief or their designee.

Crime Notices will be provided to students and employees in a manner that is timely, that withholds the names of victims as confidential, and that will aid in the prevention of similar occurrences. For a Crime Notice to be issued, the crime must be considered a serious or continuing threat to students or employees. The campus IUPD Chief or their designee is responsible for determining the necessity of a Crime Notice and for issuing the notice to members of the IU community. If a crime occurring on campus is determined to be an immediate threat to the health or safety of students or employees, IU will follow the emergency notification procedures listed in the Emergency Notifications (Emergency Alerts) section below.

In deciding whether or not to issue a Crime Notice, the campus IUPD Chief or their designee examines the facts of each incident and considers when and where the incident occurred, when the incident was reported, and any other information available to the IUPD. For example, if an assault occurs between two students who have a disagreement, there may be no ongoing threat to other University community members, and a Crime Notice would likely not be distributed.

Crime Notices are generally written and issued by the campus IUPD Chief or their designee. Certain details may be withheld from a notice if the information would compromise law enforcement efforts. Any details that could disclose the identity of the victim are withheld from Crime Notices. IU-Notify is generally used to send Crime Notices to members of the University community. If additional information or updates are released, they will be posted to http://emergency.iu.edu. Email is the
primary method of Crime Notice communication, however, other means of distribution may be used, including:

- Text messages
- Posting to Protect IU webpage updates (http://protect.iu.edu/)
- Posted on http://emergency.iu.edu

More information on IU-Notify and instructions on how to update your contact information can be found at https://protect.iu.edu/emergency-planning/communication/iu-notify.html. For members of the IU community, it is suggested that you provide the best phone number to reach you and an email address in order to receive alerts and notices. You should update and verify your information regularly.

III. Emergency Notifications (Emergency Alerts)

When IU receives a report of a potential emergency or other dangerous situation occurring on or imminently threatening the campus, public safety and campus officials respond and assess each incident. Upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students and/or employees, the University will immediately notify the campus community. Emergency notifications at IU are called Emergency Alerts. University officials authorized to send alerts via the emergency notification system will, without delay and taking into account the safety of the community, collaborate to determine the content of the notification and initiate the notification system. These officials will communicate information regarding the threat either to the campus community as a whole or to the appropriate segment of the community if the threat is limited to a particular building or segment of the population. IU will not immediately issue a notification for a confirmed emergency or dangerous situation if by doing so, in the professional judgment of public safety and campus officials, it will compromise efforts to assist a victim, to contain the emergency, to respond to the emergency, or to otherwise mitigate the emergency.

IU’s use of emergency response and notification procedures is not necessarily limited to crimes. An incident such as a serious gas leak, tornado, hazardous materials spill, winter storm, outbreak of a serious illness, or other hazards could also warrant the use of this protocol following confirmation by the appropriate authorities that a hazardous condition exists.

University officials authorized to send alerts via the emergency notification system include the following staff: Public Safety and Institutional Assurance officials (including IUPD and Emergency Management and Continuity personnel) and Communications/Marketing personnel. These officials will use their discretion to determine the content of the alert, specific method(s) of notification, recipients of the notification, and the sending authority. Usually, such notification will be made using the IU-Notify emergency notification system. Notification may be accomplished using a variety of messaging methods which may include one or more of the following: text messages, telephone calls, email, social media, television cable override, sirens, digital signage, website banners, face-to-face communications, and/or public address systems. If there is a need to disseminate information outside of the campus community, it can be communicated in any of the following ways:

- Posted to the IU Protect website at https://protect.iu.edu.
- Distributed to local news agencies.
- Posted to Facebook at https://www.facebook.com/iuemergencyupdates/.
- Posted to http://emergency.iu.edu.
- Posted to WebEOC (which provides selected information to surrounding public safety jurisdictions and the Indiana Department of Homeland Security).
- Posted as a web banner at http://www.iupui.edu.
- Posters and flyers in campus buildings.

The purpose of initial emergency alerts is to put the campus community on alert. Initial alerts may contain very limited information on the nature of what is happening and specific locations. The University will provide proper follow-up information as it becomes available and as appropriate.
More information on IU-Notify and instructions on how to update your contact information can be found at https://protect.iu.edu/emergency-planning/communication/iu-notify.html. For members of the IU community, it is suggested that you provide the best phone number to reach you and an email address in order to receive alerts and notices. You should update and verify your information regularly.

IV. Emergency Response and Evacuation Procedures and Tests

Emergency Procedures

IU Emergency Management and Continuity (IUEMC) assists departments and campuses with developing, maintaining, and implementing emergency operations plans, developing and conducting exercises, hazard and risk education, and building partnerships with external response agencies. IUEMC is responsible for assisting with and coordinating the University’s overarching mitigation, preparedness, response and recovery programs.

Tests, Drills, and Exercises

Announced and/or unannounced drills are scheduled and executed annually to test evacuation and emergency procedures.

An announced test of the IU-Notify emergency notification system is conducted at least once per calendar year. This test also publicizes the https://protect.iu.edu website, which contains information about emergency procedures.

Each test, drill, and exercise is designed to evaluate IU’s emergency plans and capabilities and is documented in writing. The documentation includes a description of the test/drill/exercise, the date held, the time started and ended, whether the test/drill/exercise was announced or unannounced, and includes any follow-through activities designed for assessment and evaluation of emergency plans and capabilities.

Campus tests, drills, and exercises performed in the calendar year for this report include:

V. Daily Crime Log

The Daily Crime Log includes records of criminal incidents and alleged criminal incidents that have been reported to the Indiana University Police Department (IUPD) on each campus. The Daily Crime Log entries contain more detail than the Annual Crime Statistics Disclosure. It includes all crimes, not just those reported for Clery Act purposes. It also includes crimes that occur within the IUPD's patrol jurisdiction, which may be broader than on-campus. Information may not be included in the log if prohibited by law or if the disclosure would jeopardize an ongoing investigation. If you would like to see your campus' Daily Crime Log, you can do so by:

- Visiting IUPD – Indianapolis at 1232 W. Michigan Street, Indianapolis, IN 46202 (Ball Annex building) during normal business hours.

VI. Security of and Access to Campus Facilities

IU campuses are open to the public. During business hours, most buildings are open to students, parents, employees, contractors, guests, and invitees; however, there may be restricted areas that are not accessible without permission from a university representative. On evenings and weekends, certain buildings are open for scheduled classes, events, or meetings. Some buildings may stay open 24 hours
or have hours that vary at different times of the year. Buildings will be closed according to schedules developed by the department responsible for the building. When a building is closed, only faculty, staff, and students with specific authorization are permitted inside. Emergencies may necessitate changes to any posted schedules.

**Academic and Administrative Building Access**

Campus security and access controls include:
- Building hours are determined by the schools and departments that occupy the building along with the building’s building coordinator. When a building is closed, only faculty, staff, and students with specific needs are allowed inside.

**Campus Residence Access**

Special considerations for campus residence access include:
- Each community desk is open from 8am – 9pm daily and the staff working the desk help monitor access for each community.
- Each residential community have live-in professional staff (called Residence Coordinators) and live-in undergraduate resident assistants who are trained in safety and security.
- Live-in IUPD part-time officers monitor the residential communities. Full-time IUPD officers patrol the residential areas frequently.
- Every community has physical safety measures in place. Here is a breakdown of each facility:

- Access to these houses is controlled by Housing and Residence Life.  
- There is a deadbolt lock on every main apartment door in the building.  
- Each bedroom can be locked. |
| Townhomes             | - Exterior doors have deadbolt locks.  
- Interior sliding glass doors have rods in the base to prevent them from being opened as well as a lock. |
| Ball Residence        | - Front doors to the building are locked 24/7 and require card access for entry.  
- This residential community is equipped with 24/7 electronic card access control to each of the residential wings.  
- Each room has a locking mechanism on it.  
- There are cameras located at entry points and in the lobby area on the first level. |
| University Tower      | - The first two floors of this building are open to the public during the times the building is open.  
- The residential floors of this building are controlled 24/7 by electronic card access, including elevators and stairwells.  
- Access to the residential floors are controlled by Housing and Residential Life.  
- Each individual room door is on card access and set to lock as default when the door is closed.  
- Cameras are located in the main lobby area and in each elevator lobby. |
| North Hall            | - The front door is locked 24/7 and requires card access for entry.  
- Elevators in the main lobby are on card access and can only be used by people with access on their cards.  
- Student room doors are on card access and locked automatically when shut.  
- Cameras are located in the main lobby and in elevator lobbies. |

IU utilizes space with Park Place, a privately owned and operated company, only on an as needed basis. IU does not operate this as a housing community and it is not staffed with IU personnel. The special considerations for campus residence access for this facility include only the following:

### VII. Security Considerations for the Maintenance of Campus Facilities

IUPD officers patrol campus buildings and grounds regularly. If officers notice any unsafe conditions, such as poor lighting, they report such conditions to the appropriate campus administrators for correction.

Members of the campus community are encouraged to report safety issues to the IUPD or one of the following:
- IUPD – Indianapolis at (317) 274-7911
- Campus Facilities Services at (317) 278-1900
- Parking and Transportation Services at (317) 274-4232

A very strong commitment to campus security and safety is maintained through regular inspection of the following:
- IUPD and Campus Facilities Services employees constantly look for and report problems with lighting, locks, security equipment, and for other public safety hazards as they perform their daily duties.
- Members of the campus community are encouraged to report any exterior lighting deficiencies to Campus Facilities Services. A comprehensive survey of all exterior lighting is conducted on a monthly basis.
- Campus Facilities Services personnel check interior lighting regularly. Members of the campus community are encouraged to report any interior lighting deficiencies to Campus Facilities Services.
- IUPD checks exterior doors and locking hardware regularly. Members of the campus community are encouraged to report any door or locking hardware deficiencies to the Campus Facilities Services.
- Some exterior doors on campus are locked and secured each evening by IUPD personnel or by Campus Facilities Services personnel. Some exterior doors on campus are automatically locked electronically.
- Facilities and landscaping are maintained in a manner that minimizes hazardous conditions. IUPD regularly patrols campus and checks that pathways are well lit, and that other hazards are addressed. Report shrubs or trees that might create an unsafe area as well as poor lighting Campus Facilities Services.
- IUPD reports malfunctioning lights and other unsafe physical conditions to Campus Facilities Services for correction. Other members of the campus community are helpful when they report equipment problems to IUPD or Campus Facilities Services.
- Environmental Health & Safety conducts safety inspections on all facilities including, but not limited to; laboratories, clinical areas, high hazard maintenance areas, construction sites, food service areas, swimming areas, AEDs, fall protection areas, etc.
- Campus buildings and grounds are patrolled regularly.
- Emergency telephones are surveyed on a regular basis for deficiencies.

### VIII. Missing Student Notification
IU’s policy is to thoroughly investigate all reports of missing persons, and to ensure that all missing person notifications to law enforcement and others are made promptly and in accordance with applicable state and federal law.

If a student who resides in on-campus housing is believed to be missing, University staff must report it immediately to the IUPD. The IUPD will obtain a report and initiate an investigation. If the IUPD determines that a student has been missing for more than 24 hours, the IUPD will notify local law enforcement and inform the student’s designated contact person(s) no more than 24 hours after the student is determined to be missing. If circumstances warrant, IUPD may initiate these procedures if the student has been missing for less than the 24-hour time frame.

Any student residing in on-campus housing may identify both an emergency contact and a contact who will be notified should the student be determined missing by IUPD, and this information should be updated regularly. If a student has identified such a person, the IUPD will notify that person no more than 24 hours after the student is determined to be missing. If the missing student is under the age of 18 and is not an emancipated person, the IUPD will notify the student’s parent or legal guardian in addition to the students designated contact.

Contact information will be registered confidentially for all students, will be accessible only to authorized campus officials, and will not be disclosed unless needed in a missing student investigation. A student can register their missing student contact information by:

- Visit [http://housing.iupui.edu/HSC](http://housing.iupui.edu/HSC), log into Housing Service Center, and click “Manage My Contacts.”

Information about the missing person will be entered into the National Crime Information Center (NCIC) within two hours of being received by police. This information will also be sent to any police department near the location where the missing student was last seen and to any law enforcement agency requested by the reporting party, provided the officer considers the request to be reasonable.

**IX. Crime Prevention and Security Awareness**

The IUPD, along with many other IU departments, uses a variety of media to provide information about crime prevention, to publicize campus security procedures and practices, and to encourage community members to be responsible for their own security and for the security of others.

Campus security and fire safety procedures are specifically discussed during new student orientation. In addition, representatives from the IUPD, the Office of Environmental Health and Safety (EHS), and the Office of Emergency Management and Continuity (IUEMC) participate in forums, engage in town hall meetings, and are available by request to address student and employee questions and to explain University security, public safety, and fire safety measures. Members of the IUPD conduct presentations about crime prevention and general security and safety awareness upon request. Information typically provided includes crime prevention tips; statistics on crime at IU; fire safety information; information about campus security procedures and practices; and encouragement to all community members to be responsible for their own security and for the security of others. IU also offers ongoing educational programs to promote awareness and prevention of domestic violence, dating violence, sexual assault, and stalking. More information about these programs can be found in the Dating Violence, Domestic Violence, Sexual Assault and Stalking (Sexual Misconduct) section of this report.

Report date 11/28/2017
X. Campus Law Enforcement/Indiana University Police Department (IUPD)

Enforcement Authority and Jurisdiction

The IUPD employs sworn police officers who are certified by the State of Indiana and who meet state-mandated training requirements. These officers have full police powers, including the power to arrest, as granted by the State of Indiana (IC 21-39-4), and have access to national and state law enforcement computer networks.

IUPD also employs non-sworn security officers who provide additional patrols on campus. These non-sworn officers do not have the power to arrest nor do they have the power to enforce Indiana law. They report crimes that they observe to the sworn officers.

Both sworn and non-sworn IUPD officers have primary jurisdiction on any real property owned or occupied by the University, including the streets passing through and adjacent to such property. These officers also have the power to assist university officials in the enforcement of IU’s rules and regulations. In addition, IUPD officers who have been certified by the State of Indiana as required by Indiana Code 21-39-4-6(a)(2) are authorized to exercise their police powers throughout the State of Indiana, consistent with Indiana law, and subject to certain terms and restrictions contained in the University’s Exercise of Extended Jurisdiction by Officers of the Indiana University Police Department policy.

On an as needed basis, for events occurring on campus, the University will retain contracted security personnel through approved security companies. Contracted security personnel do not have the power to arrest nor do they have the power to enforce Indiana law. They report crimes they observe to sworn officers. Contracted security personnel will report violations of institutional policy to the IUPD. Their jurisdiction is limited to the location and space described in the agreement for service.

Working Relationship with State and Local Enforcement Agencies

By resolution of the Indiana University Board of Trustees, and consistent with Indiana law, University police are authorized to exercise police powers beyond their primary jurisdiction in certain circumstances, as described in the policy linked in the Enforcement Authority and Jurisdiction section directly above. The IUPD maintains a cooperative working relationship with municipal and county law enforcement agencies in the geographic areas in which campuses are located, as well as with Indiana State Police and Federal agencies. When investigating alleged criminal offenses, the IUPD cooperates with the appropriate law enforcement agencies and other criminal justice authorities.

These cooperative working relationships include but are not limited to:

- Indianapolis Metropolitan Police Department– Written Memorandum of Understanding (MOU) under development.
IUPD officers normally investigate all criminal offenses that occur in the IUPD's primary jurisdiction and work with the staff of cooperating agencies when incidents arise that require joint investigative efforts, resources, crime-related reports, and exchanges of information. The officers of IUPD and cooperating agencies communicate regularly at the scene of incidents that occur in and around the campus. Meetings may be held between the IUPD and cooperating law enforcement agencies for purposes of sharing information on both a formal and informal basis. Local and state police agencies provide back-up assistance for any emergency that might require extensive police services. Any law enforcement officer may come onto campus at any time; just as IUPD officers have powers to arrest, law enforcement officers from other agencies can arrest students and visitors on campus for violations of law within their agencies’ jurisdictions. In addition, the University has the responsibility of advising the appropriate authorities of violations of civil or criminal law committed by anyone on campus. The University will report violations either when a request for specific information is made or when there is a danger to life or property.

XI. Crimes at Non-Campus Locations

The IUPD uses University records to identify and monitor activity at non-campus property. Non-campus property, for this purpose, is defined as (1) Any building or property owned or controlled by a student organization that is officially recognized by the institution; or (2) Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution. The IUPD sends annual requests to the law enforcement agencies with jurisdiction over these locations to request crime statistics and to be alerted when a serious or ongoing threat is occurring at any non-campus location.

If IU students are implicated in criminal activity occurring off-campus, including non-campus locations of student organizations officially recognized by IU (with or without housing facilities), the law enforcement agency with jurisdiction may notify the IUPD; however, there is no official policy requiring such notification. Students in these cases may be subject both to arrest by the law enforcement officers and to the University’s disciplinary action through:

- IUPUI Office of Student Conduct (317) 274-4431.

IUPUI operates no off-campus housing or off-campus student organization facilities.

XII. Alcohol and Drugs

The possession, use, sale, manufacturing or distribution of any controlled substance, including alcohol, on the IU campus is governed by the University’s Substance Free Workplace Policy, Substance-free Workplace for Academic Appointees Policy, IU Code of Student Rights, Responsibilities, and Conduct, Code of Academic Ethics, Service of Alcohol, and the laws of the State of Indiana. The Indiana Alcoholic Beverage Commission (ABC) oversees state laws regarding the possession, use, sale, consumption, or furnishing of alcohol. However, the enforcement of alcohol laws on campus is primarily the responsibility of the IUPD. IU has been designated “drug free,” and the consumption of alcohol on campus is only permitted under certain circumstances as set forth by University policy. The service of alcoholic beverages at university events must be in accordance with applicable state and federal laws, including the legal age for drinking. Approval processes and university procurement and insurance requirements must also be followed. There are bartending and service requirements for
university facilities in accordance with licensing requirements of the Indiana Alcohol & Tobacco Commission.

IU prohibits the unlawful possession, use, or distribution of illicit drugs and alcohol on IU property or as part of any IU sponsored activities. The illegal possession, use, sale, manufacture, or distribution of any controlled substance is against IU policy and enforced under both state and federal laws. The IUPD proactively enforces these laws and University policies, including state underage drinking laws. Violators may be subject to University disciplinary action, criminal prosecution, fine, and/or imprisonment. Additional information and resources can be found on Protect IU.

Underage Drinking

It is unlawful to sell, furnish, or provide alcohol to a person who is under the age of 21. The possession of alcohol by anyone under 21 years of age is illegal. Organizations or groups violating alcohol/substance policies or laws, Indiana Code (IC 7.1-5-1-6.5), may be subject to sanctions by the University.

Please note that under Indiana’s Lifeline Law (IC 7.1-5-1-6.5), individuals are afforded immunity against certain charges for alcohol related crimes in connection with a report of a medical emergency, so long as they cooperate with law enforcement at the scene.

Alcohol and Drug Programs

IU is committed to promoting the health and safety of its campus community through drug and alcohol education, prevention, and awareness programs and the implementation of relevant policies. Current education, prevention and awareness programs include:

XIII. Dating Violence, Domestic Violence, Sexual Assault and Stalking (Sexual Misconduct)

Indiana University prohibits discrimination on the basis of sex or gender in its educational programs and activities, including the crimes of dating violence, domestic violence, sexual assault, and stalking as those terms are defined for the purposes of the Clery Act, as well as in the state of Indiana and under Indiana University Policy. In addition, Indiana University prohibits sexual harassment, all forms of sexual violence and sexual exploitation.

Definitions

Domestic Violence, Dating Violence, Sexual Assault, and Stalking not only violate Indiana University policy, but may also be crimes. The following section provides relevant definitions under the Indiana Criminal Code, as well as relevant definitions under Indiana University Policy. A full copy of the Indiana University Sexual Misconduct Policy can be found in Appendix B. The definitions used for counting the crime statistics found in this report are set by the Clery Act, and are located in Appendix A.

**Stalking (IC 35-45-10-1)**

"Stalk" means a knowing or an intentional course of conduct involving repeated or continuing harassment of another person that would cause a reasonable person to feel terrorized, frightened, intimidated, or threatened and that actually causes the victim to feel terrorized, frightened, intimidated, or threatened. The term does not include statutorily or constitutionally protected activity.

**Consent**

The Indiana Criminal Code does not define consent in reference to sexual activity. A definition for consent under the Indiana University Sexual Misconduct Policy is provided below. The age of consent in Indiana is 16.

**Indiana University Sexual Misconduct Policy (UA-03)**

**Sexual Misconduct**

IU has defined sexual misconduct as stated below; all acts that fall under this definition use the same disciplinary procedures and are defined in the University Sexual Misconduct Policy (UA-03).

Sexual Misconduct: includes sexual harassment, sexual assault, other forms of sexual violence, dating violence, domestic violence, sexual exploitation and stalking. For purposes of UA-03, sex or gender based discrimination is considered sexual misconduct.

**Dating Violence**

Dating violence is violence or the threat of violence committed by any person who is or has been in a relationship of a romantic or intimate nature. The existence of such a relationship will be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interactions between the persons involved in the relationship.

**Domestic Violence**

Domestic Violence is violence or the threat of violence by a person against another person who:

1. is or was a spouse of;
2. is or was living as if a spouse of;
3. has a child in common with;
4. is a minor subject to the control of; or
5. is an incapacitated individual under the guardianship or otherwise subject to the control of the other person regardless of whether the act or threat has been reported to a law enforcement agency or results in a criminal prosecution.

**Sexual Assault**

Sexual assault includes:

1. Non-consensual Sexual Penetration is committed when an individual subjects another person to sexual penetration without the consent of the person, and/or by force.
2. Non-consensual Sexual Contact is intentional sexual touching by an individual of the intimate area of another person (i.e., genitals, breasts, buttocks) or intentional touching of another person with any of these body parts, without the consent of the person, and/or by force.
**Stalking**

A knowing or an intentional course of conduct involving repeated or continuing harassment of another person that would cause a reasonable person to feel terrorized, frightened, intimidated, or threatened and that actually causes the victim to feel terrorized, frightened, intimidated, or threatened. The term does not include statutorily or constitutionally protected activity.

**Consent, in reference to sexual activity**

**Consent** is an agreement expressed through affirmative, voluntary words or actions, and mutually understandable to all parties involved, to engage in a specific sexual act at a specific time:

- Consent can be withdrawn at any time, as long as it is clearly communicated.
- Consent cannot be coerced or compelled by force, threat, deception or intimidation.
- Consent cannot be given by someone who is incapacitated.
- Consent cannot be assumed based on silence, the absence of “no” or “stop”, the existence of a prior or current relationship, or prior sexual activity.

**Incapacitated** A person is incapable of consent if they are unable to understand the facts, nature, extent, or implications of the situation due to drugs, alcohol, a mental disability, being asleep or unconscious, or based on their age (pursuant to Indiana law).

Consent does not exist when the individual initiating sexual activity knew or should have known of the other person’s incapacitation.

**Prevention and Awareness Programs**

Indiana University prohibits dating violence, domestic violence, sexual assault, and stalking as those terms are defined for the purposes of the Clery Act, as well as in the state of Indiana and under Indiana University Policy. IU offers educational programs to promote awareness and prevention of such misconduct. These education programs may include: definitions of dating violence, domestic violence, sexual assault, and stalking, as well as the definition of consent in reference to sexual activity; information about safe and positive options for bystander intervention; information on risk reduction; and information on University policies and procedures concerning sexual misconduct. Education and awareness programs may also include programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault, and stalking. Educational programs will also include information on how and where to report incidents of sexual misconduct and available resources. Efforts are made to ensure that educational programs are culturally relevant and inclusive of the diverse communities and identities found on each IU campus.

All new incoming and transfer students are required to complete both the pre- and post- sections of MyStudentBody. The sexual violence portion of the course is included as a required assignment for freshman during their first year seminar course, while other sections are optional. MyStudentBody takes an evidence-based (BASICS), comprehensive approach to prevention. MyStudentBody is designed to reduce risky student behavior using strategies that research has shown are most effective: motivational, attitudinal, and skill-building interventions. As part of MSB’s “Essentials” Course, Sexual Violence Prevention includes articles designed to both help prevent sexual violence from occurring and help students who have experienced sexual violence. MyStudentBody does pre and post testing to evaluate what students learned through the program.  

  MyStudentBody is available 24/7, all semester long for information on drugs, alcohol, sexual violence, and other health and wellness issues that can affect academic success.                   | hwpindy@iupui.edu |

In addition, all employees that the University has designated as “Responsible Employees” (based on Title IX guidance) are required to take the online module on an annual basis, and new employees are notified to take the training upon joining the university.  

  The module contains important information to inform employees about the University’s prohibition and response to all forms of sexual misconduct. This includes key definitions (including sexual assault, dating violence, domestic violence, stalking, and consent), information on bystander intervention and risk reduction, signs of abusive relationships, an overview of the University process, and what happens when information regarding an incident of sexual misconduct is brought to the University’s attention. Safe and Positive Options for Bystander Intervention
The Clery Act defines bystander intervention as, “Safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.”

All members of the IU community have a responsibility to create a safe, supportive, and inclusive learning environment. Bystander Intervention involves taking action in a situation when another individual needs help. This includes when someone may be at medical risk due to using drugs or alcohol, or vulnerable to sexual or intimate partner violence. To actively intervene, follow these steps:

1. Notice the event. Pay attention to your surroundings.
2. Interpret the event as a problem. Recognize that someone is being taken advantage of, vulnerable, or in danger. When in doubt, trust your gut, and intervene at the earliest possible point.
3. Take personal responsibility to intervene. If you don’t intervene, it is unlikely that anyone else will.
4. Decide how you are going to intervene. Try not to put yourself at risk or make the situation worse.
5. Decide to intervene. Take action and intervene at the earliest possible point. If you are not able to fully intervene in a situation, consider responding by asking the victim if they need help or assistance, contacting the police, or seeking out others for assistance.
Types of Intervention:

- **Direct intervention:** Directly addressing the situation in the moment to prevent harm.
- **Delegation:** Seeking help from another individual. This may be someone who is in a role of authority, such as a police officer or campus official.
- **Distraction:** Interrupting the situation without directly confronting the offender by distracting the offender’s attention or directing the potential victim away from the situation.

Remember to always call 911 in emergency situations. Most importantly, **“If you see something, say something!”**

**Risk Reduction**

The Clery Act defines risk reduction as, “Options designed to decrease perpetration and bystander inaction; increase empowerment for victims in order to promote safety; and help individuals and communities address conditions that facilitate violence.” Sexual assault, like all other forms of violence, is **never** the fault of the person assaulted. Below are some general safety tips to consider that may help you avoid or escape situations where someone is trying to harm or take advantage of you sexually or physically:

1. Be aware of your surroundings.
2. Listen to your intuition. If you feel like something is wrong, it probably is. Try to get out of the situation.
3. Don’t be afraid to make a scene and yell, scream, or run for protection.
4. Remember, alcohol and drugs can impair your perceptions and reactions. Be especially careful when you drink, and when you’re with someone who has been drinking.
5. Watch your beverage at all times. Date rape drugs are tasteless, colorless, and odorless. Victims don’t know they have ingested these drugs until the effects are well under way.
6. Go with a group of friends when you go out to a party or to the bars, and look out for each other.
7. Speak up or call authorities if you see someone who could be in trouble.

**Healthy, Unhealthy, and Abusive Relationships**

A relationship is healthy if each individual involved is supported in being the person they want to be. A relationship that limits, manipulates, or damages a person’s sense of self is unhealthy and can be harmful or abusive. Be honest when assessing your relationship on the following factors – you owe it to yourself!

- **Mutual respect** means valuing your partner for who they are, not who you want them to be or become, and receiving the same from your partner. Does your partner say, do, and believe things that you can support? Or, is one of you trying to change the other?
- **Trust** is present if you can share your thoughts and feelings with another person without fear of being hurt physically, cognitively or emotionally. Can you be yourself without fear of criticism or judgment? Can your partner trust you in the same way?
- **Honesty** is about being truthful in your words. Do you tell the truth? Do you believe what your partner tells you?
- **Support** means helping your partner in being his or her best, and feeling you get the same in return.
- **Fairness/equity** – Do you almost always give? Or give in? Do you expect your partner to do it your way? Healthy relationships involve give and take, compromise, and negotiation by all parties.
- **Separate identities** – Relationships are healthy when each individual shares their true self with their partner. Each continues to grow both in and out of the relationship. If you feel like you are losing yourself or your unique identity, you may be in a harmful relationship.
- **Effective communication is essential** — Don’t get caught in the trap of believing your partner should know what you want, need, mean, or feel. Humans are rarely good mind readers, especially in intimate relationships. Do you and your partner take time to communicate? Does your partner really listen and work to understand you? Do you do this for your partner?
Harmful and abusive behaviors may come in many forms, and may include the following:

- **Intimidation** – actions, gestures, looks used to make another fearful
- **Emotional abuse** – name calling or humiliation causing the other to feel unworthy
- **Isolation** – limiting interactions and information in order to establish control
- **Minimizing/Denying/Blaming** – making light of the abusive behaviors causing the other to doubt their own feelings or perceptions
- **Dominance** – treating another as a lesser being and controlling all decisions
- **Economic abuse** – limiting another’s access to work, money, food, or other resources to exert control
- **Coercion or Threats** – making threats to harm someone in order to control another’s behaviors

Here are some rules for healthy sexual relationships:

- It is the responsibility of the person initiating sexual contact to ask for and clearly receive consent before acting.
- If someone is incapacitated by alcohol or another substance, that person is considered unable to make clear decisions about consent.
- If your partner expresses uncertainty or says no, it is your responsibility to STOP. Healthy sexual relationships are based on continuous communication about consent.

Procedures a Victim should follow if a crime of Domestic Violence, Dating Violence, Sexual Assault or Stalking Occurs

After an incident of sexual assault, dating violence or domestic violence, the victim should consider seeking medical attention as soon as possible. In Indiana, evidence may be collected even if you choose not to make a report to law enforcement. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where the individual was assaulted if the offense occurred within the past 96 hours. This may allow evidence to be preserved that may assist in proving that the alleged criminal offense occurred/ is occurring, or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted infections. Victims of sexual assault, domestic violence, stalking, and/or dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, and other communications, as well as keeping pictures, logs or other copies of documents, if they have any, that would be useful to University adjudicators/investigators and/or police.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, and/or obtaining protection orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, they nevertheless should consider speaking with the IUPD or other law enforcement to preserve evidence in the event that the victim decides to report the incident to law enforcement or the University at a later date. This may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protection order. This information is also provided in the Sexual Misconduct: Rights, Options, and Resource Guide, which can be found in Appendix C of this report.

**Reporting the Incident**

If you are the victim of any violence, including dating violence, domestic violence, sexual assault, or stalking, you are encouraged to seek help immediately. Available reporting options are listed below.

Involvement of Law Enforcement

Although the University strongly encourages all members of its community to report crimes to law enforcement (including on campus law enforcement and/or local police), it is the victim’s choice whether or not to make such a report. Furthermore, victims have the right to decline to notify law enforcement. However, the following University offices will assist any victim with notifying law enforcement if the victim so desires.

If you choose to report the incident to the IUPD, an officer will take a statement from you regarding what happened. The officer will ask you to describe the assailant(s) and may ask questions about the scene of the crime, any witnesses, and what happened before and after the incident. If you wish, you may have a support person with you during the interview. IMPORTANT: Reporting an incident to the police is a separate step from choosing to prosecute. By filing a report, you are NOT obligated to continue with legal proceedings or University disciplinary action. (See “Requests for No-University Action” under Confidentiality and Privacy). However, prosecutors could still decide to bring charges.
and/or the University may still choose to subject the respondent to disciplinary proceedings.

There are numerous reasons to report to the IUPD, including:

- Assisting the victim and helping the victim access necessary resources;
- Taking actions to prevent further victimization, including issuing a crime notice to warn the campus community of an impending threat to safety;
- Apprehending the assailant;
- Collection and preservation of evidence necessary for prosecution;
- Seeking justice for the wrong that has been done to the victim; and
- Having the incident recorded for purposes of reporting statistics about incidents that occurred on campus.

If a crime did not occur on University property, IUPD can still assist in contacting the appropriate law enforcement agency.

Protection Orders

IU will recognize all valid orders of protection, no contact orders, restraining orders, or similar lawful orders. If you have a valid order, please inform the IUPD to place the order on file. IUPD has authority to enforce violations of valid lawful orders of protection, no contact orders, restraining orders, or similar lawful orders. In addition, IUPD can serve the respondent of a court order of protection if the respondent is on campus. If you need to file a Petition for an Order of Protection, you can do so at the Marion County Superior Criminal Court Office. To learn more about protection orders or to get assistance with filing, contact the Indiana Coalition Against Domestic Violence (ICADV) hotline at 1.800.332.7385.

Student victims may also request changes in University classroom, academic, and/or living arrangements; these requests will be granted when such changes are reasonably available.

The University may also impose a No Contact Order during and following disciplinary proceedings for sexual misconduct.

Written Notification to Student and Employee Victims

Upon receipt of a report of domestic violence, dating violence, sexual assault or stalking (regardless if the offense occurred on or off campus), Indiana University will provide written notification to the student and/or employee victim about their rights and options. This includes information about existing resources and services such as counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other available resources and services on campus and in the community. Written notification will also be provided about the victim’s options for the involvement of appropriate local law enforcement, including the option to notify law enforcement authorities, be assisted by campus authorities in notifying such law enforcement authorities if the individual chooses, and the option to decline notifying such authorities. These resources include the following:

**Protective Measures**

Students and employees who report being a victim of sexual misconduct, including dating violence, domestic violence, sexual assault or stalking, will also be provided written notification for options and requesting assistance in changing academic, living, transportation, and working situations, as well as information about other available protective measures. This written notification is located in Appendix D of this report. If reasonably available, the University will make requested accommodations, regardless of whether the victim chooses to report the crime to University police or local law enforcement. The University will maintain as confidential any accommodations or protective measures provided, to the extent maintaining such confidentiality would not impair the ability of the institution to provide accommodations or protective measures. Appropriate and reasonably available protective measures may be available regardless of whether the victim chooses to report the crime to campus or local law enforcement.

To request a change in academic, living, transportation, working situation or other protective measures, contact:

- Assistant Director for Interpersonal Violence Prevention and Response (317) 274-2503
- Office of Equal Opportunity (317) 274-2306

Examples of options for a potential academic change may be to transfer to a different section of a class, withdraw and take a class at another time if there is no option for moving to a different section, etc. Potential changes to living situations may include moving to a different room or residence hall. Possible changes to work situations may include changing working hours or working location. Possible changes in transportation may include having the student or employee park in a different location, assisting the student or employee with a safety escort, etc.

The University may also impose a No Contact Order during and following disciplinary proceedings for Sexual Misconduct.

**Procedures the University Will Follow with Reports of Sexual Misconduct**

The University’s institutional disciplinary procedures consist of a prompt, fair and impartial process from the initial investigation to the final result. Investigators and adjudicators, including members of any appeals boards, are trained annually on the issues related to domestic violence, dating violence, sexual assault, and stalking and taught how to conduct an investigation and hearing process that protects the safety of the complainant and promotes fairness and accountability.

The Sexual Misconduct Policy includes the following “Summary of Rights for the Complainant and Respondent in Sexual Misconduct Procedures” which includes:

- To be fully informed of University policies and procedures as well as the nature and extent of all alleged violations contained within the allegation.
- To be treated with respect by University officials.
- To have an advisor present during a University sexual misconduct proceeding, investigation meeting, or related meeting. The role of the advisor will be limited to being present only; they will not be allowed to speak during any University sexual misconduct proceeding, investigation meeting, or related meeting.
- Adequate, reliable, and impartial investigation and appropriate resolution of all reports of sexual misconduct.
- To be informed by the University of options to notify proper law enforcement authorities including on-campus and local police, and the option to be assisted by campus authorities in notifying proper law enforcement, if the individual chooses.
• To be notified of available counseling, mental health, academic, legal and other support services, both at the University and in the community.
• To have allegations investigated by individuals who are properly trained to investigate and resolve allegations of sexual misconduct.
• Equitable participation in the investigation and disciplinary process, including the opportunity to identify witnesses and other appropriate evidence.
• To the use of the preponderance of the evidence standard (more likely than not) in determining responsibility.
• The right to appeal as set forth in these procedures.

As indicated in the above summary of rights for both parties, under the Sexual Misconduct Policy and procedures, the Complainant and Respondent may have the advisor of their choice present at any point of the disciplinary process.

To the extent possible, the Complainant and the Respondent will be notified simultaneously in writing of the outcome and results of any disciplinary proceedings, any changes to the results before they are final, as well as when the results are final. The Complainant and the Respondent will also be notified simultaneously in writing of the University’s procedures for the complainant or the respondent to appeal the decision.

The University will, upon written request, disclose to the alleged victim of a crime of violence (as defined in section 16, of title 18, United States Code), or non-forcible sex offense (Incest or Statutory Rape), the results of any disciplinary hearing conducted by the University against the student who is the alleged perpetrator of the offense. If the alleged victim is deceased as a result of the crime or offense, the University will provide the results of the disciplinary hearing to the victim’s next of kin, if so requested.

Appendix B of this report provides the full IU Sexual Misconduct Policy and procedures.

Institutional Disciplinary Procedures

Incidents of Student Sexual Misconduct

The Indiana University Sexual Misconduct Policy is provided in Appendix B. The Sexual Misconduct Policy contains the procedures that apply when handling cases that involve dating violence, domestic violence, sexual assault, stalking, and all forms of sexual misconduct when the accused is a university student. Please see Appendix B under the section “Procedures for Responding to Incidents Involving Allegations of Student Sexual Misconduct” for the full procedures.

Incidents Involving Allegations of Faculty or Staff Sexual Misconduct

The Indiana University Sexual Misconduct Policy is provided in Appendix B. The Sexual Misconduct Policy contains the procedures that apply when handling cases that involve dating violence, domestic violence, sexual assault, stalking, and all forms of sexual misconduct when the accused is a university faculty or staff member. Please see Appendix B under the section “Procedures for Responding to Incidents Involving Allegations of Faculty or Staff Sexual Misconduct” for the full procedures.

Sanctions

The University may impose sanctions on the respondent following a final determination of responsibility following University disciplinary procedures.

Possible sanctions for cases in which students are found in violation of the Student Code for acts of sexual misconduct include:
• formal warnings,
• behavioral assessment and/or counseling,
• required educational training,
• housing expulsion,
• no contact order,
• no trespass order,
• disciplinary probation,
• deferred suspension,
• suspension,
• required re-entry meeting, and/or
• permanent expulsion

(See Appendix B)

For employees, the University may impose any of the following sanctions (See Appendix B):

1. Level One Sanctions include sanctions that do not directly modify job duties or actual salary, such as informal discussions, additional training, periodic review, letter to personnel file (other than to promotion and tenure dossier which is included in Level Two Sanctions below). Level One Sanctions shall not be appropriate in the event the respondent was found responsible for sexual assault or other sexual violence.

2. Level Two Sanctions include sanctions that directly modify job duties, salary or job status, including withholding compensation, consideration in tenure or promotion decisions, suspension and termination.

Dating violence, domestic violence, sexual assault and stalking may be found to be criminal acts, which may also subject the perpetrator to criminal or civil penalties under federal and state laws.

Confidentiality and Privacy

Confidential Employees

Certain University employees – based on their own professional licensure and the nature of their role on campus – are available to speak with individuals about incidents of sexual misconduct and maintain the individual’s desire for anonymity and confidentiality. These confidential employees are exempt from the reporting requirements that apply to Responsible Employees regarding sexual misconduct. Individuals who desire confidentiality in discussing and seeking assistance about sexual misconduct should contact and/or be referred to a confidential employee.

The University’s confidential employees include, but are not limited to:

• Licensed, professional mental health counselors working in that capacity, and those they supervise;
• Health care professionals and staff located in on-campus health care centers; and
• Any staff or specialists on a campus specifically designated as non-professional sexual assault advocates.

Certain specifically identified non-professional student advocates and health center staff do not have to share identifying information unless you provide your consent. However, they are obligated to provide non-identifying information regarding the nature, date, time, and general location of the incident for purposes of compiling aggregate annual crime statistics and assessing the need to alert the University community of potential dangers.

Note, faculty, staff and other employees who are licensed mental health workers or are licensed medical workers, but who are not working in that capacity, such as faculty members in psychology, social work, nursing, etc., are not confidential employees under this policy. The University shall identify and publicize confidential employees. See the Stop Sexual Violence website at http://stopsexualviolence.iu.edu/help/confidential.html as well as the following chart for available confidential employees on this campus. You should discuss your desires regarding the sharing of information with any University employee with whom you speak to ensure you understand their reporting obligations and what information they may be required to share.
Privacy

The University is committed to safeguarding the privacy of the parties in a manner consistent with the objective to effectively investigate and prevent incidents of sexual misconduct. In all cases, the University will share the parties’ information and details of the allegation only with University officials, law enforcement personnel, and other individuals who have a legitimate administrative or legal reason to be so informed. Records will not be disclosed outside the University unless required by law or subpoena.

All individuals with knowledge of an alleged incident of sexual misconduct are expected to safeguard the privacy of those involved and should refrain from discussing the incident with anyone other than appropriate University officials and law enforcement.

To protect privacy, the University completes publicly available recordkeeping, including Clery Act reporting and disclosures, without the inclusion of personally identifying information about the victim.

Requests for No-University Action

If an individual discloses that they have experienced an incident of sexual misconduct to a Responsible Employee, but requests that the University not investigate the particular incident, requests that no disciplinary action be taken, requests that the alleged perpetrator not be notified, or makes any similar request, the University will consider such request(s), and in general work to honor them. The Responsible Employee must still report the information to the University or campus Deputy Title IX Coordinator, but should also convey the individual’s desired request(s). The University will weigh such requests against its obligation to provide a safe, non-discriminatory environment for all students, including the individual who experienced the sexual misconduct. If the University determines that it is able to honor the individual’s request(s), the individual should understand that the University’s ability to meaningfully investigate the incident and/or respond appropriately may be limited.

The University has designated the following individual(s) to evaluate an individual’s request for limited or no action by the University in connection with a report of sexual misconduct: the University Title IX and Deputy Title IX Coordinator(s), in consultation with relevant administrators on each campus and University legal counsel, where appropriate.

Please note that under Indiana law, any person who has a reason to believe a person under the age of 18 is a victim of abuse or neglect, including relationship violence or assault, must make a report to the Indiana Department of Child Services and/or to local law enforcement. In addition, the University also requires that faculty, staff, students, volunteers, and other University personnel report any suspected abuse or neglect of minors on Indiana University property or as part of an Indiana University program to the IU Superintendent of Public Safety. This information will be shared with the Indiana Department of Child Services.
XIV. Obtaining Registered Sex Offender Information

Effective January 1, 2003, Zachary’s Law requires sheriff’s departments to jointly establish and maintain the Indiana Sheriffs’ Sex Offender Registry to provide detailed information about individuals who register as sex or violent offenders. The purpose of the registry is to inform the general public about the identity, location, and appearance of sex and violent offenders who live, work, or study in Indiana. Under the federal Campus Sex Crimes Prevention Act, any sex offender who is already required to register in any U.S. state must provide notice to any institution of higher education in the state(s) in which that person is employed, carries on a vocation, and/or is a student.

- The Indiana Sex and Violent Offender Registry can be accessed via: http://www.icrimewatch.net/indiana.php.
- The National Sex Offender Registry links public state, territorial, and tribal sex offender registries together and can be accessed via: http://www.nsopr.gov/.

XIV. Preparation of Disclosure of Crime Statistics

The IUPD prepares a disclosure of crime statistics and publishes it as part of this Annual Security Report by October 1 each year, adding new statistics for the previous year. Three years’ worth of statistics are included for certain types of crimes, as defined in the Clery Act, which were reported to have occurred: on campus; in certain non-campus buildings or property owned or controlled by the University; or on public property on or immediately adjacent to the campus. Reported crimes that occur in IU owned or controlled housing that are occupied by students, or in IU owned or controlled student apartments, are reported as occurring in on-campus residential units, a subset of the reported crimes already included in the on-campus category. Reports of crimes and attempted crimes are listed according to the calendar year in which the crime was reported, as required by the Clery Act, as are arrests and referrals for illegal alcohol, drug, and weapons violations. Statistics are based on IUPD records and those gathered annually by written request from cooperating law enforcement agencies and campus security authorities.

Each year, enrolled students, faculty, and staff are notified via email when the new Annual Security Report is available, which is generally on or before October 1. Prospective students and prospective employees are notified of the report during application processes.

Statistics are reported using the Uniform Crime Reporting (UCR) Program and other definitions determined in the Clery Act. These definitions are listed in Appendix A of this report.
Disclosure of Annual Crime Statistics

IUPUI students completing coursework at IPFW have full IPFW campus privileges; therefore statistics in this table are based on the entire on-campus, on-campus residence and public property reported by IPFW. Non-campus locations are based only on locations used by the IUPUI student.

Appendix B – Indiana University Sexual Misconduct Policy (UA-03)

Indiana University prohibits discrimination on the basis of sex or gender in its educational programs and activities. Discrimination on the basis of sex or gender is also prohibited by federal laws, including Title VII and Title IX.

This policy governs the University’s response to discrimination based on sex or gender, and all forms of sexual misconduct (which includes sexual harassment, sexual assault, other forms of sexual violence, dating violence, domestic violence, sexual exploitation and stalking (see Definitions below). Such behaviors are against the law and are unacceptable behaviors under Indiana University policy. (See the Indiana University Non-Discrimination Policy here.) These unacceptable behaviors are hereafter referred to as “Sexual Misconduct.” The University does not tolerate sexual misconduct and it will take action to prevent and address such misconduct. The University has jurisdiction over all Title IX and related complaints. Questions about Title IX may be directed to Indiana University's Title IX Coordinator, or the Office of Civil Rights (See Additional Contacts below).

Individuals who have experienced sexual misconduct are strongly urged to promptly report such incidents. Indiana University will respond promptly to all reports of sexual misconduct. According to the procedures below, the University will provide a fair and impartial investigation and resolution for complaints and, where appropriate, issue sanctions and remedial measures. The severity of the corrective action, up to and including termination or expulsion of the offender, will depend on the circumstances of the particular case. Any person who is a responsible employee (as defined below), at the University, such as administrators, supervisors, managers or faculty members, and who has received information or has knowledge of sexual misconduct, must make a report to designated University officials or be subject to disciplinary action (see section on Responsible Employees below). Retaliation against anyone who makes a report of sexual misconduct is prohibited by University policy as well as Title IX and other state and federal laws.

Procedures for reporting incidents of sexual misconduct, and investigating and adjudicating sexual misconduct complaints are part of this policy and are included or linked below. In appropriate cases, and upon consultation with the Vice President and General Counsel, the University reserves the right to take prompt action in accordance with other university procedures.

On or Off Campus Behaviors

This policy applies to sexual misconduct that occurs on campus or in the context of any University program or activity, including off-campus conduct in the context of a University program or activity. This policy also applies to sexual misconduct that has a continuing adverse effect or creates a hostile environment on campus or in any University program or activity whether on or off campus. Prohibited conduct that takes place off campus includes, but is not limited to, sexual misconduct in connection with an academic course assignment, internship, practicum, field trip, study abroad program, student teaching, research, or other University activity; or sexual misconduct in connection with any activity sponsored, conducted, or authorized by the University or by a student organization; or where the sexual misconduct undermines the security of the University community or the integrity of the educational process or poses a serious threat to self or others. Where a student organization has contributed to or created a hostile environment in connection with an incident of sexual misconduct, the student organization will be subject to discipline and appropriate sanctions.

Sexual Harassment

Sexual harassment is unwelcome conduct or behavior of a sexual nature. Sexual harassment includes sexual violence (see definition). Both violent and non-violent sexual harassment is prohibited. Sexual harassment can include unwelcome sexual advances, requests for sexual favors and other verbal, nonverbal, written, electronic (e.g. by e-mail, text, social media, etc.), or physical conduct of a sexual nature. Sexual harassment occurs when:

1. submission to or rejection of such conduct is made either explicitly or implicitly a condition of an individual’s employment or academic standing or is used as the basis for employment decisions or for academic evaluation, grades, or advancement (quid pro quo), or when
2. such conduct is sufficiently severe, pervasive or persistent to limit or deny a person’s ability to participate in or benefit from the University’s educational programs or affects employment, creating a hostile environment.

Sex/Gender-Based Discrimination

Sex/Gender-based discrimination is verbal, nonverbal, graphic, or physical aggression, intimidation, or hostile conduct based on sex, sex-stereotyping, sexual orientation or gender identity, but not involving conduct of a sexual nature, when such conduct is sufficiently severe, persistent, or pervasive that it interferes with or limits a person’s ability to participate in or benefit from the University’s education or work programs or activities. For example, persistent disparagement of a person based on a perceived lack of stereotypical masculinity or femininity or exclusion from an activity based on sexual orientation or gender identity is prohibited under this policy.

Sexual Assault

Sexual assault includes:

1. Non-consensual Sexual Penetration is committed when an individual subjects another person to sexual penetration (see below) without the consent of the person, and/or by force.

2. Non-consensual Sexual Contact intentional sexual touching by an individual of the intimate area of another person (i.e., genitals, breasts, buttocks) or intentional sexual touching of another person with any of these body parts, without the consent of the person, and/or by force.

Consent

Consent is an agreement expressed through affirmative, voluntary words or actions, and mutually understandable to all parties involved, to engage in a specific sexual act at a specific time:

- Consent can be withdrawn at any time, as long as it is clearly communicated.
- Consent cannot be coerced or compelled by force, threat, deception or intimidation.
- Consent cannot be given by someone who is incapacitated, as defined below.
- Consent cannot be assumed based on silence, the absence of “no” or “stop”, the existence of a prior or current relationship, or prior sexual activity.

Incapacitated

A person is incapable of consent if they are unable to understand the facts, nature, extent, or implications of the situation due to drugs, alcohol, a mental disability, being asleep or unconscious, or based on their age (pursuant to Indiana law).

Consent does not exist when the individual initiating sexual activity knew or should have known of the other person’s incapacitation.

Intellectual Inquiry and Debate

In determining whether sexual misconduct has occurred and what type of remedy, if any, might be appropriate in a given case, the University will also consider the fact that free intellectual inquiry, debate, and constructive dialogue are vital to the University’s academic mission and must be protected even when the views expressed are unpopular or controversial. Accordingly, any form of speech or conduct that is protected by state or federal law, including the First Amendment, is not subject to this policy.

The definition of sexual harassment in this policy is meant neither to proscribe nor to inhibit discussions, in or out of the classroom, of complex, controversial, or sensitive matters, including matters involving sex, gender, sexuality, sexual orientation, sexual behavior, or gender identity or expression, when in the judgment of a reasonable person they arise for legitimate pedagogical purposes. This includes intellectual inquiry, debate, and dialogue on issues of sexual misconduct. The mere expression of views, words, symbols or thoughts that some people find offensive, does not create a hostile environment.
Awareness, Education, Prevention and Training Programs

Every IU campus shall publicize and provide ongoing educational programming for students, employees and other members of the University community to promote awareness of the problems caused by sexual misconduct and to help prevent and attempt to reduce the risk of the occurrence of sexual misconduct. Educational programs will include information on how and where to report incidents of sexual misconduct, resources available, as well as safe and positive options for bystander intervention that may be carried out by individuals to prevent harm or intervene when there is a risk of sexual misconduct being inflicted on another person. Efforts will be made to ensure that educational programs are culturally relevant and inclusive of the diverse communities and identities found at each IU campus.

Employee training shall be provided to those involved in reporting, receiving reports, investigating, adjudicating and otherwise responding to charges of sexual misconduct at the University. Certain training may be mandated by applicable federal or state law. The appropriate training will be tailored to the audience, and include reporting and response obligations, available resources, as well as information about how to prevent and identify sexual misconduct. Individuals specifically involved in implementing the University’s sexual misconduct procedures will be trained on issues and applicable policies and procedures relating to sexual misconduct, as well as how to conduct the investigation and hearing process in a manner that protects the safety of all parties and promotes fairness and accountability.

Resource Information

The University will disseminate campus-specific information regarding available on and off campus resources through various methods including, the University’s Stop Sexual Violence Website, programming, and other relevant materials such as campus specific brochures. Resource information will include, but is not limited to:

- University and community psychological and counseling resources;
- University and community medical resources (including the availability of nurses trained in sexual assault response);
- Resources for non-U.S. citizens (visa, immigration, and translation assistance);
- How to report an incident of sexual misconduct to the University and local law enforcement;
- Available confidential employees and student advocates;
- Information and assistance regarding adjustments to academic housing, financial aid, obtaining no contact orders, and other needs on campus;
- Community resources such as legal assistance and obtaining protective orders.

Duties of Title IX Coordinator

Indiana University’s Title IX Coordinator will be informed of all reports of sexual misconduct, and will oversee the University’s review, investigation, and resolution of those reports to ensure the University’s compliance with Title IX, and related laws, and the effective implementation of this policy. The Title IX Coordinator will have adequate training on what constitutes sexual harassment, including sexual violence.

The Title IX Coordinator is:
1. Responsible for oversight of the investigation and resolution of all reports of sexual harassment, sexual violence, stalking, and domestic and dating violence involving students, staff, and faculty;
2. Knowledgeable and trained in University policies and procedures and relevant state and federal laws;
3. Available to advise any individual, including a complainant, a respondent, or a third party, about the courses of action available at the University, both informally and formally, and in the community;
4. Available to provide assistance to any University employee regarding how to respond appropriately to a report of sexual misconduct;
5. Responsible for monitoring full compliance with all procedural requirements, record-keeping, and timeframes outlined in this policy;
6. Responsible for overseeing training, prevention, and education efforts, and any reviews of
climate and culture; and
7. Responsible for providing the University aggregate, non-identifying information in regard to reports, investigations, resolutions, and sanctions.

Deputy Title IX Coordinators for each campus will be responsible for tracking and reporting to the University Title IX Coordinator all incidents of sexual misconduct on their respective campus. Deputy Title IX Coordinators will work with the University Title IX Coordinator to ensure that the appropriate designated campus officials are involved in investigating and adjudicating complaints according to this Sexual Misconduct Policy and other applicable University policies and procedures.

Deputy Title IX Coordinators and senior student affairs professionals on each campus will work with the University Title IX Coordinator to ensure that adequate education, training, sanctions, and appropriate resources are available and provided on their respective campus. Student affairs professionals are expected to assist in educating the campus community and directing those who report an incident of sexual misconduct to the appropriate campus resources.

Reason For Policy

Indiana University is committed to the safety and well-being of all members of the University community including students and employees. Indiana University recognizes that sexual misconduct may result in grave and often long-lasting effects on those involved and is committed to timely investigation of allegations of sexual misconduct, use of interim measures when appropriate, and appropriate actions and consequences following investigations.

Indiana University is committed to compliance with state and federal laws regarding sexual misconduct, required reporting to state and federal agencies, and to working with law enforcement officials and agencies. The University is also committed to using its resources in research and education to improve preventative programs.

Immediate Assistance

In an emergency or if you see a crime in progress, always call 911 immediately.

Each campus of the University shall provide, publicize and keep updated, information for immediate assistance, including contact information for emergency and medical assistance, counseling services, as well as local law enforcement. Information about ways to report anonymously or to speak to a confidential employee will also be provided for each campus (see Confidential Employee section).

The University and each campus will provide written information to anyone who reports to the University that they have experienced sexual misconduct, about:
• University procedures dealing with sexual misconduct, including to whom and how the alleged offense should be reported, as well as their rights and options;
• The importance of preserving evidence that may assist in proving the alleged criminal offense occurred, as well as how to preserve such evidence;
• Options about the involvement of law enforcement;
• Rights and University responsibilities with respect to orders of protection and how to obtain such orders; and
• Available campus and community resources.

This information will also be widely publicized on http://stopsexualviolence.iu.edu/.

Reporting an Incident

In an emergency or where immediate help is needed, call 911.

Anyone wishing to report an incident of sexual misconduct can do so using the following methods:
• Reporting directly to campus or local law enforcement if the incident involves sexual violence;
• Reporting directly to the student judicial conduct office or Dean of Students for the campus;
• Reporting directly to the Deputy Title IX Coordinator for the campus; or
• Reporting directly to the University Title IX Coordinator.

All reports of sexual misconduct made to a Responsible Employee that are not initially reported to the Deputy Title IX Coordinator(s) for the respective campus, will be shared with the Deputy Title IX Coordinator(s) as well as the University Title IX Coordinator in a timely manner. In addition, if a report
of sexual misconduct is not made initially to the Indiana University Police Department (IUPD), and the information indicates it may be a crime reportable under the *Clery Act*, non-identifying information regarding the date, time, location and nature of the crime will be shared with IUPD for purposes of complying with the *Clery Act*. If the University and/or Deputy Title IX Coordinator(s) receive a report that indicates law enforcement should be informed and involved due to the potential threat to health and safety of an individual or the University community, they may also share the identifying information needed for appropriate response by IUPD (*see Confidentiality and Privacy section*).

**Procedure**

**Sexual Misconduct Involving a Child/Minor**

Sexual misconduct involving a child/minor (anyone under 18 years of age) must be reported. Indiana state law requires that *any person* who has reason to believe that a child/minor is a victim of child abuse or neglect (including sexual misconduct) has an affirmative duty to make an oral report to Child Protective Services (CPS) *1-800-800-5556* or to their local law enforcement or to the IU Police Department. Failure to report may result in criminal charges. See the IU policy on *Programs Involving Children* for more information.

**Amnesty**

The University strongly encourages students to report instances of sexual misconduct. Therefore, students who report an incident of sexual misconduct will not be disciplined by the University for any violations of the Code of Students Rights and Responsibilities related to their drug and/or alcohol consumption in connection with the reported incident of sexual misconduct. Students are also afforded immunity against certain charges for alcohol related crimes under Indiana’s Lifeline Law in connection with a report of a medical emergency, so long as they cooperate with law enforcement at the scene. (*See IC 7.1-5-1-6.5*)

**Retaliation**

Protections against retaliation are critical to reducing the prevalence of sexual misconduct within the University community. Retaliation against anyone who has reported an incident of sexual misconduct, provided information, or participated in procedures or an investigation into a report of sexual misconduct, is prohibited by the University and will not be tolerated. Acts of retaliation include intimidation, threats, and/or harassment, whether physical or communicated verbally or via written communication (including the use of e-mail, texts and social media), as well as adverse changes in work or academic environments or other adverse actions or threats. The University will take steps to prevent retaliation, and will impose sanctions on anyone or any group who is found to have engaged in retaliation in violation of this policy. Concerns about potential retaliation in connection with a report of sexual misconduct should be reported to a Deputy Title IX Coordinator or the University Title IX Coordinator.

**The Role of a Responsible Employee to Report and Respond to Sexual Misconduct**

The University encourages anyone who has experienced sexual misconduct to talk to someone about what happened, to ensure they are informed of the available support, resources and applicable complaint processes and to allow the University to respond appropriately. The information below explains the obligations of certain employees to report information brought to their attention regarding incidents of sexual misconduct to the appropriate University officials.

**Responsible Employees**

Pursuant to Title IX, a “responsible employee” includes those University employees who have the authority to redress sexual misconduct, who have the duty to report incidents of sexual misconduct, or who a student could reasonably believe has this authority or duty.

The University’s responsible employees include, but are not limited to:
All instructors, including full-time professors, adjuncts, lecturers, associate instructors (AIs), teaching assistants (TAs), and any others who offer instruction (whether in-person or online) or office hours to students;
- All advisors;
- All coaches, and other athletic staff who interact directly with students;
- All student affairs administrators;
- All residential hall staff;
- All employees who work in offices that interface with students; and
- All supervisors and University officials.

When an individual tells a responsible employee about an incident of sexual misconduct, that individual has the right to expect the University to take immediate and appropriate steps to investigate what happened and to resolve the matter promptly and equitably. Therefore, Responsible Employees have an obligation to report the information as explained below, as well as assist the individual in seeking medical attention and emergency response where appropriate, in understanding available resources on and off campus (see Resource Information section), and in understanding their options in making a criminal complaint as well as a complaint through the University’s procedures set forth in this policy.

If the incident is an emergency or poses a serious and continuing threat, the responsible employee should first call 911 or campus police immediately. In all situations, a responsible employee must report to the Title IX Coordinator or the Deputy Title IX Coordinator for their campus. The responsible employee must report all relevant details of the alleged sexual misconduct that are known or reasonably known to them, or that have been shared with them, that the University will need to be aware of to determine what happened. This includes the names of the individual(s) affected and alleged perpetrator(s), any witnesses, and any other relevant facts, including the date, time and specific location of the alleged incident. A responsible employee should not discuss or share any information related to the incident, including the individual’s name, with anyone other than the Deputy and University Title IX Coordinators, and those directly involved in handling the University’s response, unless they received the individual’s prior consent or in the event of an emergency or existing threat to anyone’s health and safety.

Supervisors may request a responsible employee to notify them if the responsible employee has made a report about an incident of sexual misconduct, however the supervisor may not require the responsible employee to share any details about the incident. Supervisors may contact the Deputy Title IX Coordinator or the University Title IX Coordinator with any questions.

Responsible employees should make every effort to ensure that all individuals, including students, understand that the employee is legally obligated to make a report to the University Title IX Coordinator or a Deputy Title IX Coordinator in the event they are made aware of an incident of sexual misconduct.

In some instances, an individual who has experienced sexual misconduct may express a desire that the University not investigate the incident and/or not inform the individual accused. In those situations, the responsible employee must still report the information known to them, as required, but should also explain to the individual that the University will strongly consider the request, and will generally honor the request except in limited circumstances where the safety and well-being of the individual or the community outweighs the reasons for the request. (See Requests for No-University Action below.) In reporting the details of the incident to the Title IX Coordinator, the responsible employee should ensure they inform the Coordinator of the individual’s request. Responsible employees who are also Campus Security Authorities (CSA) under the Clery Act, will satisfy their CSA reporting obligation by reporting incidents of sexual misconduct to the Deputy Title IX Coordinator for their campus or the University Title IX Coordinator, who will ensure that the appropriate non-identifiable information is conveyed to IUPD for Clery purposes.

If an individual has not yet shared information with a Responsible Employee regarding an incident of sexual misconduct, and the individual wishes to maintain anonymity, the Responsible Employee may refer them to a Confidential Employee or off-campus resource (see Confidential Employees section). However, once a Responsible Employee has knowledge of an incident of sexual misconduct, they must...
Role of Law Enforcement

Any individual who has experienced sexual violence is encouraged to contact IUPD or local law enforcement.

IUPD responds to emergency situations on the IU campuses, and typically communicates and works with the University Title IX Coordinator and Deputy Title IX Coordinators to assist in investigations and incident response, as well as to track statistics for Clery Act reporting.

Individuals with a possible criminal case who have not made their initial compliant via the police will be provided with information about how to file a complaint with law enforcement. Individuals may also request assistance from campus authorities in notifying law enforcement. Individuals may decide not to notify law enforcement authorities, and proceed with a University investigation.

A University investigation under the procedures outlined in this policy may be initiated and/or proceed simultaneously with a criminal case. The University will cooperate with law enforcement, and if requested by law enforcement, defer its fact gathering for a brief period during the evidence gathering stage of a criminal investigation. However, the University will not consider its investigation on hold pending a criminal prosecution or investigation and will continue to communicate with individuals and address the need for any interim measures regarding safety and well-being, and resume its own fact gathering as soon as permitted.

The determination by law enforcement whether or not to prosecute a respondent or the outcome of a criminal proceeding does not determine whether a violation of University policy has occurred. Records of University proceedings may be subpoenaed for a criminal prosecution.

In some instances, based on a heightened threat, or potential threat to the safety of the individual(s) involved, or the larger University community, university officials may determine it is necessary to make a third party complaint to law enforcement, despite the individual’s decision not to do so. In such instances, the university will attempt to inform the individual prior to making a third party complaint.

Confidentiality and Privacy

Confidential Employees

Certain University employees – based on their own professional licensure and the nature of their role on campus are available to speak with individuals about incidents of sexual misconduct and maintain the individual’s desire for anonymity and absolute confidentiality. These confidential employees are exempt from the reporting requirements that apply to responsible employees (See Responsible Employees section). Individuals who desire anonymity in discussing and seeking assistance about sexual misconduct should contact and/or be referred to a confidential employee.

The University’s confidential employees include, but are not limited to:

- Licensed, professional mental health counselors working in that capacity, and those they supervise;
- Health care professionals and staff located in on-campus health care centers; and
- Any staff or specialists on a campus specifically designated as non-professional sexual assault advocates.

Note, faculty, staff and other employees who are licensed mental health workers or are licensed medical workers, but who are not working in that capacity, such as faculty members in psychology, social work, nursing, etc., are not confidential employees under this policy. The University shall identify and publicize confidential employees. Any Confidential Employee who is not a licensed mental health counselor or pastoral counselor serving in those roles, must provide non-identifying aggregate information regarding any Clery crime known to them directly to IUPD.

Privacy

The University is committed to safeguarding the privacy of the parties in a manner consistent
with the objective to effectively investigate and prevent incidents of sexual misconduct. In all cases, the University will share the parties’ information and details of the allegation only with University officials, law enforcement personnel, and other individuals who have a legitimate administrative or legal reason to be so informed. Records will not be disclosed outside the University unless required by law or subpoena.

All individuals with knowledge of an alleged incident of sexual misconduct are expected to safeguard the privacy of those involved and should refrain from discussing the incident with anyone other than appropriate University officials and law enforcement.

Requests for No-University Action

If an individual discloses they have experienced an incident of sexual misconduct to a responsible employee, but requests that the University not investigate the particular incident, requests that no disciplinary action be taken, requests that the alleged perpetrator not be notified, or makes any similar request, the University will consider such request(s), and in general work to honor them. The responsible employee must still report the information to the designated officials, but also convey the individual’s desired request(s). The University will weigh such request against its obligation to provide a safe, non-discriminatory environment for all students, including the individual who experienced the sexual misconduct. If the University determines that it is able to honor the individual’s request(s), the individual should understand that the University’s ability to meaningfully investigate the incident and/or respond appropriately may be limited. If, however, the University determines it must proceed under the circumstances, it will work to notify the individual in advance.

The University has designated the following individual(s) to evaluate an individual’s request for no or limited action by the University in connection with a report of sexual misconduct: the Title IX and Deputy Title IX Coordinator(s), in consultation with relevant administrators on each campus and University legal counsel, where appropriate.

Investigation

Upon receipt of a report of sexual misconduct, the University will respond promptly to investigate and provide interim measures where appropriate. Procedures after a report of sexual misconduct will follow the steps listed below depending on whether the respondent is a student or employee. Employees who are students may be subject to procedures for students or employees, or both, at the sole option of the University. Investigation of the alleged misconduct shall be conducted by the University Title IX Coordinator, a Deputy Title IX Coordinator, a student affairs official (if alleged student misconduct), or another appropriate designee. Information for the investigation may be provided by the parties, witnesses identified by any party, or the University. Information related to prior sexual history of the parties will be prohibited, except in very limited circumstances regarding prior sexual history between the parties where such information may be relevant to the issue of consent. However, consent will not be assumed solely on evidence of any prior sexual history.

Prior or subsequent conduct of the respondent may be considered in determining pattern, knowledge, intent, or motive. For example, evidence of a pattern of prohibited conduct by the respondent, either before or after the incident on question, regardless of whether there has been a prior finding of a Policy violation, may be deemed relevant to the determination of responsibility for the prohibited conduct under investigation. The determination of the relevance of pattern evidence will be based on an assessment of whether the previous or subsequent conduct was substantially similar to the conduct under investigation or indicated a pattern of similar prohibited conduct.

All investigators shall have the appropriate required and ongoing training on conducting sexual misconduct investigations, issues related to sexual misconduct and applicable University policies and procedures.

If the person identified as having engaged in sexual misconduct is not a student or employee of the University, the University shall take all appropriate measures to determine information regarding the individual, what occurred, whether another entity needs to be contacted to join in or assume an investigation (e.g. another institution of higher education), and to provide assistance in notifying the proper law enforcement authorities. The University will also provide interim and remedial measures,
to the extent possible, to protect the reporting individual and eliminate any hostile environment. If upon investigation, it is determined that an individual is responsible for sexual misconduct and has a continuing relationship with the University, the University shall consider appropriate sanctions to prevent further harm and eliminate the hostile environment.

The University reserves the right to investigate circumstances that may involve sexual misconduct in situations where no complaint, formal or informal, has been filed. In limited circumstances, the University reserves the right to reopen a case previously considered closed in the event of new information or other appropriate circumstances.

Interim and Remedial Measures

Upon receiving a report or notice of alleged sexual misconduct, the University will provide appropriate and necessary interim measures to the complainant. These protective and supportive measures may vary depending on the individual’s campus, the individual’s needs and the specific circumstances, and could include no contact orders; assistance in changing academic, living, transportation, and/or work situations; counseling services; victim advocacy services; and assistance in obtaining protective orders. Interim measures may also include suspension of the respondent pending completion of the investigation, depending on the nature of the allegations.

Upon a finding of responsibility for sexual misconduct following the university’s adjudication of the complaint, the university will take any additional and necessary remedial action with respect to the complainant and others members of the community, as well as the appropriate disciplinary action with respect to the person found responsible.

Certain support and protective measures and resources may also be available to an individual who has experienced sexual misconduct, regardless of whether they move forward with their complaint, depending on the individual’s campus, the individual’s needs and the specific circumstances.

Summary of Rights of the Complainant and Respondent in Sexual Misconduct Procedures

The rights of the parties to a sexual misconduct proceeding include:

- To be fully informed of University policies and procedures as well as the nature and extent of all alleged violations contained within the allegation.
- To be treated with respect by University officials.
- To have an advisor present during a University sexual misconduct proceeding, investigation meeting, or related meeting. The role of the advisor will be limited to being present only; they will not be allowed to speak during any University sexual misconduct proceeding, investigation meeting, or related meeting.
- Adequate, reliable, and impartial investigation and appropriate resolution of all reports of sexual misconduct.
- To be informed by the University of options to notify proper law enforcement authorities including on-campus and local police, and the option to be assisted by campus authorities in notifying proper law enforcement, if the individual chooses.
- To be notified of available counseling, mental health, academic, legal and other support services, both at the University and in the community.
- To have allegations investigated by individuals who are properly trained to investigate and resolve allegations of sexual misconduct.
- Equitable participation in the investigation and disciplinary process, including the opportunity to identify witnesses and other appropriate evidence.
- To the use of the preponderance of the evidence standard (more likely than not) in determining responsibility.
- The right to appeal as set forth in these procedures.

Procedures for Responding to Incidents Involving Allegations of Student Sexual Misconduct

The University will promptly respond to all reports of sexual misconduct alleged against a University student following the procedures outlined in this policy. Allegations of sexual misconduct
by students will be addressed by the Sexual Misconduct Policy and the Code of Student Rights, Responsibilities and Conduct (“Student Code”). Students may be charged according to specific code violations under the Student Code, which will reference the Sexual Misconduct Policy.

Any individual reporting they have been a victim of sexual violence will be informed of how to, and provided assistance in, making a criminal complaint with the appropriate law enforcement agency. The pursuit of criminal charges may be in addition to (or instead of) pursuing cases through the University process. Individuals who identify as victims/survivors and all members of the Indiana University community are also encouraged to visit the Stop Sexual Violence website at http://stopsexualviolence.iu.edu for more information on reporting, campus resources and services available on their campus.

Throughout the process, the parties will have equal opportunities to present information, have advisors present, and pursue an appeal, if applicable. The University will have as a priority the interests of all parties involved, in regard to fairness, dignity, privacy, and due process.

The investigation and determination of responsibility will generally be concluded within 60 days of the report, absent special circumstances.

1. Investigation: Upon receipt of a report of sexual misconduct by a victim/survivor (hereinafter referred to as “complainant”) or third party, and following an initial assessment to determine whether it falls within the scope of the Sexual Misconduct Policy and rises to the level of an allegation of sexual misconduct, the University will take immediate and appropriate steps to investigate the incident. If the complainant requests confidentiality or asks that the complaint not be pursued, the University will take all reasonable steps to investigate and respond to the incident consistent with those requests, keeping in mind that the University must weigh such requests against its obligation to provide a safe, non-discriminatory environment for all students, including the complainant.

a. If sexual misconduct proceedings are initiated, the Investigator(s) will notify the complainant and the student alleged to have engaged in sexual misconduct (hereinafter referred to as "respondent"). The respondent will be provided a date by which an appointment must be made to discuss the matter. The respondent shall be informed of the allegations made against them and shall be provided the opportunity to respond. The respondent is expected to participate in the investigation and all related procedures, including the Sexual Misconduct Hearing,

b. The investigation may include, but is not limited to, interviews with the complainant, the respondent, and other witnesses identified as having information relevant to the allegations made, as well as the examination of written statements by the parties, relevant documents, and other relevant information. Information for the investigation may be provided by complainants, respondents, witnesses identified by any party, or the University. Any person believed to have information relevant to an investigation may be contacted and requested to make an appointment to discuss the matter. The University shall determine what information and evidence will be included in the Investigation File.

c. Failure to comply with a request to make and/or keep an appointment related to an investigation may result in a disciplinary hold being placed on a student’s account and/or the initiation of student conduct charges for failure to comply.

d. All members of the University are expected to cooperate with the investigative process. Failure to do so may result in disciplinary measures pursuant to applicable University policy and procedure.

e. Following their investigation, the Investigator will provide their Preliminary Investigation Report to the parties. At that time, the parties will be provided access to the Investigation File. The parties will be provided 10 calendar days to review the Preliminary Investigation Report and the Investigation File and provide any clarifying information to the Investigator. This period of 10 days will be the final opportunity for parties to submit any additional information to the Investigator.

f. At the conclusion of the 10-day period, the Investigator will review the information submitted by either party and determine whether and to what extent to incorporate such information into a Final Investigation Report.

g. At that time, the Investigator will determine the appropriate charge(s), if any, under the
Sexual Misconduct Policy and the Student Code to be placed on respondent, and include the charge(s) in their Final Investigation Report. If the Investigator places a charge(s), the Final Investigation Report will be submitted to the hearing panel for the determination of responsibility, and the parties will be provided the Final Investigation Report and notified of next steps of the sexual misconduct process. If the Investigator determines that there is insufficient evidence to support placing a charge, the parties will be provided the Final Investigation Report and notified that no charges will be placed and the case has been closed.

2. Acceptance of Responsibility:
   a. In cases where the respondent expresses a willingness to accept responsibility for any or all charges in a case, the respondent will be offered the opportunity to waive the right to a formal hearing as to the specific charge(s) and all related procedural guarantees, and agree to receive a sanction from the designated student affairs conduct officer. In such situations, the parties will each be provided the opportunity to submit a written statement to the conduct officer for consideration in determining appropriate sanctions.
   b. The conduct officer shall consider only the parties’ written statements regarding sanctions, the relevant facts from the investigation, and past conduct history of the respondent (if applicable). In such cases, the right to appeal will be limited to an appeal on the grounds that the sanction is grossly disproportionate to the violation(s) committed, in light of all relevant aggravating and mitigating factors, and in consideration of applicable university guidelines.

3. Alternative Resolution Options:
   a. In appropriate cases, the University may pursue alternative resolution with the consent of all parties at any point in the investigation process. Alternative resolution options may include, but are not limited to, mediation, development action plans, voluntary resolutions, and/or appropriate sanctions.
   b. Under any alternative resolution, the complainant will not be required to resolve the problem directly with the respondent, unless desired by the complainant. All parties must be notified of the right to end the alternative resolution process at any time, and begin the formal process. Mediation may not be used in cases involving any sexual violence. The Investigator shall document the outcome of any alternative resolution and share with the parties.

4. Sexual Misconduct Hearing:
   a. A hearing panel will be assembled for the sexual misconduct hearing to make a determination of respondent’s responsibility as to the specific charge(s) set forth in the Final Investigation Report.
   b. The hearing panel will be composed of three staff or faculty members of the University. Hearing panel members will be drawn from the pool of staff and faculty members who have completed the University’s required annual training on issues related to sexual misconduct and University policies and procedures. At a minimum, at least one panel member shall be a student affairs administrator.
   c. The sexual misconduct hearing is closed. However, the complainant and respondent may each select one advisor of their choice and at their expense to accompany them at any point in the disciplinary process. Advisors are limited to an advisory role and may not participate or speak for the parties.
   d. Upon review of the Final Investigation Report, the hearing panel will determine witnesses who may be called, if any, to participate in the hearing.
   e. Procedures for a Sexual Misconduct Hearing
      i. The Chair of the hearing panel shall review the charge(s) placed against the respondent and the specific facts alleged. The respondent may, but need not, respond to allegations.
      ii. Both the complainant and the respondent will have equal opportunity to provide a statement to the hearing panel.
      iii. No one other than the hearing panel members, the complainant, and the respondent may pose questions during the hearing. The complainant and respondent may not directly question each other, but may submit questions to the Chair, to be asked of the other party. The Chair or other panel members will review questions prior to posing to the other party to prevent questioning that is not permitted under these proceedings.
iv. The sexual misconduct hearing is recorded. Deliberations by the panel, following the hearing, are not recorded.

v. If the respondent fails to appear at the sexual misconduct hearing, the hearing may proceed without their participation. The respondent may explain the failure to appear in writing to the University within two business days of the scheduled hearing. Written documentation supporting the cause of absence must be included. Within three business days after receiving the respondent's letter, the University will notify the respondent and the complainant whether the failure to appear was excused, and if so the hearing may be rescheduled. The failure to appear will only be excused due to extraordinary circumstances.

vi. If the respondent failed to appear and such failure was not excused, the respondent's right to appeal the finding and any sanction(s) imposed will be automatically forfeited, and the outcome reached in absentia will go into effect. The respondent shall not lose their right to appeal in the event the hearing panel's finding includes a sanction of expulsion from University housing, suspension from the University, or expulsion from the University.

f. Decision & Sanctions
   i. At the conclusion of a hearing, the panel shall deliberate without the parties present to determine responsibility for the specific charge(s) based on the evidence, and sanctions if applicable.
   ii. If, after deliberations, the hearing panel determines that the information contained in the Final Investigative Report and gathered during the hearing, does not support by a preponderance of the evidence (more likely than not) that the respondent is responsible for a violation of the Sexual Misconduct Policy and the Student Code, the hearing panel will notify both the respondent and the complainant by means of a written notice. The complainant and/or respondent may request an appeal (see section 5a.).
   iii. If, after deliberations, the hearing panel determines that the information contained in the Final Investigative Report and gathered during the hearing, does support by a preponderance of the evidence (more likely than not) that the respondent is responsible for a violation of the Sexual Misconduct Policy and the Student Code, the hearing panel will notify both the respondent and the complainant and will assign appropriate sanctions by means of a written notice. The respondent and/or the complainant may request an appeal (see section 5a.).
   iv. Possible sanctions for cases in which students are found in violation of Sexual Misconduct Policy and the Student Code for acts of sexual misconduct include, but are not limited to formal warnings, behavioral assessment and/or counseling, required educational training, disciplinary probation, suspension, and/or permanent expulsion.

5. Appeal: The respondent or the complainant may appeal the decision of the sexual misconduct hearing panel to the Senior Student Affairs Administrator on the respective campus, or their designee. To initiate an appeal, respondent/complainant must send written notice of appeal to the designated official. The written notice must include the basis for seeking the appeal and include information to support such basis (See Section 5b.)
   a. Timing: The notice of appeal must be filed no later than five calendar days after the date the written decision of the sexual misconduct hearing panel is sent. If an appeal is submitted by either party, the underlying decision and any corresponding sanction will be held in abeyance until final notice of the appeal outcome. During this time, any interim measures in place will remain in effect (e.g., no contact order, no trespass). If no written request for an appeal is received by the University within the time specified, the decision of the hearing panel and any sanction(s) imposed will be final and in effect.
   b. Basis for Appeal: The Senior Student Affairs Administrator will have the sole discretion in determining whether the basis for appeal has been met and whether the appeal can move forward. An appeal must be based on one of the following criteria:
      i. Significant procedural error that reasonably would have affected the outcome of the student's case.
ii. The sanction imposed is grossly disproportionate to the violation(s) committed, in light of all relevant aggravating and mitigating factors, and in consideration of applicable University guidelines.

c. Decision and Sanction: If the basis for appeal has been met, the Senior Student Affairs Administrator will review the written appeal and the pertinent part of the sexual misconduct hearing panel record only. The Senior Student Affairs Administrator will not consider new evidence or information that is not a part of that record. The Senior Student Affairs Administrator must render a decision within 10 calendar days of receipt of the appeal and may take any of the following actions:
   i. Affirm the original decision regarding responsibility.
   ii. Affirm the original decision concerning the disciplinary sanction/s to be imposed.
   iii. Set aside the original decision regarding responsibility and impose a new decision.
   iv. Set aside the original decision regarding responsibility and order that a new sexual misconduct hearing be held before a new hearing panel.
   v. Set aside the original decision concerning the disciplinary sanction/s to be imposed and impose a different sanction or set of sanctions.

d. The Senior Student Affairs Administrator will notify the respondent and the complainant, in writing, of their decision and will initiate the necessary procedures to effectuate the decision.

e. The decision of the Senior Student Affairs Administrator or their designee is final and there will be no further appeals.

6. Notice: The complainant and the respondent will be provided written notice of the outcome of the sexual misconduct hearing, the appeals process, and the appeal decision, if applicable. Written notice may be provided electronically through Indiana University email accounts.

7. NOTE:
   • Just as students with disabilities may be eligible for accommodations in their classes, accommodations may be available for these procedures as well. Students with disabilities requesting accommodations and services under these procedures will need to present a current accommodation verification letter from their campus disability services office before accommodations can be considered and provided.
   • In appropriate circumstances, the University may utilize language translation services to assist in the investigation and/or hearing proceedings.
   • In the event there is a civil protective order in place that precludes the university from conducting a hearing as outlined in the student procedures, the university may use an alternative process that will be communicated to both parties.

Procedures for Responding to Incidents Involving Allegations of Faculty or Staff Sexual Misconduct

The University will promptly respond to all complaints of Sexual Misconduct alleged against a University employee. Any individual reporting that they have been a victim of sexual violence will be informed of how to, and provided assistance in, making a criminal complaint with the appropriate law enforcement agency. Individuals who identify as victims/survivors and all members of the Indiana University community are also encouraged to visit the Stop Sexual Violence website at http://stopsexualviolence.iu.edu for more information on reporting, campus resources and services available on their campus.

All parties will have equal opportunities to present information, have advisors present, and pursue an appeal, if applicable. All procedures, excluding any appeal, should be completed within 60 days, absent any special circumstances.

Throughout this process, the University will have as a priority, the interests of all parties involved, in regard to fairness, dignity, privacy, and due process. Students reporting sexual misconduct against an employee will be provided interim and remedial measures as described in this policy, where appropriate and necessary.

For the purpose of these procedures, relevant officials with key responsibilities are:

Investigator - the Deputy Title IX Coordinator(s) for the respective campus, or an appropriate designee, will conduct fact-finding as the Investigator.
Decisional Official (DO) - will issue the decision determining responsibility and assigning appropriate sanctions, if applicable. The DO will be as follows:

1. For complaints against staff employees, including temporary (hourly), the DO will be the appropriate Campus HR Director.
2. For complaints against faculty and academic employees, the DO will be the Vice Provost/Vice Chancellor for Academic Affairs of the respective campus.
3. For complaints against a Dean, a Vice Provost, or a Vice Chancellor, the DO will be the Provost/Chancellor of the respective campus.
4. For complaints against a University Vice President, a Provost, a Chancellor, or equivalent, the DO will be the President.
5. For complaints against the President, the DO will be the Board of Trustees.

Faculty Board of Review – constituted on each campus, in faculty cases may review action of DO.

Appellate Official – may review action of DO on each campus following appeal by either party. The Appellate Official will be as follows:

1. For an appeal in a complaint against staff employees, including temporary (hourly), the Associate Vice President of University Human Resources.
2. For an appeal in a complaint against faculty or academic employees, the Provost/Chancellor of the respective campus.
3. For an appeal in a complaint against a Dean, a Vice Provost, or a Vice Chancellor, the President.
4. For an appeal in a complaint against a Vice President, a Provost, a Chancellor, or equivalent, the Board of Trustees.

All relevant officials and any review board members will receive annual University training on issues related to sexual misconduct and be familiar with University policies and procedures. The University Title IX Coordinator shall be informed of each complaint and be available to all relevant officials and review board members for consultation during this process.

Complaint

Initial Assessment: Upon receipt of a complaint against faculty or staff, an Investigator will conduct an initial assessment to determine whether it falls within the scope of the Sexual Misconduct Policy, and whether it rises to the level of an allegation of sexual misconduct. The initial assessment will include informing complainants and respondents regarding the nature of allegations and explanation of this policy and procedures.

The process that follows shall apply if the Investigator determines that this threshold has been met. If a complaint raises allegations that are outside the scope of the Sexual Misconduct Policy, but may violate other University policy(ies), the Investigator will refer the complaint to the appropriate University office.

In the event the Investigator determines not to pursue an investigation under this Policy, that decision may be appealed by either party to the DO, requesting a review of the decision not to proceed in an investigation. Upon review, the DO may uphold that decision or order an Investigation to proceed.

Interim Action: If, upon the receipt of a complaint, the University Title IX Coordinator and/or the Deputy Title IX Coordinator(s) for the respective campus, or their designee, determines a need for immediate interim action, e.g. removal, reassignment, administrative leave, or suspension, they shall consult with the DO. The DO may administer such interim action at any point in this process pending final outcome.

Alternative Resolution Options: In appropriate cases, the University may pursue informal resolution with the consent of all parties at any point in the investigation process. Informal resolution options may include, but are not limited to, mediation, development action plans, and voluntary resolutions. Under informal resolution, the complainant will not be required to resolve the problem
directly with the respondent, unless desired by the complainant. All parties must be notified of the right to end the alternative resolution process at any time, and begin the formal process. Mediation may not be used in cases involving any sexual violence or where the complaint is made against an employee with a position of authority over the complainant. The Investigator shall document the outcome of any alternative resolution and share with the University Title IX Coordinator and the DO.

Investigation

When an investigation is initiated, the Investigator will conduct fact-finding as to the allegations made against the respondent employee. The investigation may include, but is not limited to, interviews with the complainant, the respondent, and other witnesses identified as having information relevant to the allegations made, as well as the examination of written statements by the parties, relevant documents, and other relevant information. Information for the investigation may be provided by complainants, respondents, witnesses identified by any party, or the University. The Investigator shall ensure that the respondent is informed of all allegations raised and is provided the opportunity to respond. The University may consider information relating to prior complaints of misconduct known to the University. Evidence regarding a party’s past sexual behavior or activity is prohibited, except in connection to evidence of past sexual activity between the parties where the exclusion of such information would adversely affect the integrity or fairness of the finding. Previous consensual relationships between the parties will not in itself establish consent or preclude a finding of sexual misconduct.

All members of the University are required to cooperate fully with the investigative process. Failure to do so may result in disciplinary measures pursuant to applicable University policy and procedure.

Report of Investigation

The Investigator will create a report of the investigation setting forth:
1. factual determination(s);
2. recommendation as to whether the respondent is responsible for the sexual misconduct using a preponderance of the evidence standard (more likely than not); and
3. recommendation as to appropriate sanctions, if any, as set forth below. The report will be forwarded to the DO.

Finding and Decision

Upon receiving the Investigator’s report, the DO may consult with the Investigator concerning his or her recommendations. If the DO wishes further consultation with the parties, the Investigator will facilitate consultations to ensure equal opportunities for the parties to meet with the DO.

The DO will issue one of the following findings, using a preponderance of the evidence standard:
1. Finding of “No Violation” of the University’s Sexual Misconduct Policy: If there is a determination that the behavior alleged and investigated did not violate the Sexual Misconduct Policy, the parties will be so informed of the finding. The parties will receive a summary of the information considered during the investigation. In the event the investigation reveals that the employee may have violated a different University policy, the DO may address any such potential violation through other applicable University policies. Documentation regarding a finding of “No Violation” shall be maintained with the respective Deputy Title IX Coordinator’s office, and not in the employee’s personnel file.
2. Finding of a “Violation” of the University’s Sexual Misconduct Policy: If there is a determination that the behavior alleged and investigated was in violation of the Sexual Misconduct Policy, the DO shall issue the finding and sanction(s) (based on the level of sanctions set forth below) and notify all parties. The parties will receive a summary of the information considered during the investigation.

Sanctions

Sanctions for a violation of the University’s Sexual Misconduct Policy include the following:
1. Level One Sanctions include sanctions that do not directly modify job duties or actual salary, such
as informal discussions, additional training, periodic review, letter to personnel file (other than to promotion and tenure dossier which is included in Level Two Sanctions below). Level One Sanctions shall not be appropriate in the event the respondent was found responsible for sexual assault or other sexual violence.

2. Level Two Sanctions include sanctions that directly modify job duties, salary or job status, including withholding compensation, consideration in tenure or promotion decisions, suspension and termination.

When determining the appropriate sanctions, consideration shall be given to the nature and severity of the behavior and the existence of any prior incidents or violations.

**Appeals**

**Appeals to Appellate Officer**

Following a finding of “No Violation” any party may request an appeal directly to the Appellate Officer on the basis of:

1. Significant procedural error that reasonably would have affected the outcome.
2. Significant bias in the process.

Following a finding of “Violation” and Level One Sanction: any party may request an appeal directly to the Appellate Officer on the basis of:

1. Significant procedural error that reasonably would have affected the outcome.
2. Significant bias in the process.

Following a finding of “Violation” and Level Two Sanction: any party may request an appeal directly to the Appellate Officer on the basis of:

1. Significant procedural error that reasonably would have affected the outcome.
2. Significant bias in the process.
3. The finding of responsibility is in error.
4. The appropriateness of the sanctions.

All requests for appeal must be submitted in writing within 10 calendar days of receiving the DO’s decision. The request must set forth the basis for seeking an appeal, and include information to support such basis(es). If an appeal is requested, all concerned parties will be notified. The Appellate Officer shall first determine whether the basis of appeal has been met, and if so, shall review the findings, and any applicable sanctions, in making a decision. The Appellate Officer shall not revisit findings of fact as determined in the investigation.

The Appellate Officer shall make a final determination within 10 calendar days of the receipt of any appeal, indicating one of the following:

1. Affirming the DO’s original finding(s).
2. Setting aside the DO’s original finding(s) and imposing a new finding and/or sanctions.
3. Setting aside the DO’s original finding(s) and ordering a new investigation (this option will generally be reserved for cases where significant procedural error has been identified to have affected the outcome).

To the extent possible, the parties will be notified simultaneously in writing of the final decision following an appeal.

**Request for Review to Faculty Board of Review**

In cases involving a faculty member as a respondent, any party may request review by a Faculty Board of Review prior to an appeal to the Provost or Chancellor according to the provisions below. This request must be made within 10 calendar days of receiving the decision from the DO.

Level One Sanctions are only eligible for review by the Faculty Board of Review if the requesting party can show significant bias in the process or significant procedural error that reasonably would have
affected the outcome. For an appeal of “No Violation” or Level One Sanctions, the Faculty Board of Review may decline a request for review at which point, the requesting party may appeal to the Provost or Chancellor. For Level Two Sanctions, the grounds for review by the Faculty Board of Review may also include the finding of responsibility and the appropriateness of the sanctions. The Board may not conduct new fact-finding, and may not revisit the factual determination. The Board will only receive the Report of the Investigation, but may consult with the DO and Title IX Coordinator about further questions.

Throughout the Faculty Board of Review process, hearing members and participants shall ensure that the privacy of the matter and the parties is upheld. Hearings shall be closed to the public to protect the privacy of all parties. In addition to faculty members serving on the Board of Review hearing panel, others present during a hearing may include the party requesting review, the Investigator, the DO, the University Title IX Coordinator, and any other University official necessary to the proceedings. No witnesses will be allowed in the Faculty Board of Review. If the party requesting review is the faculty employee, the other party may choose to participate in the Faculty Board of Review by either being present and/or by submitting a written statement. All parties may have an advisor present, but the advisor will not be allowed to participate or speak during the Review, unless for the purpose of reading the party’s written statement, if provided and requested.

A Faculty Board of Review must be concluded promptly, and within no more than 60 days of the request. After review, the Faculty Board may support the decision of the DO or make an alternative recommendation regarding the finding or sanctions to the Provost or Chancellor, (or relevant official). The Provost or Chancellor (or relevant official) will make a final determination within 10 days of receiving the Faculty Board of Review recommendation.

Note: Adversary hearings, including confrontation, cross-examination by the parties and active advocacy by attorneys or other advocates, are neither appropriate nor permitted during the investigation or appeal phase of these processes.

Further information and definitions of key terms can be found in the University Sexual Misconduct Policy.

Definitions

For purposes of addressing complaints of sexual misconduct against or by University students and employees, the following uniform definitions shall be used by the University:

Advisor - means any person, who may assist, support, guide and advise the respondent or complainant during the investigation, conduct proceedings, and/or related meetings. Advisors are not permitted to actively participate or speak during the investigation, proceedings and related meetings. In certain circumstances where a party may be unable to speak on their own behalf, an advisor may present a statement prepared by the party.

Bodily injury - shall mean physical pain, illness, or any impairment of physical condition.

Campus security authority (CSA) - a term used in the Clery Act to describe someone who has significant responsibility for student and campus activities. The Clery Act (34 CFR 668.46) defines a CSA as:

- A campus police department or a campus security department of an institution.
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department such as an individual who is responsible for monitoring entrance into institutional property.
- Any individual or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings.
Pastoral and professional counselors are not considered a campus security authority when acting in their roles as a pastoral or professional counselor.

**Clery Act** – refers to the The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, (20 U.S.C. section 1092(f)), a federal law that requires institutions such as IU to collect and publish statistics for certain crimes reported to have occurred on IU’s “Clery Geography” (i.e., occurring on campus, on public property within or immediately adjacent to campus, and on other noncampus IU property), for the purpose of informing current and prospective students and employees. Each IU campus publishes an Annual Security Report under the Clery Act, which contains these crime statistics as well as campus specific information on resources, campus emergency responses, safety and security policies, and disciplinary procedures. These crime statistics include, but are not limited to, domestic violence, dating violence, sexual assault, and stalking. Clery also requires “timely warnings” be issued to the campus community for crimes occurring on Clery Geography that are considered a serious or continuing threat to students or employees. Under Clery, any good-faith report of a crime occurring on Clery Geography must be included in the statistical data.

**Complainant** - refers to an individual who reports experiencing sexual misconduct committed by a member of the University community, and is named in a complaint of sexual misconduct under this policy and procedures. The University may serve as the Complainant when the alleged victim does not wish to participate and the University has determined it is necessary to move forward under the applicable procedures.

These confidential employees are exempt from the reporting requirements that apply to responsible employees. Individuals who desire anonymity in seeking assistance about sexual misconduct should be referred to a confidential employee.

**Domestic violence** - violence or the threat of violence by a person against another person who:
1. is or was a spouse of;
2. is or was living as if a spouse of;
3. has a child in common with;

**Indiana University Property** – buildings, grounds, and land that are owned by Indiana University or controlled by Indiana University via leases or other formal contractual arrangements to house ongoing IU operations.

**Interim and Remedial Measures** - procedures for incidents involving students and employees will include providing appropriate and necessary interim measures pending the result of an investigation and remedial measures that will be long-term and continuous. Interim and remedial measures may vary depending on the individual’s campus, the individual’s needs and the specific circumstances. These measures could include no contact orders, assistance in changing academic, living, transportation, and/or work situations; counseling services; victim advocacy services; and assistance in obtaining protective orders. Interim measures may also include suspension of the respondent pending completion of the investigation.

**Investigator** - a University official authorized to investigate reports of sexual misconduct under the procedures outlined in this policy.

**Responsible Employee** - Pursuant to Title IX, a “responsible employee” includes those University employees who have the authority to redress sexual misconduct, who have the duty to report incidents of sexual misconduct, or who a student could reasonably believe has this authority or duty. Retaliation against anyone who has reported an incident of sexual misconduct, provided information, or participated in procedures or an investigation into a report of sexual misconduct, is prohibited by the University and will not be tolerated. Acts of retaliation include intimidation, threats, and/or harassment, whether physical or communicated verbally or via written communication (including the use of e-mail, texts and social media), as well as adverse changes in work or academic environments or other adverse actions or threats. The University will take steps to prevent retaliation, and will impose sanctions on anyone or any group who is found to have engaged in retaliation in violation of this policy. Concerns about potential retaliation in connection with a report of sexual misconduct should be reported to a Deputy Title IX Coordinator or the University Title IX Coordinator.

**Appendix C – Sexual Misconduct: Rights, Options, and Resource Guide**
Consent is about communication and respect. Sexual activity without consent is sexual misconduct.

**University Definition of Consent:**
Consent is an agreement expressed through affirmative, voluntary words or actions, and mutually understandable to all parties involved, to engage in a specific sexual act at a specific time.
- Consent can be withdrawn at any time, as long as it is clearly communicated.
- Consent cannot be coerced or compelled by force, threat, deception or intimidation.
- Consent cannot be given by someone who is incapacitated, as defined below.
- Consent cannot be assumed based on silence, the absence of “no” or “stop,” the existence of a prior or current relationship, or prior sexual activity.

**Capacitated**
An individual is capable of consent if they are able to understand the fact, nature, extent, or implications of the situation due to drugs, alcohol, a mental disability, being asleep or unconscious, or based on their age (Pursuant to Indiana law).

Consent does not exist when the individual initiating sexual activity knew or should have known of the other person’s incapacitation.

**Confidentiality & Privacy**

**Information Confidentiality**
The University is committed to protecting your privacy by sharing information with only those who need to know. Your information may need to be shared with those involved in investigating the incident, those responsible for providing necessary services, and those responsible for ensuring the public’s safety. You should discuss your desires regarding confidentiality with any University employee with whom you speak, to ensure you understand their reporting obligations and what information they may be required to share. As a note, the University completes publicly available recordkeeping, including Clerk Act reporting, without including personally identifying information.

**Responsible Employees**
Most employees are considered Responsible Employees, which means that they have to share any information they know about an incident of sexual misconduct with the University or Deput7 Title IX Coordinator. Responsible Employees include all supervisors, all employees that interact directly with students, and all employees that students might reasonably believe have some role to take action. Though not exhaustive, this includes faculty and other instructors, academic advisors, coaches and athletic staff, student affairs administrators and residential hall staff, and employees in University offices that serve students.

**Confidential Employees**
There are employees that you can talk to confidentially, who do not have the same reporting obligations as a Responsible Employee. Confidential Employees include those designated on your campus to be confidential, such as health center staff, a victim advocate, as well as any licensed, professional counselors (e.g. mental health counselors, psychologists).

CAMPUS CRIME STATISTICS

Introduction

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (“Clery Act”) is a federal law that requires the distribution of an annual security report to all current faculty, staff, and students and notice of its availability to prospective students, faculty and staff. Current students and employees receive an email prior to October 1st each year containing a statement of the report’s availability, the exact electronic address at which the report is posted, a brief description of the report’s contents, and a statement that the institution will provide a paper copy of the report upon request.

This annual security report is submitted to the Department of Education by October 1st and includes statistics for the previous three years concerning specific reported crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by the University, and on public property within or immediately adjacent to, and accessible from, campus. This report also includes information regarding personal safety and general crime prevention; safety and educational programs offered at IPFW; dating violence, domestic violence, sexual assault, and stalking risk reduction, prevention, and disciplinary processes; how the University communicates to students, faculty, staff and the larger community about emergency or imminently dangerous situations; emergency preparedness; alcohol and drug policies; and fire safety.

Prospective students receive notice of the availability of this report including the option to obtain a printed copy from IPFW’s Office of Admissions and the Division of Financial Aid in their Consumer Information section.

Prospective employees receive a similar notice from Human Resources through the University’s TALEO system when they inquire about employment.

The definitions for crimes in the below statistics come from the FBI Uniform Crime Reporting Handbook, Summary Reporting System (SRS) User Manual, or the National Incident Based Reporting System (NIBRS).

*Where there were no reportable offenses (murder/non-negligent manslaughter, negligent manslaughter, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, arson, simple assault, intimidation, vandalism, or larceny-theft) in 2014, 2015 or 2016 in which the offense was motivated by the actual or perceived race, gender, religion, sexual orientation, ethnicity, disability, national origin, or gender identity of the victim, the rows for each listed bias were collapsed accordingly.

**Definitions**

The following definitions are from the “Summary Reporting System (SRS) User Manual” from the FBI’s Uniform Crime Reporting (UCR) Program

**Criminal homicide** - a.) Murder and non-negligent manslaughter: the willful (non-negligent) killing of one human being by another. Deaths caused by negligence, attempts to kill, assaults to kill, suicides, and accidental deaths are excluded. The program classifies justifiable homicides separately and limits the definition to: (1) the killing of a felon by a law enforcement officer in the line of duty; or (2) the killing of a felon, during the commission of a felony, by a private citizen. b.) Manslaughter by negligence: the killing of another person through gross negligence. Deaths of persons due to their own negligence, accidental deaths not resulting from gross negligence, and traffic fatalities are not included in the category manslaughter by negligence. (UCR)

**Rape** - The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. (UCR)

**Robbery** - The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear. (UCR)

**Aggravated assault** - An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Simple assaults are excluded. (UCR)

**Burglary** (breaking or entering) - The unlawful entry of a structure to commit a felony or a theft. Attempted forcible entry is included. (UCR)

**Motor vehicle theft** - The theft or attempted theft of a motor vehicle. A motor vehicle is self-propelled and runs on land surface and not on rails. Motorboats, construction equipment, airplanes, and farming equipment are specifically excluded from this category. (UCR)

**Arson** - Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc. (UCR)
Weapons - Carrying, Possessing, Etc. - The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons.

Drug Abuse Violations - The violation of laws prohibiting the production, distribution, and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance. Arrests for violations of State and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs.

Liquor Law Violations - The violation of State or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages, not including driving under the influence and drunkenness.

Crime Definitions From the Hate Crime Data Collection Guidelines and Training Manual From the FBI's UCR Program

Destruction/Damage/Vandalism of Property - To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

Crime Definitions From the National Incident-Based Reporting System (NIBRS) User Manual From the FBI's UCR Program

Fondling - The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity (NIBRS)

Incest – Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law (NIBRS)

Statutory Rape - Non-forcible sexual intercourse with a person who is under the statutory age of consent. (NIBRS)

Definitions From The Violence Against Women Reauthorization Act

The Violence Against Women Act of 1994 defines the term “dating violence” to mean violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; where the existence of such a relationship is determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. The State of Indiana does not specifically define Dating Violence in Indiana criminal code.

The Violence Against Women Act of 1994 defines the term “domestic violence” to mean a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom
the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies under VAWA, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

The Violence Against Women Act of 1994 defines the term “stalking” to mean “engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others; or suffer substantial emotional distress.”

Definitions from Clery Act

Unfounded—“An institution may withhold, or subsequently remove, reported crime from its crime statistics in the rare situation where sworn or commissioned law enforcement personnel have fully investigated the reported crime and, based on the results of this full investigation and evidence, have made a formal determination that the crime report is false or baseless and therefore “unfounded.” Only sworn or commissioned law enforcement personnel may “unfound” a crime report for purposes of reporting under this section. The recovery of stolen property, the low value of stolen property, the refusal of the victim to cooperate with the prosecution, and the failure to make an arrest do not “unfound” a crime report.

An institution must report to the Department and disclose in its annual security report statistics the total number of crime reports listed in paragraph (c)(1) of this section that were “unfounded” and subsequently withheld from its crime statistics pursuant to paragraph (c)(2)(iii) of this section during each of the three most recent calendar years.”

“Advisor means any individual who provides the accuser or accused support, guidance, or advice.”

“Proceeding means all activities related to a non-criminal resolution of an institutional disciplinary complaint, including, but not limited to, fact finding investigations, formal or informal meetings, and hearings. Proceeding does not include communications and meetings between officials and victims concerning accommodations or protective measures to be provided to a victim.”

“Result means any initial, interim, and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanctions imposed by the institution. Notwithstanding section 444 of the General Education Provisions Act (20 U.S.C. 1232g), commonly referred to as the Family Educational Rights and Privacy Act (FERPA), the result must also include the rationale for the result and the sanctions.”

Campus Safety

Introduction

The Fort Wayne/IPFW University community offers numerous advantages to students and residents. The community is a great place to live, work, and study. However, it is not immune to the kinds of problems that beset the rest of the nation. Unfortunately, one of these problems—crime—is a reality at IPFW and in Fort Wayne.

The University attempts to provide a safe and secure environment for students, staff, and visitors. However, it is possible to maintain safety and security only when every student, faculty and staff member takes an active part in the effort. No matter how effective the University's programs are, the primary responsibility for safety and security lies with each of us. No police department or set of procedures can be effective unless individuals exercise reasonable care and prudence. Safety and security is everyone's personal responsibility.

The purpose of this publication is to:

- Provide the IPFW community with an overview of IPFW Police Department services.
- Inform current and prospective students, staff, and visitors about the University’s more than 200 policies and programs designed to help keep them safe.
- Share information regarding emergency preparedness and planning.
- Share information regarding fire safety, fire statistics, and fire-related information.

IPFW University Police Department

The University maintains its own professional police agency. State law grants IPFW police officers the same powers of arrest and law enforcement as city and county officers. The IPFW Police Department is staffed by competent law enforcement professionals who use advanced equipment, techniques, and current technology to perform their duties. I.C. 21-17-5-5 permits IPFW police officers to “…exercise the powers granted under this chapter upon any real property owned or occupied by the educational institution employing the police officer, including the streets passing through and adjacent to the educational institution. An institution may extend a police officer’s territorial jurisdiction…”

The department works closely with the Indiana State Police, the FBI, and the City of Fort Wayne Police and Allen County and has been approved by the state legislature and Purdue’s Board of Trustees to maintain jurisdiction across the entire state of Indiana. The IPFW University Police Department has a memorandum of understanding with the Fort Wayne Police Department for immediate mutual aid assistance. The IPFW Police Department encourages the other agencies to inform it of all reported criminal activity at any site affiliated with the University or with University-recognized organizations on and off campus. In an emergency, police can be summoned via any of the nearly 66 emergency telephones located throughout campus as well as by dialing 911. All reports of criminal activity will be handled and investigated in an appropriate and professional manner.

Crime Prevention Programs

The IPFW Police Department provides numerous services which serve in crime prevention and detection, as well as to foster safety and security on campus:

**Bike Patrol.** The IPFW Police Department’s bike patrol unit consists of four officers. Officers can perform nearly all of their duties on bicycles, with the exception of transporting prisoners. The bike patrol is a cost-effective community outreach program that allows officers to interact with people while patrolling the campus.

**Public Information.** The police department works closely with Marketing and Creative Services, including student publications, to publicize crimes and criminal investigations.

**Bicycle Registration.** Students are encouraged to register their bicycles as an aid to recovery in case of theft. Bicycles can be registered at no charge through the main Student Housing Office.
**Property Engraving.** Students can bring property, such as calculators, to the IPFW Police Department to be engraved with ID numbers as an aid to recovery in case of theft.

**Reporting of Criminal Offenses**
The IPFW University Police Department encourages anyone who is the victim or witness to any crime to promptly report the crime by calling 911, by calling the non-emergency number at 260-481-6827, or by going to the IPFW Police department at Support Services Building, 2101 East Coliseum Boulevard, Fort Wayne, IN.

Off-campus reports of crime may be reported by calling 911 or by calling the non-emergency numbers for the following departments:
- Fort Wayne Police Department: 260-427-1222
- Allen County Sheriff’s Department: 260-449-3000
- Indiana State Police: 260-432-8661

**Campus Offices Designated to Receive Crime Reports**
While all individuals who have witnessed or been the victim of a crime are encouraged to report crimes to the IPFW Police Department first and foremost, IPFW has designated other specific campus offices that may receive crime reports in addition to the IPFW Police Department:

**Daily Crime Log**
The IPFW Department maintains a daily crime log that records, by the date the crime was reported, any crime that occurred on campus, on a non-campus building or property, or within our patrol jurisdiction.

The logs include the nature, date, general location, and disposition of each crime. Reported crimes, updates in disposition, and additional information will normally be added to the daily crime log within two business days of receipt.

The daily crime log for the most recent 60-day period will be open to public inspection during normal business hours. The IPFW Police Department will make any portion of the log older than 60 days available for inspection within two business days of request.

**Anonymous Reporting.**
IPFW remains committed to providing an environment where individuals may report, in a simple anonymous way, suspected fraud or illegal behaviors. Suspected crimes may be reported to the police department anonymously by calling 260-481-6827. The IPFW police department will evaluate the information received and take appropriate action. The police department also provides an anonymous crime reporting hotline: WeTip Hotline: 1-800-78-CRIME.

Additionally, IPFW has a system-wide anonymous reporting program that is maintained by an external company, managing the intake of information with trained interview specialists who are available 24 hours a day, 7 days a week. After the intake is complete, the report will be provided to designated University personnel for appropriate action. Reports will be handled promptly and discreetly; however, sufficient and detailed information is necessary to conduct a thorough investigation. To utilize the Purdue University Enterprise-Wide Hotline, please call 1-866-818-2620.
IPFW has policies that allow for voluntary, confidential reporting of crimes for inclusion in the annual disclosure of crime statistics. Crimes reported to the anonymous hotlines and Campus Security Authorities are included in the annual crime statistics and aid in providing timely warning notices to the community, when appropriate and possible.

**Building Security**
Most academic buildings must remain unlocked until late at night because of evening classes, student and faculty research projects, and special events. The IPFW Campus is a residential campus and locking the building ensures the protection of students, employees and property. Physical Plant and police personnel are responsible for security considerations used in the maintenance of campus facilities. On-site administrative staff will routinely conduct security assessments, review lighting conditions and other safety issues. Security-related maintenance issues, such as broken windows, faulty doors and locks, missing screens, and discharged fire extinguishers, are given first priority by the maintenance personnel.

Access to residence halls is restricted to residents, their approved guests, and other approved members of the University community. Residents gain entry by swiping their access fobs on electronic readers or the use of a standard key. Residents are cautioned against permitting strangers to enter the buildings and are urged to require individuals seeking entry to use their access fobs. The IPFW Police Department patrols the residence halls on a regular basis.

Housing staff, including Resident Advisors, also enforce security measures in the halls and work with residents to achieve a community respectful of individual and group rights and responsibilities.

**Missing Student Notification Procedures**

In the event that a student is missing for more than 24 hours, notify the IPFW Police Department immediately. If a Resident Assistant (RA) or other University personnel is notified of a missing student, that individual must report the missing student immediately to the IPFW Police Department.

Each student living in on-campus housing has the option to identify a contact person or persons whom the University will notify within 24 hours if the student is determined to be missing by the IPFW Police Department.

Each student will designate his or her emergency contacts with university housing at the beginning of the school year. The student may also change and amend their emergency contacts, throughout the year, at the front desk of their residence hall.

This contact information will be registered confidentially, will be accessible only to authorized University officials, and will not be disclosed, except to law enforcement personnel in furtherance of the missing person investigation.

If a student is under 18 years of age and not emancipated, IPFW must notify a custodial parent or guardian within 24 hours of the determination that the student is missing, in addition to any additional contact person designated by the student.

Unless a local law enforcement agency was the entity that made the determination that the student was missing, the University will notify the local law enforcement agencies surrounding our main campus within 24 hours of the determination that the student is missing.

**Crisis Intervention Team**
There are several IPFW police officers specially trained to safely de-escalate contacts with emotionally distressed and mentally ill persons and work with the mental health system in Allen County to get help for people in need. The Crisis Intervention Team (CIT) is a county-wide effort that involves the hospitals, counselors, courts, and law
enforcement officers from various local agencies. All officers are provided training to help them recognize when a person's actions may be the result of a mental health issue, and they are encouraged to involve CIT members to help bring the situation to a successful resolution for the person in distress and the community.

**SEX OFFENDER REGISTRATION**
The Campus Sex Crimes Prevention Act (CSCPA) is a federal law that provides for the tracking of convicted sex offenders enrolled at or employed by institutions of higher education. The CSCPA's intent is to extend the protection of the sex offender registries and Megan's Law to college campuses. It also amends the Clery Act to require institutions of higher education to issue a statement advising the campus community where to obtain law enforcement agency information provided by a state concerning registered sex offenders. The Indiana Sex and Violence Offender Registry may be checked online at icrimewatchnet/indiana.php. Megan’s Law can be found online at klaaskids.org/megans-law. The National Sex Offender Public Website (NSOPW) may be found online at nsopw.gov

**COMMUNICATION ABOUT CAMPUS CRIMES AND SAFETY**
IPFW provides information about campus security procedures and practices to students and employees in a variety of ways and encourages them to be responsible for the security of themselves and others. This section discusses some of the ways in which campus offices communicate information about crime on campus.

**IPFW Emergency Warning Notification System: IPFW ALERT**
IPFW is a large and complex institution, and people move about our campus freely. A key part to IPFW’s campus preparedness is the University emergency warning notification system — IPFW ALERT. Despite advances in communication, there is no way to reach everyone instantly with a single message. However, the multi-layered communication approaches we have in place will help spread the word on emergency incidents. We use two very simple concepts to initiate our warning notification:

- **Fire Alarms**: immediately evacuate the building and proceed to your Emergency Assembly Area
- **All-Hazards Outdoor Emergency Warning Sirens**: immediately seek shelter (“shelter in place”) in a safe location within the closest building. This course of action may need to be taken during a weather event (such as a tornado warning), a serious civil disturbance such as gunshots fired, or a major hazardous materials release of toxic chemicals in the outside air.

For a Tornado Warning immediately go to a safe location in your building, normally the lowest level away from doors and windows (should be specified in the Building Emergency Plan.) For a Life Threatening Incident the response depends on situational awareness then “Run, Hide or Fight.” For a Major Hazardous Material Release stay inside. For all situations seek additional information by all means possible. Remain in place until police, fire, or other emergency response personnel tell you it is safe to leave or until such information is announced through the IPFW ALERT system.

Additional warning notifications and follow-up information will use other layers of the IPFW ALERT. They are,

- **Text Messaging**: IPFW University faculty, staff and students may sign up via the myIPFW website to receive an emergency notification text message.
- **Social Media**: Emergency information may also be found on IPFW’s Facebook page at facebook.com/ipfw.mastodons or IPFW’s twitter account at twitter.com/ipfw.
- **Email**: An e-mail will be sent to all people with an ipfw.edu address.
- **IPFW home page**: ipfw.edu is the focal point of the most complete information in all campus-related emergencies.
- **Local Media**: The University works with the news media, radio, TV, newspapers, and Internet, to help spread the word.
Emergency Response and Evacuation

The IPFW police department embraces the National Incident Management System (NIMS) and use Incident Command principles while responding to major incidents.

IPFW will, without delay, and taking into account the safety of the community, determine the content of notification by the University's emergency warning notification system, IPFW Alert, and will initiate the IPFW Alert system if a significant emergency or imminently dangerous situation involving a threat to the health and safety of students, employees or visitors occurs on or near campus, unless in the professional judgment of Public Safety Leadership the notification will compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

Most significant emergencies or dangerous situations will be reported to the Consolidated Communication Partnership Communications Center, which will dispatch officers to investigate and confirm the emergency. The significant emergency or imminently dangerous situation will normally be confirmed prior to alerting the campus community. If confirmed, the police department staff starts the notification process by notifying public safety officials.

Activation of all or part of the overall warning notification system, including the determination of the appropriate segment or segments of the campus community to receive the notification, will be decided by the incident commander and Public Safety Leadership. Each incident will be evaluated based on incident specifics and life safety factors; a decision to make an emergency notification will then be made. Public Safety Leadership will normally direct IPFW ALERT activation. However, the responding incident commander may direct IPFW Alert activation if immediate life safety issues exist.

The initial IPFW ALERT notifications will normally use a pre-formatted message that provides very basic information designed to immediately notify IPFW faculty, staff, and students. More detailed information will be included in subsequent notifications and posted on the IPFW University homepage.

IPFW ALERT will normally be tested at the beginning of each academic semester. Tests may be announced or unannounced. In conjunction with the testing, IPFW public safety officials will publicize IPFW's emergency response procedures, and will document for each test, a description of the exercise, the date, time, and whether it was announced or unannounced. When IPFW ALERT is tested, the University Police Department recommends that the IPFW community should review their emergency response and evacuation procedures as contained in the Emergency Procedures Handbook.

Emergency Warning Notification System Test

During the 2016 calendar year, there were several instances in which IPFW used the Emergency Notification System for real-time notifications (i.e. weather alerts, hazardous situation). From January through November 2016, three (3) notifications were sent, most of which covered all Emergency Notification System layers. Additionally, there was one unannounced ENS system tests conducted in December.

Timely Warning Procedures

The IPFW Police Department will issue timely warnings to notify the campus community of Clery reportable crimes reported to Campus Security Authorities or local police agencies and that are considered to represent a serious or continuing threat to our community. Upon receipt of a report of a crime on or near campus, the University Chief of Police (or designated representative) will determine, on a case-by-case basis, whether to issue a timely warning. Factors considered include, but are not limited to:

- **The nature of the crime**, including but not limited to whether it was a Clery crime and whether it involved harm to person or property and whether it was committed within the Clery reportable geography;
- **The continuing danger to the campus community**, including but not limited to whether the suspect has been...
apprehended and whether there is a substantial risk to the safety of other members of the campus community; and

- **The possible risk of compromising law enforcement efforts.** This risk will not prevent IPFW from issuing a timely warning but may impact the content of any issued timely warning.

The purpose of timely warnings is to allow campus community members to protect themselves. Thus, timely warnings will include information that helps promote safety and aids in the prevention of similar crimes, including information about the crime that triggered the warning and steps individuals can take to protect themselves. The name of any crime victim is not included in a timely warning or emergency notification.

Due to the confidentiality of such relationships, IPFW does not routinely issue a timely warning with respect to crime reported to a pastoral or professional counselor.

Once a decision has been made to issue a timely warning, Public Safety Leadership or their designees will create and disseminate timely warnings. Timely warnings are issued to the IPFW campus through a variety of methods, which is determined on a case-by-case basis by Public Safety Leadership or their designees. Methods of delivery may include:

- **Text Messaging:** IPFW University faculty, staff and students may sign up via the myIPFW website to receive an emergency notification text message.
- **Social Media:** Emergency information may also be found on IPFW’s Facebook page at facebook.com/ipfw.mastodons or IPFW’s twitter account at twitter.com/ipfw.
- **Email:** An e-mail will be sent to all people with an ipfw.edu address.
- **IPFW home page:** ipfw.edu is the focal point of the most complete information in all campus-related emergencies.
- **Local Media:** The University works with the news media, radio, TV, newspapers, and Internet, to help spread the word.

**Policy for Reporting the Annual Disclosure of Crime Statistics**

The IPFW Police Department prepares this report to comply with the federal law (the Clery Act). The full text of the Clery Act can be located on the Web at clerycenter.org/jeanne-clery-act. IPFW’s Annual Security and Fire Safety Report can be accessed on the Web by visiting the IPFW University Police Department’s home page at ipfw.edu/police or visiting the direct link at ipfw.edu/offices/police/documents/IPFW_Police_Current_Annual.pdf. This report is prepared in cooperation with the local law enforcement agencies surrounding our main campus and alternate sites, IPFW Student Housing on the Waterfield Campus, Office of the Dean of Students, the Office of Student Life, the Center for Women and Returning Adults, Human Resources, and IPFW Athletics, Recreation, and Intramural Sports. Each entity provides updated statistical information.

Campus crime, arrest, and referral statistics include those reported to the IPFW Police Department, designated campus security authorities (including but not limited to directors, deans, department heads, residence halls disciplinary personnel, athletic coaches), and local law enforcement agencies.

The IPFW Police Department solicits and monitors reports from police agencies of criminal activity in which students engaged at non-campus property, including, but not limited to, off-campus locations of officially recognized student organizations, including student organizations with off-campus housing facilities, travel locations where the University has control for the dates and times specified in the lease, rental agreement or other written agreement.

**CRIME PREVENTION PROGRAMS AND SECURITY AWARENESS**

The University attempts to provide a safe and secure environment for students, staff, and visitors. However, it is possible to maintain safety and security only when every student, faculty and staff member takes an active part in
the effort. No matter how effective the University’s programs may be, the primary responsibility for safety and security lies with each of us. No police department or set of procedures can be effective unless individuals exercise reasonable care and prudence. Safety and security is everyone’s personal responsibility.

The University offers a variety of safety programs and services to both students and employees throughout the year and/or upon request. The specifics of these programs and services changes depending on need but the focus remain on crime prevention and safety. Currently, the following are offered:

**International Student Orientation Program.** These programs are offered at the beginning of each school year during International Student Orientation. Topics covered are proper utilization of the 911 system and signing up for the campus alerts under my.ipfw.edu.

**Personal Safety.** This program is offered as requested and presented by the University Police. Topics that are covered include personal safety tips and theft prevention measures to safeguard personal items.

**Campus Walking Escort Service.** The IPFW University Police department provides escort services for faculty, staff, and students

**Student Housing Training.** This program is offered at the beginning of each semester to the RA staff and describes the police department’s role in assisting them with investigations and how they can supplement our efforts. Also included are personal safety tips and theft prevention measures to safeguard personal items.

**Publications.** The police department and the Office of the Dean of Students distribute various publications that address problems such as date rape, alcohol abuse, and theft.

**Lighting.** The campus is routinely surveyed to ensure that exterior areas are adequately lighted at night. Sidewalks are specifically reviewed to determine whether additional lighting is needed. Trees and shrubs that impair lighting along walks are trimmed as needed.

**Escort.** The IPFW University Police department provides escort services for faculty, staff, and students when requested by dialing 260-481-6827.

**Office of the Dean of Students (ODOS).** Staff members in this office provide a variety of services to students, including victim assistance, counseling about personal concerns, and information about University resources.
DATING AND DOMESTIC VIOLENCE, SEXUAL ASSAULT, AND STALKING

IPFW proactively addresses, dating violence, domestic violence, sexual assault, and stalking. These crimes will not be tolerated on campus and are a violation of state law as well as the University’s Anti-Harassment Policy.

Consent in reference to Sexual Activity

Indiana Law

The state of Indiana does not define Consent as it pertains to sexual activity but Purdue University has defined it by policy.

Consent/Consensual. (University Ethics /Anti-Harassment Policy [III.C.1] Appendix C.)

Affirmative, clear communication given by words or actions that shows an active, knowing and voluntary agreement to engage in mutually agreed-upon sexual activity. Consent is given freely and voluntarily. Consent may not be inferred from silence, passivity or when an individual is Incapacitated or otherwise prevented from giving Consent as a result of impairment due to a mental or physical condition or age. No Consent exists when there is a threat of force or physical or psychological violence. Although Consent may be given initially, it may be withdrawn at any point without regard to activity preceding the withdrawal of Consent. The voluntary nature of Consent will be subject to heightened scrutiny in circumstances in which a person engages in a sexual relationship with a person over whom he or she has any power or authority within the University.

Primary Prevention Programs

A three-module online primary prevention and risk reduction program entitled “Respect Boundaries: Sexual Assault Awareness” is required of all incoming students. New employees are required to complete an in-person module during New Employee Orientation. The components of these programs include:

1. Definitions of dating violence, domestic violence, sexual assault, and stalking.
2. Dynamics of sexual assault and intimate partner violence, with particular emphasis on college-aged populations.
3. Data concerning sexual assault victimization, including the role of alcohol in sexual assaults and intimate partner violence.
4. Services and resources available to victims/survivors.
5. Strategies for primary prevention.
6. Bystander intervention strategies. Bystander Intervention program: Common goals of bystander programs are to develop ways to increase awareness of sexual assault, hazing, and alcohol abuse such as learning to make observations and recognizing warning behaviors that may require intervention; teach the appropriate skills to intervene safely and effectively, in both direct and indirect ways.

Awareness Campaign

Since 2012, IPFW has implemented its “Respect Boundaries” campaign relating to sexual violence awareness and prevention. Drink coasters, magnets and posters were distributed within University Residences, at freshmen, graduate and transfer student resource fairs, and to sororities, fraternities, cooperative houses. Materials were also distributed as part of Title IX training for students. Online education for new students and ongoing education for continuing students will also incorporate the “Respect Boundaries” logo and campaign.

Ongoing Prevention and Educational Dating Violence, Domestic Violence, Sexual Assault, and Stalking Programs

IPFW offers risk reduction, prevention and awareness programs and campaigns designed to prevent and eliminate dating violence, domestic violence, sexual assault, and stalking. A list of programs follows:

Rape Aggression Defense (RAD)

Available at IPFW since 2000, Rape Aggression Defense (RAD) is a women’s self-defense program. This 12-hour comprehensive course equips participants with realistic self-defense tactics and techniques. The IPFW Police Department conducts RAD classes for student and staff groups, organizations, and the general public. The initial focus of RAD is on education and awareness, prevention, risk reduction, and avoidance of assault and rape. The program then progresses to the basics of hands-on defense training. Certified instructors provide a
workbook/reference manual and hands-on training. RAD is dedicated to teaching defensive concepts and techniques against various types of assault by utilizing easy, effective, and proven self-defense martial arts tactics. The program provides participants with the knowledge to make an educated decision about resistance.

R.A.D. training is available for $5 per person for faculty, staff, alumni, and student participants and their children and spouses. Non-campus participants are charge $25. RAD is a class for women only. Enrollment priority is given to university students, faculty, and staff, and is handled on a first-come, first-served basis. Classes are typically held 4-6 times a year depending on class size. For additional information, call 260-481-6827.

Self-Defense Awareness and Familiarization Exchange (SAFE)
The Self-Defense Familiarization and Exchange (SAFE) training is a two-and-a-half-hour long program that is an introduction to women's self-defense. Presented by the designers of RAD, the SAFE program exposes participants to information that may reduce their risk of exposure to violence, and allows them to familiarize themselves with physical skills training. This program serves as a precursor to the full RAD program. Enrollment priority is given to university students, faculty, and staff, and is handled on a first-come, first-served basis. For additional information on the above classes, call 260-481-6827.

**Reporting Dating Violence, Domestic Violence, Sexual Assault, or Stalking**

Reporting dating violence, domestic violence, sexual assault, or stalking is optional but highly encouraged. Victim/survivors have a number of different reporting options.

**Law Enforcement**

Off-campus crimes may be reported to the local law enforcement agency with jurisdiction over the location where the assault occurred. Individuals may call 911 or the non-emergency numbers to their local law enforcement agency.

Non-Confidential Reporting Options
While reporting a crime to Law enforcement is always an option, reporting dating violence, domestic violence, sexual assault, stalking, or other crimes to non-law enforcement personnel at the University is an option as well. This will allow the University to take steps to protect the safety and well-being of all University community members, accurately document the statistic, and conduct an internal University investigation that is separate and distinct from the criminal investigation. Matters reported to the below offices will be kept as private as possible, in consideration of the victim’s wishes as well as the need to ensure the safety of all University community members. University officials will also assist you in notifying the proper law enforcement agency if so desired.

What to do if you have been victimized
Get to a safe place as soon as you can. If the situation poses an immediate danger to you or anyone else, alert the police as soon as possible by calling 911. Once you are safe, contact someone you trust to be with you for support. This could be a friend, family member, a resident assistant or even a specially trained victim’s advocate.

Preservation of Evidence following an incident of dating violence, domestic violence, sexual assault, or stalking
IPFW Police or other University entities including but not limited to the Vice President for Ethics and Compliance, Office of the Dean of Students and Human Resources will provide all known student or employee victims with written notification about available counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both within the institution and
in the community and the importance of preserving evidence that may assist with an investigation or may be helpful in obtaining a protection order.

If an incident of dating violence, domestic violence, sexual assault, or stalking occurs, it is important to preserve evidence to aid in the possibility of a successful prosecution or obtaining a protective order. Try to preserve all physical evidence even if you don’t know if you want to report the assault or press charges. Evidence may be maintained so that it will be available if you decide to move forward with criminal charges at a later point in time.

In cases of sexual assault do not eat, drink, bathe, shower, wash your hands, use the toilet or brush your teeth. Don’t change your clothes if possible, but if you need to change, put all of the clothes you were wearing in a bag and bring them with you to your medical exam. Take a minute to write down everything you remember about the assault, including a description of the assailant.

Evidence of violence, such as bruising or other visible injuries, should be documented including through photographs.

**Stalking** evidence including any communication, such as written notes, voice mail, social media postings, or other electronic communications should be saved without altering in any manner.

**Medical Care.** You should seek medical and emotional care as soon as possible, even if you don’t have any apparent injuries. The IPFW Campus Clinic or the local MHA Crisis Center may provide assistance.

**Emotional Support.** Seek emotional support to help sort out your feelings about the assault.

**Support Services**
There are a number of support services and rights to which students and employees of the University are entitled in matters of dating violence, domestic violence, sexual assault, and stalking. These rights and services are provided whether the conduct occurred on- or off-campus and whether or not a police report is filed.

**Local Crisis Services Available 24/7**
There are community centers that are specially trained to deal with survivor/victims of dating violence, domestic violence, sexual assault, and stalking. These agencies are listed at the beginning this document (Quick Reference Resource Guide).

**Protective Orders and No-Contact Directives**
Protective orders, which would direct an assailant not to contact you under a court order, are available through the County Courts. University officials, upon request, will provide you with assistance in navigating this process. Additionally, the University can issue no-contact directives that direct a respondent not to contact you. Contact the Title IX Coordinator, Kettler Hall, 260-481-6106, or the Office of the Dean of Students, Walb Student Union, 260-481-6601 for these services.

**Advocacy and Other Support Services.**
IPFW provides its students and staff with professional staff who can assist dating violence, domestic violence, sexual assault, and stalking victims with academic and advocacy/support services and the provision of interim remedial measures. These services are available whether the assault occurred on- or off-campus. Professional staff within the Office of the Dean of Students are available to assist students with requesting the following:

- Coordination of services.
- Academic adjustments, including processing absence notifications or changing class sections.
- Housing reassignments and assistance with emergency housing needs.
- Support during the campus disciplinary process, including in-person attendance at all meetings and ongoing in-person support.
• Support during the law enforcement process, including in-person attendance at meetings with law enforcement and/or the Prosecutor’s Office.
• Assistance in obtaining no-contact directives within the University.
• Assistance in obtaining a protective order through the Allen County Court system.

Medical Facilities (confidential)
There are a number of medical facilities both on and off-campus that provide confidential medical care to victims. Contact information for some of the medical resources available to victims is listed on the Quick Reference Resource Guide at the beginning of this report.

Confidentiality
IPFW recognizes the importance of ensuring the confidentiality of victims of dating violence, domestic violence, sexual assault, and stalking and others to the greatest extent practicable.

For purposes of the Clery Act disclosures, Campus Security Authorities do not disclose the name of the victim or others as it pertains to FERPA in making their required reports without the express permission of victim. Further, IPFW will keep confidential any accommodations, remedial, or protective measures provided to victims to the greatest extent possible that does not otherwise prevent the University from providing such measures. Neither collected statistics nor required Clery logs will include information that may lead to the victim being identified.

Campus Disciplinary Procedure (Non-Criminal Process)
Dating violence, domestic violence, sexual assault, and stalking are violations of the University’s Anti-Harassment Policy and will be addressed accordingly. This policy seeks to encourage faculty, staff, and students to report and address incidents of Harassment.

Interim Measures
The University offers a wide range of resources for students and employees, whether as Complainants or Respondents, to provide support and guidance throughout the initiation, investigation and resolution of a report of discrimination or harassment. Upon receipt of a complaint, the University may take interim measures to address concerns regarding safety and well-being and facilitate the Complainant’s continued access to University employment or education programs and activities. These measures may be both remedial (designed to address a Complainant’s safety and well-being and continued access to educational opportunities) or protective (involving action against a Respondent). Remedial and protective measures, which may be temporary or permanent, may include no-contact directives, changes in class or work schedules, academic modifications and support, changes in University-owned living arrangements, interim suspension, University-imposed leave, suspension from employment, pre-disciplinary leave (with or without pay), or any other reasonably available measures that the University deems appropriate. Interim measures are available under both Informal and Formal Resolution Processes. Remedial measures are available regardless of whether a Complainant pursues a complaint or investigation under these Procedures. The ability to impose certain protective measures against a Respondent may require that the report be resolved through the Formal Resolution Process. The University will maintain the privacy of any remedial and protective measures provided to the extent practicable and will promptly address any violation of the protective measures.

Processes
Complaints may be resolved by either the University’s informal or formal process. Either process will be a prompt, fair, and impartial process from the initial investigation to the final result.

The Informal Resolution Process is designed to empower the parties to an Informal Complaint to reach a mutually satisfactory agreement. The Informal Resolution Process will be concluded by one of the following: (1) a decision to
stop further action on the Informal Complaint, (2) a resolution of the Informal Complaint by agreement of the parties or (3) initiation of the Formal Resolution Process.

The Campus Equity Office will attempt to conclude the Informal Resolution Process within 30 days. Within 10 days following conclusion of the Informal Resolution Process, the Campus Equity Office must complete and submit a Status Report Form. A copy of the Status Report Form is to be submitted to the Vice President for Ethics and Compliance or Chancellor.

**A Formal Complaint** may be filed as the first course of action or following an Informal Complaint if there is no mutually acceptable resolution during the Informal Resolution Process. The University also may initiate an investigation in the absence of a Formal Complaint by a Complainant.

To file a Formal Complaint, a Complainant must complete the Complaint Information Form online, in person or via electronic mail. The complaint must be dated by the Complainant and describe the alleged incident(s) with the relevant date(s), name(s) of the Respondent(s) and name(s) of witness(es). The Campus Equity Office can provide assistance in completing the Complaint Information Form.

Formal Complaints or University-Initiated Investigations in which a student or recognized student organization is named as a Respondent will be adjudicated by the Dean of Students for each campus in accordance with Sections I and J of these Procedures.

Formal Complaints or University-Initiated Investigations against employees, including faculty and staff, will be adjudicated by the appropriate Chancellor (or designee) or the Director pursuant to Sections I and J of these Procedures.

**Disciplinary Process Steps**

Within 10 days of receipt of a Formal Complaint, the Chancellor, Dean of Students or Director will assign a University Investigator to investigate the Formal Complaint. Persons eligible to serve as University Investigators shall be designated by the Vice President for Ethics and Compliance. The University Investigator must have sufficient training and/or experience to conduct a thorough and impartial investigation.

The Chancellor, Dean of Students or Director will provide prompt notification, including a copy of the Formal Complaint or notice of allegations, to the Complainant, the Respondent(s), to the department head or supervisor and to the appropriate Vice President, Dean or head of other major unit. The Formal Complaint or notice of allegations will be delivered through certified or express mail, electronic mail or hand delivery. In the event the Respondent is a student or recognized student organization, the Dean of Students is the appropriate Dean. The notification to the Respondent(s) will include a copy of the Formal Complaint, or, in University-Initiated Investigations, a statement of allegations, and a copy of or link to the relevant University Policy and these Procedures.

The Respondent(s) will be requested to respond in writing to the Formal Complaint within a reasonable time, not to exceed 10 days from the date of certified or express mailing, electronic mailing or hand delivery of the notification of the Formal Complaint. Any extension of time must be approved by the Chancellor, Dean of Students or Director. In the event that an investigation is undertaken in accordance with Section I4 of these Procedures, a copy of the Respondent(s)' response will be provided to the Complainant.

In a University-Initiated Investigation, a Respondent will be provided with written notice of the allegations forming the basis of the University-Initiated Investigation, and Section I of these Procedures will govern such investigation to the greatest extent practicable.
A Complainant who may have been subject to discrimination or harassment that forms the basis of a University-Initiated Investigation shall (1) be provided with written notice that the University has commenced a University-Initiated Investigation; (2) receive a copy of any written response submitted by the Respondent(s); (3) upon request, be afforded an opportunity to meet with the Chancellor, Dean of Students or Director and the panel in connection with the University-Initiated Investigation; (4) be provided with written notice of the determination of whether a violation of one or both of the Policies occurred and any sanction or remedial measures imposed in connection with the violation; and (5) be afforded the right to appeal such determination, sanctions or remedial measures in accordance with Section L.

As soon as practicable following appointment, the University Investigator will interview the Complainant. Within five days following the completion of his or her interview with the Complainant, the University Investigator will conduct an initial assessment and notify the Chancellor, Dean of Students or Director in writing as to (1) whether or not the allegations set forth in the Formal Complaint, if substantiated, would constitute a violation of one or both of the Policies and (2) whether or not there is reasonable cause to believe that the Respondent(s) has violated one or both of the Policies. If the University Investigator’s notification indicates that such allegations, if substantiated, would not constitute a violation of one or both of the Policies or that there is not reasonable cause to believe that the Respondent(s) has violated one or both of the Policies, the Chancellor, Dean of Students or Director may dismiss the Complaint, and that decision shall be final. The Chancellor, Dean of Students or Director shall provide the Complainant and Respondent(s) with written notice of such dismissal.

In the event that the University Investigator’s initial assessment and notification indicates that the allegations set forth in the Complaint, if substantiated, would constitute a violation of University policy and that there is reasonable cause to believe that the Respondent(s) has violated one or both of the Policies, or if the Chancellor, Dean of Students or Director determines that the matter should be investigated, the University Investigator will conduct a thorough fact-finding investigation and will meet separately with both the Complainant and the Respondent(s), interview pertinent witnesses and review relevant documents regarding the Formal Complaint. The University Investigator may consider all relevant information, including evidence of pattern or prior misconduct by the Respondent, credibility of the parties and witnesses, and in very limited circumstances, any prior sexual history of the Complainant with the Respondent. Both parties will be provided the opportunity to provide information and names of witnesses to the University Investigator.

The investigation shall be completed within 30 days following the assignment of the Formal Complaint to the University Investigator, unless an extension of time for good cause is approved by the Chancellor, Dean of Students or Director.

Within seven days following the conclusion of the investigation, the University Investigator will prepare a preliminary report summarizing the information gathered and outlining the contested and uncontested information. The preliminary investigation report will not include any findings. The Complainant and the Respondent will be provided access to review the preliminary investigation report and may submit comments and additional information to the University Investigator in writing. The University Investigator will designate a reasonable time for this review and response by the parties, not to exceed seven days. In the absence of good cause, information discoverable through the exercise of due diligence that is not provided to the University Investigator during the designated review and response period will not be considered in the determination of responsibility for a violation of one or both of the Policies.

As soon as practicable following consideration by the University Investigator of any information provided by the Complainant (or impacted party in the case of a University-Initiated Investigation) and/or Respondent, the University Investigator will submit a final investigation report to the Chancellor, Dean of Students or Director. The report will include findings based upon a preponderance of the evidence that (1) the allegations cannot be substantiated or some or all of the allegations are substantiated, (2) a statement as to whether the Formal Complaint was knowingly false or malicious, and (3) if material to the determination as to whether or not a violation of one or both of the Policies has occurred, an assessment of the credibility of the Complainant and the Respondent(s). No violation of
University policy will be presumed unless a preponderance of the evidence standard supports the finding of a violation. This preponderance of the evidence standard requires that the facts and information supporting each finding are more convincing than the facts and information offered in opposition to such finding. The report will include the basis upon which the University Investigator reached their conclusions. The report will also include the University Investigator’s determination of whether a violation of one or both of the Policies has occurred.

Within 15 days of receipt of the University Investigator’s report, the Chancellor, Dean of Students or Director will convene a meeting with and seek advice from a three-member panel selected by the Chancellor, Dean of Students or Director from the Advisory Committee on Equity consisting of at least one participant who is a member of the faculty and one participant who is not a member of the faculty. At least two members of the panel shall be representatives of the campus from which the Formal Complaint originated. Prior to the meeting, members of the panel shall be furnished with a copy of the University Investigator’s report and copies of any complaint or response of the parties. At the meeting, the panel will be afforded the opportunity to ask questions of the University Investigator. Upon request, the Complainant and the Respondent will be afforded an opportunity to meet with the Chancellor, Dean of Students or Director and the panel to make a brief statement and to answer any questions that they may have.

Within 10 days following the meeting with the panel from the Advisory Committee on Equity, the Chancellor, Dean of Students or Director shall make a written determination whether a violation of one or both of the Policies has occurred.

In the event the charge of discrimination and/or harassment is not substantiated following the written determination of the Chancellor, Dean of Students or Director, reasonable efforts may be taken to restore the Respondent(s) to their prior status.

At the West Lafayette campus, sanctions will be determined by the appropriate Vice President or Dean and the Director. In the event of a disagreement between the Director and the designated Vice President or Dean, the Director will refer the disagreement to the Provost for resolution. In the case of a student or recognized student organization, sanctions will be determined and imposed by the Dean of Students.

At the Fort Wayne and Northwest campuses, sanctions will be determined and imposed by the Chancellor (or designee), except that sanctions for students and recognized student organizations will be determined and imposed by the Dean of Students.

The Chancellor, Dean of Students or Director will send the Complainant and the Respondent the written determination and final outcome of the matter, including sanctions, if any, by certified or express mail, electronic mail or hand delivery. The determination will include the rationale, a description of the parties’ appeal rights and any changes in the outcome before it becomes final. The appropriate Vice President, Vice Chancellor, Vice Provost or Dean is responsible for imposing the sanction.

Sanctions will be decided on a case-by-case basis and will be in accordance with University policy. Possible sanctions for employees include, but are not limited to, the following: a letter of reprimand, suspension or leave of absence without pay, reassignment of teaching or other responsibilities, removal of graduate faculty certification, denial of a merit pay increase, demotion, probation or termination. Sanctions for students are listed in Regulations Governing Student Conduct and may include without limitation verbal or written warnings, restrictions, probation, probated suspension, suspension or expulsion.

Except as provided herein, sanctions imposed pursuant to these Procedures may not be appealed or made the subject of a grievance under any other University policy.

If the accused is a faculty member and the sanction has been to recommend termination of employment, the
procedures for termination of a faculty member (as outlined in Executive Memorandum No. B-48 or its successor) will be followed; provided, however, that the report of the University Investigator and the written determination of the Chancellor or Director shall be accepted into evidence at the faculty member’s termination hearing without the necessity of the Complainant testifying as a witness.

Remedial measures for students, faculty and staff will be decided on a case-by-case basis. Such measures may include providing an escort to ensure safe movement on campus; ensuring that the Complainant and Respondent do not share classes or extracurricular activities; reassignment of residence halls; tutoring or other academic support; arranging for extra time to complete or re-take a class or withdraw from a class without academic or financial penalty; job reassignment; targeted training for a group of students, faculty or staff; and other remedies that can be tailored to the needs of the parties.

The Complainant (or impacted party in the case of a University-Initiated Investigation) and the Respondent each have the right to appeal the decision of the Chancellor, Dean of Students or Director and imposition of any sanction to the Vice President for Ethics and Compliance. The appeal must be in writing and filed in person, via courier, or via postal or electronic mail within 10 days of the issuance of notification of the decision with all supporting materials attached. Decisions not appealed within such time are deemed final.

The appeal shall consist of a concise and complete written statement outlining the grounds for appeal and all relevant information to substantiate the basis for the appeal. Appeals are not intended to open a new investigation of the complaint. In most cases, appeals are confined to a review of the written documentation and pertinent documentation regarding the grounds for appeal. The appeal will be conducted in an impartial manner.

The Vice President for Ethics and Compliance will issue a decision on the appeal to all parties involved. Normally this decision will be made within 10 days from the date the appeal was received. The Vice President for Ethics and Compliance may (1) uphold or reverse the finding, (2) decrease or increase the sanction(s), and/or (3) take other action as deemed appropriate by the Vice President for Ethics and Compliance. The written decision of the Vice President for Ethics and Compliance on the appeal shall constitute the University's final action.

Possible Student Sanctions. Sanctions for violations of the Anti-Harassment Policy are listed in Regulations Governing Student Conduct and may include without limitation the following:

- Verbal or written warnings
- Expulsion
- Suspension
- Exclusion from certain locations on campus
- Exclusion from certain campus activities

**Advisor**

Both a Complainant and a Respondent are entitled to an advisor or support person of their choice, and the advisor or support person may accompany the party to any meeting or proceeding under these Procedures. A Complainant may have an advisor or support person present when reporting discrimination and/or harassment or at any point in these Procedures. A Respondent also may have an advisor or support person present if and when the Respondent becomes a party to an Informal Resolution Process or a Formal Resolution Process. An advisor or support person may be an attorney, but an advisor or support person may not speak for or stand in place of either the Complainant or the Respondent, act as legal counsel for a party in the Informal Resolution Process or the Formal Resolution Process, or otherwise participate in the Informal Resolution Process or the Formal Resolution Process.

The University has the discretion to impose reasonable conditions upon the participation of an advisor or support person. The advisor or support person may not be a party or witness involved in the investigation.

**Retaliation Prohibited**

As outlined in the University’s Anti-Harassment Policy, retaliation against any person for reporting or complaining of discrimination and/or harassment, assisting or participating in the investigation of a complaint of discrimination and/or harassment, or enforcing University Policies with respect to discrimination and/or harassment is strictly prohibited. Overt or covert acts of reprisal, interference, restraint, penalty, discrimination, intimidation or harassment against an individual or group for exercising rights or performing duties under these Procedures will be subject to appropriate and prompt disciplinary or remedial action.

Additionally, IPFW provides its students with professional staff who can assist students who have been subjected to Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking or Relationship Violence with academic and advocacy/support services. Professional staff within the Office of the Dean of Students is available to assist students with the imposition of interim remedial and protective measures set forth in Section E3, including the following:

- Coordination of services.
- Academic adjustments, including processing absence notifications.
- Housing reassignments and assistance with emergency housing needs.
- Support during the campus disciplinary process, including in-person attendance at all meetings and ongoing in-person support.
- Support during the law enforcement process, including in-person attendance at meetings with law enforcement and/or the prosecutor’s office.
- Assistance in obtaining no-contact directives within the University.
- Assistance in obtaining a protective order through the local court system.

A list of counseling, advocacy and other support services for each campus is listed in Appendix A.

ALCOHOL AND OTHER DRUG INFORMATION

Alcoholic Beverages
Use, possession, or distribution of alcoholic beverages is strictly regulated.

State law prohibits consumption or possession of alcoholic beverages by persons younger than 21 years old. The law also prohibits persons 21 or older from providing alcoholic beverages to minors. A person misrepresenting his or her age to obtain alcoholic beverages is in violation of the law.

With a few exceptions, such as pre-approved events in the John and Ruth Rhinehart Music Center, Walb Student Union, Williams Theatre, the Alumni Center, or the SCAN Garden, possession of alcoholic beverages on the IPFW campus is prohibited. Violators of alcohol policies are subject to the provisions of applicable state and federal laws as well as University disciplinary actions.

IPFW’s alcohol policy is published and distributed annually to students and employees. Purdue’s Alcohol and Drug-Free Campus and Workplace Policy (Executive Memorandum No. C-44) is available at Appendix F.

Assistance for both students and employees is available through University counseling programs. Personal counseling and referral are provided for students and their spouses through IPFW/Parkview Student Assistance Program (SAP) and for staff through the Employee Assistance Program (EAP).

Drug and Crime Tip Telephone Line
The IPFW Police Department has installed an anonymous drug and crime tip telephone line. Those who want to report any illegal drug or crime activity should call the WeTip Hotline: 1-800-78-CRIME.

Illegal Drugs
Indiana state law and University regulations prohibit the use, possession, or distribution of controlled substances without a valid prescription. Violators of drug policies are subject to the provisions of applicable state and federal laws as well as University disciplinary actions.

Purdue’s drug policy is published and distributed annually to students and employees. Purdue’s Alcohol and Drug-
Free Campus and Workplace Policy (Executive Memorandum No. C-44) is available at Appendix F.

Assistance for both students and employees is available through University counseling programs. Drug abuse counseling is provided by the Employee Assistance Program (EAP). Personal counseling and referral are provided for students and their spouses through IPFW/Parkview Student Assistance Program (SAP).

Educational Programming
The University currently offers the following Alcohol and Drug educational programming:

**Alcohol Edu:** A program that is assigned to alcohol violation offenders.

**Athlete Orientation Program** – All athletes at IPFW attend a yearly educational program and orientation that reviews the Code of Students Rights and Responsibilities, with specific discussion on alcohol and drug use, as well as sexual assault and harassment.

**Student organization officers and advisors** attend a mandatory orientation each where alcohol issues and policies are addressed.

**Athletic Training:** IPFW Athletics annually presents videos on banned substances and where they might appear. A list of banned substances and IPFW Athletics policies are also discussed.

**Alcohol Awareness Program:** This educational program is presented to resident assistants at the beginning of the fall semester by University Police. The program includes a presentation regarding the dangers of alcohol consumption.

**Drug Recognition and Identification:** This program is presented to resident assistants at the beginning of the fall semester by University Police. It provides education on a wide variety of drug related topics. Information on how to identify an individual under the intoxicating effects of drugs as well as how to identify specific drugs themselves is provided.

**Mastodons HERDS: Helping to Educate and Respond to Drinking Situations:** This is a program which allows active bystanders to report emergency situations that arise from unsafe alcohol or drug misuse. To induce this behavior, as a practice IPFW will waive charging a student with a violation of the Student Rights, Responsibilities, and Conduct if the reporting student calls for emergency assistance (911), stays with the student who is having a potential emergency situation, and complies with emergency officials by being forthright in providing information. This practice will parallel and support the Indiana Lifeline law (indianalifeline.org).

**Student Assistance Program:** This program offers alcohol education programming and counseling upon request. This program offers alcohol education programming and counseling done in conjunction with the Center for Healthy Living and the Office of the Dean of Students upon request. Screenings and assessments are offered for students and highlighted during Suicide Prevention Week, Mental Health Awareness Week, the Health Fair, and Drug and Alcohol Awareness Week.

**International Student Education:** The Office of the Dean of Students speaks with international students about the alcohol and drug policies at the start of both fall and spring semesters. The Office of the Dean of Students, The Office of Institutional Equity, and the Student Assistance Program speaks with international students about the alcohol and drug policies at the start of both fall and spring semesters.

**TIPS:** When requested, this training program is offered to all groups that host events where alcohol will be served.

**Resident Assistant Training:** Resident assistants are trained on policies and warning signs in August. The resident
assistants conduct training programs for their residents.

EMERGENCY PREPAREDNESS

The Campus Crisis Management Committee is responsible for the emergency preparedness and planning activities on the IPFW University campus. The Campus Crisis Management Committee partners with the University police, local fire departments, and other offices, agencies, and departments (as applicable) in developing the Crisis Response Plan. Our goal is to provide a means to utilize all available resources to **PREPARE** for potential emergencies or disasters whenever possible and deal efficiently with the effects of inevitable events, **RESPOND** to save lives and protect property, and promote a means to **RECOVER** mission-critical business and academic operations.

IPFW University has adopted the National Incident Management System (NIMS), which is a comprehensive, national approach to incident management that is applicable to all jurisdictional levels and across functional disciplines. A key part of NIMS is the Incident Command System (ICS). ICS is a field emergency management system designed for all hazards and levels of emergency response. It provides the framework for IPFW University first responders to react to any incident or major event. IPFW University police personnel meet all ICS training requirements.

**Emergency Procedures Handbook**

The handbook provides basic “how to” information to help the campus community respond to emergencies. While it is impossible to produce a document that is all-inclusive, this publication addresses the most common emergencies and those that are most likely to occur in the future. The Handbook is available at [ipfw.edu/dotAsset/240512.pdf](ipfw.edu/dotAsset/240512.pdf)

**Tornadoes**

A tornado watch is issued when conditions are favorable for tornado formation. A tornado warning is issued when a tornado has been detected and may be approaching. In this locality, a continuous siren signal lasting approximately three minutes signifies a tornado warning. Tornado warnings are broadcast by the All-Hazards Outdoor Emergency Warning sirens, NOAA weather radios, and by local commercial radio and television stations. When you hear a tornado warning, you should take shelter immediately in the nearest facility (preferably in a reinforced concrete building — like most buildings on campus) and proceed to the lowest level of the building away from windows and doors. If possible, avoid auditoriums, gymnasiums, and other areas with wide-span roofs. Be prepared to kneel and cover your head. If you are in a building with no basement, get under heavy furniture near the center of the facility. Do not remain in a trailer or mobile home. If you are outdoors, lie flat in the nearest depression, ditch, or ravine. Remain in the sheltered area until the all-clear signal is given via radio or television or the expiration of the original tornado warning.

**Emergency Building Evacuation for Persons with Disabilities**

In the event of an emergency that may require the evacuation of a campus building, the following procedures are recommended:

- If you are able to be evacuated, please do so at that time. Remember to use the stairs if able. Never use the elevator during a fire alarm.
- If not, “shelter in place” in an area with no immediate hazards and telephone 911. Advise the police dispatcher of your location. The use of 911 routinely identifies your location if you are calling from an IPFW land-line phone. Even if you are unable to speak, the dispatcher will automatically surmise that you may be in trouble and will respond accordingly.
- If you are unable to call 911, advise others around you of your location and have them inform emergency personnel.
- If you are in no immediate danger, remain where you are and wait for emergency personnel to arrive.
- If you are in immediate danger, move to an area where you can “shelter in place” (recommended areas such as a room with an outside window or a room with a sprinkler system, if available).
• You are also encouraged to carry a sounding device (like a small whistle), flashlight, and cell phone to alert emergency personnel of your location.
• Having a plan for evacuation assistance and practicing it may save your life. It is best to pre-plan for such an eventuality. Arrangements can be made to reasonably assure that assistance is provided to anyone who requires it.
FIRE SAFETY REPORT

The Higher Education Opportunity Act (Public Law 110-315) became law in August 2008. It requires all United States academic institutions that maintain on-campus housing facilities to produce an annual fire safety report outlining fire safety practices, standards, and all fire-related on-campus statistics. Beginning October 1, 2010 it became a Clery Act obligation as well.

The following public disclosure report details all information required by this law as it relates to the IPFW Campus.

General Statement
At IPFW, all residence halls are protected with integrated fire sprinkler systems and redundant fire alarm monitoring systems which are monitored 24 hours/day, seven days/week.

Fire Safety Improvements and Upgrades
The Campus Safety Office reviews the fire systems in all residence halls and will make upgrades, repairs or revisions when problems are identified. There are currently no further fire safety improvement projects.

Residence Hall Fire Drills
Fire drills are held once a semester, fall and spring, for each residence hall. Fire drills are mandatory supervised evacuations of a building for a fire. The fire drill is scheduled with the Student Housing director, the IPFW police department, and the individual residence hall staff. Supervised fire drills are scheduled at a time that is conducive to demonstrate the effectiveness of the drill.

Evacuation route maps are posted in each resident room showing the closest egress route and the assembly area outside. Students who fail to leave the building during a fire drill are counseled and the incident is turned over to the Director of Residence Life for adjudication.

False reporting of an emergency is unlawful. We prohibit unauthorized use of or tampering with emergency or safety equipment. Interference with and/or non-adherence to emergency evacuation procedures is unlawful. Blocking open any fire door, locked door, or passing through any door where security alarms are set is prohibited. Tampering with emergency equipment and/or safety equipment can result in university disciplinary sanctions and or arrest. Always keep hallways and stairwell smoke doors closed. Do not reenter the building until you hear an all-clear signal.

When a fire alarm sounds, you must:

• Close room windows.
• Leave room lights on.
• Close room doors.
• Walk calmly to the nearest exit and continue outside and away from the building.

Do not use the elevators during a fire or a fire drill. YOU MUST EVACUATE THE BUILDING WHENEVER THE FIRE ALARM IS SOUNDED. General rules for campus and student housing evacuations are:

• Wear shoes and a coat.
• Walk calmly when exiting the building.
• Check out with the designated fire marshal at the assigned fire exit. If you are in another part of the building at the time of the alarm, use the nearest fire exit. When you are outside the building, report immediately to your fire marshal, so that the staff is aware that you have left the building.
• Remember others will be using the same exit, so remain calm and orderly and move away from the doorway.
• Remain at your assigned place outside the building until you are given the signal to return.
• If you see a fire or smoke, pull the nearest alarm and notify someone on staff, then evacuate. Students reporting a fire should call 911 after exiting the building.

**Fire Life Safety Education**
The university residence policy on evacuation from residence halls is discussed with all residents when they move into the residence hall and are located in the Student Housing Handbook. Resident assistants view a fire training video and are educated on the use of fire extinguishers and locations of fire exit doors. Resident assistants conduct a training session with all residents on fire safety education at the beginning of the fall semester and spring semesters.

**Student Housing Policies**
The university residence policy on fire safety is to prohibit usage of certain portable electrical appliances, open flames, and smoking in individual rooms. Candles or open flame are prohibited in residence halls. There are limits on the number electrical appliances allowed in a specific room. The prohibited appliances include, but are not limited to space heaters, halogen lamps, and other heating devices.

IPFW prohibits smoking in any of the residence halls. Smoking is permitted only in designated outdoor smoking areas.

**Fire/Life Safety Inspections**
During the academic semester university residence staff personnel conduct fire/life inspections. Students are notified of all upcoming inspections and are urged to participate.

During the inspection if a violation is found, the student(s) will receive a letter indicating what the violation was, and will be expected to meet immediate compliance. If the violations have not been corrected after an unannounced re-inspection, the occupant(s) will be subject to disciplinary action.

Some common violations are as follows:

- Extension cords and multi-tap electric units without a breaker
- Items stored closer than 18 inches from a sprinkler head
- Blocking of electrical panels
- Blocking of egress (exit) pathways
- Evidence of burning of candles, incense, or tobacco products
- Evidence of cooking; or cooking appliances, even if unused
- Evidence of a heavy load of combustibles in a room, on the walls, or ceiling
- Covering a door with paper or other combustible material
- Use of electrical wiring, devices, appliances which are modified or damaged
- Use of portable heater
- Tampering with smoke detector, including removing the battery
- Use of halogen lamp/lighting
- Unsafe lofting or raising of beds, including beds with no guardrails
- Strings of lights, twinkle lights, holiday lights
- Any other situation deemed unsafe by the staff inspector

**Reporting a Fire**
Students reporting a fire should call 911. If the fire event is no longer a danger they should contact the Student Housing Director, or Assistant Director to report the incident to the police department for purposes of investigation and inclusion of a fire in the Annual Fire Safety Report.
**Fire Statistics Definitions**

**Fire** - Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

**Fire drill** – A supervised practice of a mandatory evacuation of a building for a fire.

**Fire-related injury** - Any instance in which a person is injured as a result of a fire, including an injury sustained from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of the fire. The term person may include students, faculty, staff, visitors, firefighters, or any other individuals.

**Fire-related death** – Any instance in which a person is killed as a result of a fire, including death resulting from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of a fire, or deaths that occur within 1 year of injuries sustained as a result of the fire.

**Fire safety system** - Any mechanism or system related to the detection of a fire, the warning resulting from a fire, or the control of a fire including: Sprinkler or other fire extinguishing systems, Fire detection devices, standalone smoke alarms, devices that alert one to the presence of a fire, such as horns, bells, or strobe lights, smoke-control and reduction mechanisms, and Fire doors and walls that reduce the spread of a fire.

**Value of Property Damage** - The estimated value of the loss of the structure and contents, in terms of the cost of replacement in like kind and quantity, including: contents damaged by fire, related damages caused by smoke, water, and overhaul, however it does not include indirect loss, such as business interruption.

**Fire Log**
A Fire Log kept at the IPFW University Police Department is open to the public during normal business hours. The Log reflects any fire that occurred in an on-campus student housing facility and includes information such as the nature, date, time and general location of each fire for the most recent 60-day period. The Fire Log entry, or an addition to an entry, shall be made within two business days of the receipt of information. Any portion of the log older than 60 days will available within two business days of a request for public inspection.

Any employee, student, campus visitor or person participating in a University activity, whether on or off campus, who has experienced or witnessed discrimination and/or harassment is encouraged to report the incident(s) promptly. Prompt reporting of complaints is vital to the University's ability to resolve the matter.

Once the University has received a report of harassment and/or discrimination, the University will take any and all necessary and immediate steps to protect the Complainant. Such actions may include taking interim steps before the determination of the final outcome of an investigation.

There are both informal and formal processes for resolving complaints of discrimination and harassment. A Complainant may elect to invoke either the Informal or Formal Resolution Process. If the Complainant finds that initial informal efforts are unsatisfactory, the Complainant may then seek formal resolution. There is no requirement that a Complainant first proceed with informal resolution before seeking formal resolution.

The University has an obligation to respond to information of which it becomes aware, whether received directly or indirectly. That is, the University's obligation may be triggered by a direct disclosure by those who have experienced potential discrimination or harassment or by gaining indirect knowledge of such information. For this reason, the University may initiate an investigation of circumstances that involve potential discrimination and/or harassment even where no complaint, formal or informal, has been filed. In those circumstances, the University may elect to investigate and, if warranted, impose disciplinary sanctions pursuant to these or other established University procedures.

In matters involving alleged criminal conduct, the Complainant may notify, or decline to notify, local law enforcement at any time. The University may also make an independent determination to notify law enforcement and/or other authorities based on the nature of the complaint.

B. SCOPE

These Procedures apply to all complaints of discrimination and/or harassment, whether the parties are students, recognized student organizations, employees, volunteers, campus visitors or persons participating in a University activity. Employees who are students involved in activities subject to these Procedures may be treated as students, employees or both at the sole option of the University.

These Procedures govern conduct that occurs on and/or off campus or that impacts the educational or work experience of a member of the Purdue community. In particular, off-campus conduct is subject to these Procedures if 1) the conduct occurred in the context of an education program or activity of the University, 2) the conduct has or had continuing adverse effects on campus or in an off-campus education program or activity or 3) the Respondent is a student.

C. RESOURCES FOR RESOLVING COMPLAINTS OF DISCRIMINATION AND HARASSMENT

Inquiries and complaints about discrimination and/or harassment may be brought to the Campus Equity Office, Office of the Dean
of Students or the Vice President for Ethics and Compliance. The management of all complaints of discrimination and/or harassment, regardless of where they are initially received, and the implementation of these Procedures is the responsibility of the Vice President for Ethics and Compliance. Any question of interpretation regarding these Procedures shall be referred to the Vice President for Ethics and Compliance for final determination.

In addition, inquiries and complaints about Sexual Violence, Relationship Violence and Stalking may be brought to the Title IX Coordinator. Information regarding the Title IX Coordinator for each campus is available in the Anti-Harassment Policy.

*Procedures for Resolving Complaints of Discrimination and Harassment*
Appendix C

The person or persons whose conduct is the subject of concern under these Procedures.

University
Any campus, unit, program, association or entity of Purdue University, including but not limited to Indiana University-Purdue University Fort Wayne, Purdue University Northwest, Purdue University West Lafayette, Purdue Cooperative Extension Service and Purdue Polytechnic Institute Statewide.

University-Initiated Investigation
An investigation initiated by the University in the absence of a Formal Complaint submitted by a Complainant. In a University-Initiated Investigation, a Respondent will be provided with written notice of the allegations forming the basis of the University-Initiated Investigation, and Section I of these Procedures will govern such investigations to the greatest extent practicable.

University Investigator
A person appointed by the Director, Chancellor or Dean of Students to investigate a Formal Complaint pursuant to Section I of these Procedures. Any individual designated to conduct an investigation must receive appropriate annual training and be approved to serve in this role by the Vice President for Ethics and Compliance. A University Investigator may be a University employee or an external professional.

E. GENERAL PROVISIONS

1. Delegation
The Chancellor, Dean of Students or Director may delegate his or her authority under the Procedures to an Eligible Designee.

2. Requests for Anonymity or No Action
To protect both the Complainant and the Respondent, every effort will be made to protect the privacy interests of the persons involved in a manner consistent with the need for a thorough review of a report or Complaint.

If the Complainant requests that their name or other identifiable information not be shared with the Respondent, or requests that the University take no formal action in response to a report, the Vice President for Ethics and Compliance shall evaluate such request and notify the individual of the University’s response to their request.

The University will honor the Complainant’s request to the extent possible based on a careful balancing of the request with any legal reporting requirements, the risk of harm to any individual and the University’s duty to maintain a safe and non-discriminatory environment for all.

If the University honors the request for anonymity, the University’s ability to meaningfully investigate the incident and pursue disciplinary action against a Respondent may be limited. The University will take other appropriate steps to eliminate any such discrimination or harassment, prevent its recurrence and remedy its effects on the Complainant and the University community. Those steps may include offering appropriate remedial measures to the Complainant and/or providing targeted training and prevention programs.

If the University is unable to honor the request for anonymity or that the University take no formal action in response to a report, the University may be obligated to move forward with a University-Initiated Investigation and potential disciplinary action if there is an individual or public safety concern and sufficient independent information exists to establish that the Anti-Harassment Policy has been violated.

The Vice President for Ethics and Compliance will assess requests for the University to take no formal action by examining the seriousness of the reported conduct, whether the reported misconduct was perpetrated with a weapon, the respective ages and roles of the Complainant and Respondent, whether there have been other reports of harassment or discrimination by the Respondent, whether the University possesses other means to obtain relevant evidence, whether the report reveals a pattern of perpetration at a given location or by a particular group, and the rights of the Respondent to receive notice and relevant information before disciplinary action is initiated.
Appendix C

3. Interim Measures

The University offers a wide range of resources for students and employees, whether as Complainants or Respondents, to provide support and guidance throughout the initiation, investigation and resolution of a report of discrimination or harassment. Upon receipt of a complaint, the University may take interim measures to address concerns regarding safety and well-being and facilitate the Complainant’s continued access to University employment or education programs and activities. These measures may be both remedial (designed to address a Complainant’s safety and well-being and continued access to educational opportunities) or protective (involving action against a Respondent). Remedial and protective measures, which may be temporary or permanent, may include no-contact directives, changes in class or work schedules, academic modifications and support, changes in University-owned living arrangements, interim suspension, University-imposed leave, suspension from employment, pre-disciplinary leave (with or without pay), or any other reasonably available measures that the University deems appropriate. Interim measures are available under both Informal and Formal Resolution Processes. Remedial measures are available regardless of whether a Complainant pursues a complaint or investigation under these Procedures. The ability to impose certain protective measures against a Respondent may require that the report be resolved through the Formal Resolution Process. The University will maintain the privacy of any remedial and protective measures provided to the extent practicable and will promptly address any violation of the protective measures.

4. Advisor or Support Person

Both a Complainant and a Respondent are entitled to an advisor or support person of their choice, and the advisor or support person may accompany the party to any meeting or proceeding under these Procedures. A Complainant may have an advisor or support person present when reporting discrimination and/or harassment or at any point in these Procedures. A Respondent also may have an advisor or support person present if and when the Respondent becomes a party to an Informal Resolution Process or a Formal Resolution Process. An advisor or support person may be an attorney, but an advisor or support person may not speak for or stand in place of either the Complainant or the Respondent, act as legal counsel for a party in the Informal Resolution Process or the Formal Resolution Process, or otherwise participate in the Informal Resolution Process or the Formal Resolution Process.

The University has the discretion to impose reasonable conditions upon the participation of an advisor or support person. The advisor or support person may not be a party or witness involved in the investigation.

5. Time Frames

The University encourages prompt reporting. Persons who have experienced or witnessed discrimination or harassment are encouraged to report the incident to a Contact Person as soon as possible.

Informal Complaints must be filed with a Campus Equity Office within 120 days of the incident of discrimination or harassment or, where the discrimination or harassment is of an ongoing nature, within 120 days from the most recent incident.

Formal Complaints must be filed with a Campus Equity Office within the earlier of 10 days following the conclusion of the Informal Resolution Process or 120 days of the incident of discrimination or harassment. Where the discrimination or harassment is of an ongoing nature, a Formal Complaint must be filed within the earlier of 10 days following the conclusion of the Informal Resolution Process or 120 days from the most recent incident.

To file an Informal or Formal Complaint, a Complainant must complete a Complaint Information Form online, in person or via electronic mail.

The 120-day deadline to file a complaint does not apply to University-Initiated Investigations, and the University will accept reports of discrimination or harassment at any time.

When extenuating circumstances warrant, a Chancellor, Dean of Students or the Director, as the case may be, has the authority and discretion to extend any of the time limits contained in these Procedures for good cause except those relating to the filing of complaints or the filing of appeals.

In general, a Complainant and Respondent can expect that the process will proceed according to the time frames provided in these Procedures. In the event that good cause exists for the investigation and resolution to exceed this time frame, the University will notify all parties of the reason(s) for the delay and the expected adjustment in time frames. Good cause may
exist if additional time is necessary to ensure the integrity and completeness of the investigation, to comply with a request by external law enforcement for temporary delay to gather evidence for a criminal investigation, to accommodate the availability of witnesses, to account for University breaks or vacations, to account for complexities of a case, including the number of witnesses and volume of information provided by the parties, or for other legitimate reasons. Best efforts will be made to complete the process in a timely manner by balancing principles of thoroughness, due process and fairness with promptness.

Notwithstanding the foregoing, a complaint relating to alleged discrimination or harassment occurring during a Complainant's employment by the University must be properly filed within 10 days following termination of the Complainant's employment with the University.

6. Expectations Regarding Participation by the Parties

All employees and students have an obligation to cooperate in the conduct of these Procedures. Failure to do so may result in disciplinary action. In the event that a Complainant chooses not to participate in an interview or declines to provide information requested by the University Investigator, the Chancellor, Dean of Students or Director may dismiss the complaint if there is no independent information upon which to proceed. The Chancellor, Dean of Students or Director shall provide written notice of such dismissal to the Complainant(s) and the Respondent(s). In the event that a Respondent chooses not to participate in an interview or declines to provide information requested by the University Investigator, the University Investigator may conclude that such information or interview, if provided or conducted, would be adverse to the Respondent. Where the complaint or the circumstances involve potential criminal conduct, however, a party may choose to remain silent during the process, and such silence will not be held as an admission or considered to be adverse to the party.

In the event that an impacted party chooses not to participate in an interview or declines to provide information requested by the University Investigator in connection with a University-Initiated Investigation, the Chancellor, Dean of Students or Director may dismiss the University-Initiated Investigation.

All University community members are expected to provide truthful information in any report or proceeding under these Procedures. Any person who knowingly makes a false statement in connection with the resolution of a complaint under these Procedures may be subject to appropriate discipline. Making a good faith report of discrimination or harassment that is not later substantiated is not considered a false statement.

7. Special Circumstances in the Event of Conflict of Interests

In the event that a complaint concerns the conduct of the Director or the Dean of Students (or the Director or Dean of Students has a conflict of interest), the Vice President for Ethics and Compliance shall designate an individual to be responsible for implementing the responsibilities of the Director or Dean of Students pursuant to these Procedures. In the event that a complaint concerns the conduct of the Vice President for Ethics and Compliance or a Chancellor (or the Vice President for Ethics and Compliance or a Chancellor has a conflict of interest), the President shall designate an individual to be responsible for implementing the responsibilities of the Vice President for Ethics and Compliance or such Chancellor pursuant to these Procedures. In the event that a complaint concerns the President (or the President has a conflict of interest), the Chairman of the Board of Trustees shall be responsible for implementing the responsibilities of the President pursuant to these Procedures. In the event that the President or other member of senior administration is a Respondent under these Procedures, the University may, in its sole discretion, modify these Procedures to provide for an investigation by an independent University Investigator to be selected by the Board of Trustees and for final decision making by the Board of Trustees or a subcommittee of the Board of Trustees.

8. Coordination with Law Enforcement

A Complainant may seek recourse under these Procedures and/or pursue criminal action. Neither law enforcement's determination whether or not to prosecute a Respondent, nor the outcome of any criminal prosecution, is determinative of whether a violation of University Policy has occurred. Proceedings under these Procedures may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus.

At the request of law enforcement, the University may agree to defer its fact gathering for a brief period during the evidence
gathering stage of a criminal investigation. The University will nevertheless communicate with the Complainant regarding support, options for resolution and the implementation of interim remedial measures to address concerns regarding safety and well-being. The University may also take immediate and prompt steps that it deems necessary to protect the University community. The University will promptly resume its fact gathering as soon as it is informed that law enforcement has completed its initial investigation.

F. REPORTING OPTIONS AND RESOURCES FOR TITLE IX MATTERS

The University is committed to treating all members of the community with dignity, care and respect. Any individual affected by Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking or Relationship Violence, whether as a Complainant, a Respondent or a third party, will have equal access to support consistent with their needs and available University resources.

A first step for any Complainant or third-party witness may be choosing how to proceed following an incident of Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking and/or Relationship Violence. The University recognizes that deciding whether to make a report and choosing how to proceed can be difficult decisions. The University encourages any individual who has questions or concerns to seek the support of campus and community resources. These professionals can provide information about available resources and procedural options and assistance to either party in the event that a report and/or resolution under the Policies or the Procedures are pursued. Individuals are encouraged to use all available resources, regardless of when or where the incident occurred.

1. Confidential Resources

Confidentiality means that information shared by an individual with designated campus or community professionals cannot be revealed to any other individual without express permission of the individual. Those campus and community professionals include medical providers, mental health providers, ordained clergy and rape crisis counselors, all of whom have privileged confidentiality that has been recognized by the law. These individuals are prohibited from breaking confidentiality unless there is an imminent threat of harm to self or others, or the conduct involves suspected abuse of a minor under the age of 18. A list of on-campus confidential resources is listed in Appendix A to these Procedures.

It is important to understand that other University employees involved in the University’s Title IX response do not have the same level of privileged confidentiality as the designated campus or community professionals described above. In fact, any other University employee who is not one of these confidential reporting resources may be required to share a report of Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking or Relationship Violence with the Title IX Coordinator.

2. Non-Confidential Campus Reporting Resources and Mandatory Reporters

The University is committed to providing a variety of welcoming and accessible means to encourage the reporting of all instances of Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking and Relationship Violence. All University community members are encouraged to report all incidents of discrimination, harassment or retaliation directly to the Title IX Coordinator or a member of the campus Title IX team.

In contrast to the designated campus or community professionals described above under “Confidential Resources,” who are obligated to refrain from revealing confidential information shared within the scope of their privilege, some University employees are required to report all incidents of discrimination, harassment or retaliation directly to the Title IX Coordinator or a member of the campus Title IX team (“mandatory reporters”). Mandatory reporters receive annual required training to ensure that they understand their obligations and the resources available to University community members who report such incidents. University employees who are mandatory reporters include faculty, supervisors, and other staff, administrators and student employees who have significant responsibility for the welfare of students. Student employees who are required to share reports with the Title IX Coordinator include Resident Assistants. Mandatory reporters are required to share with the Title IX Coordinator all information they receive or of which they become aware, including the identities of the parties, if known. A list of campus reporting options, by campus, to whom individuals are encouraged to report any incidents, is available in Appendix A.

3. Privacy

The privacy of the parties will be respected and safeguarded at all times. All University employees who are involved in the
Appendix C

University’s Title IX response receive specific training and guidance about safeguarding private information. Privacy generally means that information related to a report of misconduct will only be shared with a limited circle of individuals. The use of this information is limited to those University employees who “need to know” in order to assist in the active review, investigation or resolution of the report. While not bound by confidentiality, these individuals will be discreet and respect the privacy of all individuals involved in the process.

4. Release of Information

If a report of misconduct discloses a serious and immediate threat to the campus community, the University will issue a timely notification to the community to protect the health or safety of the community. The University also may share non-identifying information about reports received in aggregate form, including data about outcomes and sanctions. At no time will the University release the name of the Complainant to the general public without the express consent of the Complainant or as otherwise permitted or required by law.

Pursuant to the Clery Act, anonymous statistical information must be shared with the campus police department where required by the Clery Act. Annual Clery Act reporting to the U.S. Department of Education is required by educational institutions for certain offenses that have been reported at campus locations. The information contained in the Clery report tracks the number of Clery reportable offenses occurring at campus locations and does not include the names or any other identifying information about the persons involved in the incident.

All University proceedings are conducted in compliance with the requirements of Title IX, the Clery Act, VAWA, FERPA, state and local law, and University policy. No information shall be released from proceedings under the Policies or the Procedures except as required or permitted by law and University policy. The University reserves the right to notify the parents/guardians of dependent students regarding any conduct situation, particularly probation, loss of housing, suspension and expulsion.

5. Reporting to Law Enforcement

In matters involving alleged criminal conduct, the Complainant may notify, or decline to notify, local law enforcement at any time. The University encourages Complainants to pursue criminal action for incidents of Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking and Relationship Violence that also may be crimes under state criminal statutes (see purdue.edu/sexual_assault/definitions/legal/index.html). The University will assist a Complainant, at the Complainant’s request, in contacting local law enforcement and will cooperate with law enforcement agencies if a Complainant decides to pursue the criminal process. A list of law enforcement resources for each campus is available in Appendix A.

6. Anonymous Reporting

Any individual may make an anonymous report concerning an act of Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking or Relationship Violence. A report can be made without disclosing one’s own name, identifying the Respondent or requesting any action. Depending on the level of information available about the incident or the individuals involved, anonymous reporting may impact the University’s ability to respond or take further action.

Anonymous reports can be made through the Whistleblower Hotline, an online reporting service that allows direct interaction with the Title IX Coordinator without providing identifying information. The Whistleblower Hotline can be accessed at: purdue.edu/hotline or by calling 1-866-818-2620.

As with all other reports, all anonymous reports will go to the Title IX Coordinator for review and appropriate response and action. Where there is sufficient information, the University will ensure that anonymous reports are reviewed and included for compliance with the Clery Act.

G. COUNSELING, ADVOCACY AND SUPPORT SERVICES

The University is committed to providing a number of support services to University community members who experience Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking or Relationship Violence incidents. Resources available to University community members include a variety of campus and community-based service providers and professionals.
Additionally, Purdue provides its students with professional staff who can assist students who have been subjected to Sexual Harassment, Sexual Violence, Sexual Exploitation, Stalking or Relationship Violence with academic and advocacy/support services. The Title IX Coordinator and professional staff within the Office of the Dean of Students is available to assist students with the imposition of interim remedial and protective measures set forth in Section E3, including the following:

- Coordination of services.
- Academic adjustments, including processing absence notifications.
- Housing reassignments and assistance with emergency housing needs.
- Support during the campus disciplinary process, including in-person attendance at all meetings and ongoing in-person support.
- Support during the law enforcement process, including in-person attendance at meetings with law enforcement and/or the prosecutor's office.
- Assistance in obtaining no-contact directives within the University.
- Assistance in obtaining a protective order through the local court system.

A list of counseling, advocacy and other support services for each campus is listed in Appendix A.

H. INFORMAL RESOLUTION PROCESS

1. Filing an Informal Complaint

To file an Informal Complaint, a Complainant must submit the Complaint Information Form online, in person or via electronic mail. The Complaint Information Form must be submitted to the Campus Equity Office within 120 days of the incident of discrimination or harassment or, where the discrimination or harassment is of an ongoing nature, within 120 days from the most recent incident. The Campus Equity Office can provide assistance in completing the Complaint Information Form. Participation in the Informal Resolution Process is voluntary, and a Complainant may ask to conclude the process at any time. The Campus Equity Office will take steps to ensure the privacy of the Complainant and Respondent during the Informal Resolution Process to the extent maintenance of privacy does not interfere with the University's obligation to address allegations of discrimination and/or harassment.

2. Processing of Informal Complaints

In consultation with the Chancellor, Director or Dean of Students, as the case may be, the Campus Equity Office may take appropriate steps to resolve the Informal Complaint. Possible resolutions by agreement of the parties may include, but are not limited to: an apology to the Complainant, assisting the Respondent to better understand the effects of their conduct and ways in which this behavior could be changed, participation in educational programs about equal opportunity or harassment, verbal or written reprimands, or other interventions or actions aimed at ending the discrimination or harassment, preventing its recurrence and addressing its effects. Mediation may not be used, even with the agreement of the parties, in Complaints involving Sexual Violence or Relationship Violence. Similarly, a Complainant will not be required to resolve the matter directly with the Respondent.

Prior to completing the Informal Resolution Process, and/or upon the Complainant’s request, a Chancellor, the Dean of Students or the Director may determine that no purpose is served by pursuing the Informal Resolution Process and may refer the Complaint to the Formal Resolution Process.

3. Conclusion of the Informal Resolution Process

The Informal Resolution Process is designed to empower the parties to an Informal Complaint to reach a mutually satisfactory agreement. The Informal Resolution Process will be concluded by one of the following: (1) a decision to stop further action on the Informal Complaint, (2) a resolution of the Informal Complaint by agreement of the parties or (3) initiation of the Formal Resolution Process.

The Campus Equity Office will attempt to conclude the Informal Resolution Process within 30 days. Within 10 days following conclusion of the Informal Resolution Process, the Campus Equity Office must complete and submit a Status Report Form. A copy
of the Status Report Form is to be submitted to the Vice President for Ethics and Compliance or Chancellor.

I. FORMAL RESOLUTION PROCESS

1. Filing a Formal Complaint

A Formal Complaint may be filed as the first course of action or following an Informal Complaint if there is no mutually acceptable resolution during the Informal Resolution Process. The University also may initiate an investigation in the absence of a Formal Complaint by a Complainant.

To file a Formal Complaint, a Complainant must complete the Complaint Information Form online, in person or via electronic mail. The complaint must be dated by the Complainant and describe the alleged incident(s) with the relevant date(s), name(s) of the Respondent(s) and name(s) of witness(es). The Campus Equity Office can provide assistance in completing the Complaint Information Form.

Formal Complaints or University-Initiated Investigations in which a student or recognized student organization is named as a Respondent will be adjudicated by the Dean of Students for each campus in accordance with Sections I and J of these Procedures.

Formal Complaints or University-Initiated Investigations against employees, including faculty and staff, will be adjudicated by the appropriate Chancellor (or designee) or the Director pursuant to Sections I and J of these Procedures.

2. Notification of Formal Complaint and Response

Within 10 days of receipt of a Formal Complaint, the Chancellor, Dean of Students or Director will assign a University Investigator to investigate the Formal Complaint. Persons eligible to serve as University Investigators shall be designated by the Vice President for Ethics and Compliance. The University Investigator must have sufficient training and/or experience to conduct a thorough and impartial investigation.

The Chancellor, Dean of Students or Director will provide prompt notification, including a copy of the Formal Complaint or notice of allegations, to the Complainant, the Respondent(s), to the department head or supervisor and to the appropriate Vice President, Dean or head of other major unit. The Formal Complaint or notice of allegations will be delivered through certified or express mail, electronic mail or hand delivery. In the event the Respondent is a student or recognized student organization, the Dean of Students is the appropriate Dean. The notification to the Respondent(s) will include a copy of the Formal Complaint, or, in University-Initiated Investigations, a statement of allegations, and a copy of or link to the relevant University Policy and these Procedures.

The Respondent(s) will be requested to respond in writing to the Formal Complaint within a reasonable time, not to exceed 10 days from the date of certified or express mailing, electronic mailing or hand delivery of the notification of the Formal Complaint. Any extension of time must be approved by the Chancellor, Dean of Students or Director. In the event that an investigation is undertaken in accordance with Section 14 of these Procedures, a copy of the Respondent(s)' response will be provided to the Complainant.

3. University-Initiated Investigation

In a University-Initiated Investigation, a Respondent will be provided with written notice of the allegations forming the basis of the University-Initiated Investigation, and Section I of these Procedures will govern such investigation to the greatest extent practicable.

A Complainant who may have been subject to discrimination or harassment that forms the basis of a University-Initiated Investigation shall (1) be provided with written notice that the University has commenced a University-Initiated Investigation; (2) receive a copy of any written response submitted by the Respondent(s); (3) upon request, be afforded an opportunity to meet with the Chancellor, Dean of Students or Director and the panel in connection with the University-Initiated Investigation; (4) be provided with written notice of the determination of whether a violation of one or both of the Policies occurred and any sanction or remedial measures imposed in connection with the violation; and (5) be afforded the right to appeal such determination, sanctions or remedial measures in accordance with Section L.
4. Investigation of Formal Complaints

As soon as practicable following appointment, the University Investigator will interview the Complainant. Within five days following the completion of his or her interview with the Complainant, the University Investigator will conduct an initial assessment and notify the Chancellor, Dean of Students or Director in writing as to (1) whether or not the allegations set forth in the Formal Complaint, if substantiated, would constitute a violation of one or both of the Policies and (2) whether or not there is reasonable cause to believe that the Respondent(s) has violated one or both of the Policies. If the University Investigator’s notification indicates that such allegations, if substantiated, would not constitute a violation of one or both of the Policies or that there is not reasonable cause to believe that the Respondent(s) has violated one or both of the Policies, the Chancellor, Dean of Students or Director may dismiss the Complaint, and that decision shall be final. The Chancellor, Dean of Students or Director shall provide the Complainant and Respondent(s) with written notice of such dismissal.

In the event that the University Investigator’s initial assessment and notification indicates that the allegations set forth in the Complaint, if substantiated, would constitute a violation of University policy and that there is reasonable cause to believe that the Respondent(s) has violated one or both of the Policies, or if the Chancellor, Dean of Students or Director determines that the matter should be investigated, the University Investigator will conduct a thorough fact-finding investigation and will meet separately with both the Complainant and the Respondent(s), interview pertinent witnesses and review relevant documents regarding the Formal Complaint. The University Investigator may consider all relevant information, including evidence of pattern or prior misconduct by the Respondent, credibility of the parties and witnesses, and in very limited circumstances, any prior sexual history of the Complainant with the Respondent. Both parties will be provided the opportunity to provide information and names of witnesses to the University Investigator.

The investigation shall be completed within 30 days following the assignment of the Formal Complaint to the University Investigator, unless an extension of time for good cause is approved by the Chancellor, Dean of Students or Director.

Within seven days following the conclusion of the investigation, the University Investigator will prepare a preliminary report summarizing the information gathered and outlining the contested and uncontested information. The preliminary investigation report will not include any findings. The Complainant and the Respondent will be provided access to review the preliminary investigation report and may submit comments and additional information to the University Investigator in writing. The University Investigator will designate a reasonable time for this review and response by the parties, not to exceed seven days. In the absence of good cause, information discoverable through the exercise of due diligence that is not provided to the University Investigator during the designated review and response period will not be considered in the determination of responsibility for a violation of one or both of the Policies.

As soon as practicable following consideration by the University Investigator of any information provided by the Complainant (or impacted party in the case of a University-Initiated Investigation) and/or Respondent, the University Investigator will submit a final investigation report to the Chancellor, Dean of Students or Director. The report will include findings based upon a preponderance of the evidence that (1) the allegations cannot be substantiated or some or all of the allegations are substantiated, (2) a statement as to whether the Formal Complaint was knowingly false or malicious, and (3) if material to the determination as to whether or not a violation of one or both of the Policies has occurred, an assessment of the credibility of the Complainant and the Respondent(s). No violation of University policy will be presumed unless a preponderance of the evidence standard supports the finding of a violation. This preponderance of the evidence standard requires that the facts and information supporting each finding are more convincing than the facts and information offered in opposition to such finding. The report will include the basis upon which the University Investigator reached their conclusions. The report also will include the University Investigator’s determination of whether a violation of one or both of the Policies has occurred.

5. Determination

Within 15 days of receipt of the University Investigator’s report, the Chancellor, Dean of Students or Director will convene a meeting with and seek advice from a three-member panel selected by the Chancellor, Dean of Students or Director from the Advisory Committee on Equity consisting of at least one participant who is a member of the faculty and one participant who is not a member of the faculty. At least two members of the panel shall be representatives of the campus from which the Formal Complaint originated. Prior to the meeting, members of the panel shall be furnished with a copy of the University Investigator’s report and copies of any complaint or response of the parties. At the meeting, the panel will be afforded the opportunity to ask questions of the University Investigator. Upon request, the Complainant and the Respondent will be afforded an opportunity to meet with the Chancellor, Dean of Students or Director and the panel to make a brief statement and to answer any questions that
they may have.

Within 10 days following the meeting with the panel from the Advisory Committee on Equity, the Chancellor, Dean of Students or Director shall make a written determination whether a violation of one or both of the Policies has occurred.

In the event the charge of discrimination and/or harassment is not substantiated following the written determination of the Chancellor, Dean of Students or Director, reasonable efforts may be taken to restore the Respondent(s) to their prior status.

J. SANCTIONS AND REMEDIES

At the West Lafayette campus, sanctions will be determined by the appropriate Vice President or Dean and the Director. In the event of a disagreement between the Director and the designated Vice President or Dean, the Director will refer the disagreement to the Provost for resolution. In the case of a student or recognized student organization, sanctions will be determined and imposed by the Dean of Students.

At the Fort Wayne and Northwest campuses, sanctions will be determined and imposed by the Chancellor (or designee), except that sanctions for students and recognized student organizations will be determined and imposed by the Dean of Students.

The Chancellor, Dean of Students or Director will send the Complainant and the Respondent the written determination and final outcome of the matter, including sanctions, if any, by certified or express mail, electronic mail or hand delivery. The determination will include the rationale, a description of the parties’ appeal rights and any changes in the outcome before it becomes final. The appropriate Vice President, Vice Chancellor, Vice Provost or Dean is responsible for imposing the sanction.

Sanctions will be decided on a case-by-case basis and will be in accordance with University policy. Possible sanctions for employees include, but are not limited to, the following: a letter of reprimand, suspension or leave of absence without pay, reassignment of teaching or other responsibilities, removal of graduate faculty certification, denial of a merit pay increase, demotion, probation or termination. Sanctions for students are listed in Regulations Governing Student Conduct and may include without limitation verbal or written warnings, restrictions, probation, probated suspension, suspension or expulsion.

Except as provided herein, sanctions imposed pursuant to these Procedures may not be appealed or made the subject of a grievance under any other University policy.

If the accused is a faculty member and the sanction has been to recommend termination of employment, the procedures for termination of a faculty member (as outlined in Executive Memorandum No. B-48 or its successor) will be followed; provided, however, that the report of the University Investigator and the written determination of the Chancellor or Director shall be accepted into evidence at the faculty member’s termination hearing without the necessity of the Complainant testifying as a witness.

Remedial measures for students, faculty and staff will be decided on a case-by-case basis. Such measures may include providing an escort to ensure safe movement on campus; ensuring that the Complainant and Respondent do not share classes or extracurricular activities; reassignment of residence halls; tutoring or other academic support; arranging for extra time to complete or re-take a class or withdraw from a class without academic or financial penalty; job reassignment; targeted training for a group of students, faculty or staff; and other remedies that can be tailored to the needs of the parties.

K. RETALIATION PROHIBITED

Retaliation against any person for reporting or complaining of discrimination and/or harassment, assisting or participating in the investigation of a complaint of discrimination and/or harassment, or enforcing University Policies with respect to discrimination and/or harassment is strictly prohibited. Overt or covert acts of reprisal, interference, restraint, penalty, discrimination, intimidation or harassment against an individual or group for exercising rights or performing duties under these Procedures will be subject to appropriate and prompt disciplinary or remedial action.

L. APPEAL

The Complainant (or impacted party in the case of a University-Initiated Investigation) and the Respondent each have the right to
appeal the decision of the Chancellor, Dean of Students or Director and imposition of any sanction to the Vice President for Ethics and Compliance. The appeal must be in writing and filed in person, via courier, or via postal or electronic mail within 10 days of the issuance of notification of the decision with all supporting materials attached. Decisions not appealed within such time are deemed final.

The appeal shall consist of a concise and complete written statement outlining the grounds for appeal and all relevant information to substantiate the basis for the appeal. Appeals are not intended to open a new investigation of the complaint. In most cases, appeals are confined to a review of the written documentation and pertinent documentation regarding the grounds for appeal. The appeal will be conducted in an impartial manner.

The Vice President for Ethics and Compliance will issue a decision on the appeal to all parties involved. Normally this decision will be made within 10 days from the date the appeal was received. The Vice President for Ethics and Compliance may (1) uphold or reverse the finding, (2) decrease or increase the sanction(s), and/or (3) take other action as deemed appropriate by the Vice President for Ethics and Compliance. The written decision of the Vice President for Ethics and Compliance on the appeal shall constitute the University’s final action.

M. FILING WITH EXTERNAL AGENCIES

Any person may file a complaint with the Indiana Civil Rights Commission, the U.S. Equal Employment Opportunity Commission or the U.S. Department of Education’s Office for Civil Rights. Information regarding filing charges with any of these agencies may be obtained from the Office of Institutional Equity on the West Lafayette campus.

### Statement of Policy

Purdue University is committed to maintaining an environment that recognizes the inherent worth and dignity of every person; fosters tolerance, sensitivity, understanding and mutual respect; and encourages its members to strive to reach their potential. The most effective way to work toward preventing Harassment is through education that emphasizes respect for every individual.

It is essential that Purdue University demonstrate its intellectual and ethical leadership by reaffirming its strong position against Harassment in all forms. All members of the University community must be able to pursue their goals, educational needs and working lives without intimidation or injury generated by intolerance and Harassment.

Harassment in the workplace or the educational environment is unacceptable conduct and will not be tolerated. Purdue University is committed to maintaining an educational and work climate for faculty, staff
and students that is positive and free from all forms of Harassment. This policy addresses Harassment in all forms, including Harassment toward individuals for reasons of race, religion, color, sex, age, national origin or ancestry, genetic information, disability, status as a veteran, marital status, parental status, sexual orientation, gender identity or gender expression. The University will not tolerate Harassment of its faculty, staff or students by persons conducting business with or visiting the University, even though such persons are not directly affiliated with the University.

**Reporting and Addressing Harassment**

This policy seeks to encourage faculty, staff and students to report and address incidents of Harassment. The Procedures for Resolving Complaints of Discrimination and Harassment, as issued and updated from time to time by the Vice President for Ethics and Compliance, describe the necessary steps for filing complaints of Harassment.

Retaliation against faculty members, staff members or students for reporting or complaining of Harassment, for assisting or participating in the investigation of a complaint of Harassment, or for enforcing this policy is strictly prohibited.

The University reserves the right to investigate circumstances that may involve Harassment in situations where no complaint, formal or informal, has been filed. In appropriate circumstances, sanctions in accordance with this policy will be implemented.

To determine whether a particular act or course of conduct constitutes Harassment under this policy, the alleged behavior will be evaluated by considering the totality of the particular circumstances, including the nature, frequency, intensity, location, context and duration of the questioned behavior. Although repeated incidents generally create a stronger claim of Harassment, a serious incident, even if isolated, can be sufficient.

**Academic Freedom and Freedom of Speech**

Freedom of thought and expression are the lifeblood of our academic community and require an atmosphere of mutual respect among diverse persons, groups and ideas. The maintenance of mutually respectful behavior is a precondition for the vigorous exchange of ideas, and it is the policy of the University to promote such behavior in all forms of expression and conduct. The University reaffirms its commitment to freedom of speech as guaranteed by the First Amendment to the United States Constitution. Accordingly, any form of speech or conduct that is protected by the First Amendment is not subject to this policy. The University reaffirms its commitment to academic freedom, which is essential to its educational mission and is critical to diversity and intellectual life.

**Violations of Policy and Sanctions**

Any individual or group of individuals found to have violated this policy will be subject to disciplinary and/or remedial action, up to and including termination of employment or expulsion from the University. Faculty and staff who are determined to have violated this policy also may be held personally liable for any damages, settlement costs or expenses, including attorney fees incurred by the University.

Anti-Harassment Policy
The University strongly encourages students to report instances of Sexual Violence or Sexual Exploitation. Therefore, students who provide information regarding Sexual Violence or Sexual Exploitation will not be disciplined by the University for any violation of the Regulations Governing Student Conduct relating to drug or alcohol possession or consumption in which they might have engaged in connection with the reported incident of possible Sexual Violence or Sexual Exploitation.

This policy may not be used to bring knowingly false or malicious charges against any faculty, staff, students or recognized student organizations, including fraternities, sororities and/or cooperatives. Disciplinary action will be taken against any person or group found to have brought a charge of Harassment in bad faith or any person who, in bad faith, is found to have encouraged another person or group to bring such a charge.

**Education and Prevention**

The University offers education and primary prevention, risk reduction and awareness programs for students, faculty and staff concerning Sexual Harassment, Sexual Violence, Sexual Exploitation, Relationship Violence and Stalking.

**Coordination with Other University Policies**

This policy augments, but does not supersede, other University policies covering discrimination. Although Harassment as described and prohibited by this policy includes a wide range of behavior, it does not include certain discriminatory conduct, even though that conduct may be otherwise unlawful, offensive or prohibited by other University policies.

**REASON FOR THIS POLICY**

This policy is designed to prevent and sanction incidents of Harassment within the Purdue University community. The University believes that Harassment, which is a form of discrimination, is repugnant and inimical to our most basic values.

As a land-grant university, Purdue University is committed to the principles of equal opportunity in education and employment. We take seriously our responsibility to provide leadership in ensuring that equal opportunity is the norm rather than an aspiration.

This policy helps to promote this commitment through compliance with both state and federal laws and regulations, including but not limited to:

- Age Discrimination in Employment Act of 1967
- Americans with Disabilities Act of 1990, as amended
- Executive Order 11246, as amended
- Equal Pay Act of 1963
- Genetic Information Nondiscrimination Act of 2008

• Title VII of the Civil Rights Act of 1964, as amended
• Title IX of the Education Amendments of 1972
• Uniformed Services Employment and Reemployment Rights Act of 1994

**Consent/Consensual**

Affirmative, clear communication given by words or actions that shows an active, knowing and voluntary agreement to engage in mutually agreed-upon sexual activity. Consent is given freely and voluntarily. Consent may not be inferred from silence, passivity or when an individual is Incapacitated or otherwise prevented from giving Consent as a result of impairment due to a mental or physical condition or age. No Consent exists when there is a threat of force or physical or psychological violence.

Although Consent may be given initially, it may be withdrawn at any point without regard to activity preceding the withdrawal of Consent.

The voluntary nature of Consent will be subject to heightened scrutiny in circumstances in which a person engages in a sexual relationship with a person over whom he or she has any power or authority within the University.

**Harassment**

Conduct towards another person or identifiable group of persons that has the purpose or effect of:
Appendix D

1. Creating an intimidating or hostile educational environment, work environment or environment for participation in a University program or activity;
2. Unreasonably interfering with a person's educational environment, work environment or environment for participation in a University program or activity; or
3. Unreasonably affecting a person's educational or work opportunities or participation in a University program or activity.

Use of the term Harassment includes all forms of harassment, including Stalking, Racial Harassment and Sexual Harassment.

Incapacitated/Incapacitation
A mental state in which an individual cannot make rational decisions because they lack the capacity to give knowing Consent (e.g., to understand the who, what, where, why and how of their sexual interaction). Such Incapacitation may be caused by alcohol or other drug use, sleep or unconsciousness. Intoxication is not equivalent to Incapacitation.

Mandatory Reporters
Individuals employed by the University who hold a title of or equivalent to President, Chancellor, vice president, vice chancellor, vice provost, dean, department head and director, as well as all faculty members, coaches, employees in supervisory or management roles, student affairs professionals, academic advisors and residential life staff. Also included are individuals who have authority and responsibility to remedy Harassment, or those whom a student would reasonably believe has such authority (e.g., Student Organization Advisors, including fraternities and sororities).

Racial Harassment
Conduct that demonstrates hostility towards another person (or identifiable group of persons) on the basis of race, color, national origin or ancestry and that has the purpose or effect of:

1. Creating an intimidating or hostile educational environment, work environment or environment for participation in a University program or activity;
2. Unreasonably interfering with a person's educational environment, work environment or environment for participation in a University program or activity; or
3. Unreasonably affecting a person's educational or work opportunities or participation in a University program or activity.

The University is strongly committed to providing a safe and Harassment-free environment for members of those groups that have historically been, and are still likely to be, at greatest risk of Harassment for reasons of prejudice.

Relationship Violence
Any physical, sexual and/or psychological harm against an individual by a current or former intimate or romantic partner. Intimate or romantic partners may be dating, cohabitating, married, separated or divorced, and may be of the same or opposite sex.

Retaliation
Any overt or covert act of reprisal, interference, restraint, penalty, discrimination, intimidation or Harassment against any person or group for reporting or complaining of discrimination and/or Harassment,
assisting or participating in the investigation of a complaint of discrimination and/or Harassment, or enforcing University policies with respect to discrimination and/or Harassment.

**Sexual Exploitation**
An act that exploits someone sexually. Examples of Sexual Exploitation include, but are not limited to:

- Exposing one’s own or another person’s intimate parts without Consent.
- Recording video or audio, photographing, disseminating, or transmitting intimate or sexual utterances, sounds or images without Consent of all parties involved.
- Allowing others to view sexual acts (whether in person, through electronic means, or via a video camera or other recording device) without the Consent of all parties involved.
- Engaging in any form of voyeurism.

**Sexual Harassment**

A. Any act of Sexual Violence.
B. Any act of Sexual Exploitation.
C. Any unwelcome sexual advance, request for sexual favors or other written, verbal or physical conduct of a sexual nature when:
   1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, education or participation in a University program or activity;
   2. Submission to, or rejection of, such conduct by an individual is used as the basis for, or a factor in, decisions affecting that individual's employment, education or participation in a University program or activity;
   3. Such conduct has the purpose or effect of unreasonably interfering with an individual's employment or academic performance or creating an intimidating, offensive or hostile environment for that individual's employment, education or participation in a University program or activity.

**Sexual Violence**
Any non-Consensual sexual act, including but not limited to rape, sexual assault, sexual battery and sexual coercion. Sexual Violence also includes Relationship Violence. Examples of Sexual Violence include, but are not limited to:

- Non-Consensual sexual contact: touching, with any body part or object, another person's intimate parts (e.g., genitalia, groin, breast, buttocks), whether clothed or unclothed.

- Compelling a person to touch his or her own or another person’s intimate parts without Consent.

**Stalking**

STATEMENT OF POLICY

Purdue University is committed to providing a safe and secure campus environment for members of the university community. Purdue strives to create an educational environment for students and a work environment for employees that promote educational and career goals. Violent Behavior impedes such goals and is prohibited in or on any University Facility or while participating in any University activity.

Purdue University uses best efforts to protect victims of Violent Behavior by offering reasonable and appropriate security measures. Whenever possible and appropriate, accommodations or adjustments to a victim’s work/class schedule, location or conditions will be made to enhance safety. Individuals who are aware that someone is a victim of Violent Behavior may offer support to the victim through steps such as referring him or her to the Employee Assistance Program, Student Counseling Center or other appropriate resources. The University’s policies will allow for flexibility to attend medical, court or counseling appointments related to trauma and/or victimization from situations covered by this policy.

Retaliation against any employee, student or other member of the University community who, in good faith, reports a violation of this policy is prohibited.

Purdue University employees who violate this policy will be subject to disciplinary action up to and including termination. An act of off-duty Violent Behavior may also be grounds for disciplinary action up to and including termination if there is a relevant relationship between the type of Violent Behavior and the potential adverse impact on the employee’s or another employee’s ability to perform his or her assigned duties and responsibilities. Purdue University students who violate this policy on or off University Facilities may be subject to disciplinary action up to and including expulsion, as provided in the Regulations Governing Student Conduct. In addition, any person who violates this policy may be subject to the issuance of a persona non grata notification, which limits access to a part of or all of University Facilities, in accordance with the Persona Non Grata (IV.A.5) policy.

RE: Alcohol- and Drug-Free Campus and Workplace Policy

Executive Memorandum No. C-44 sets forth Purdue University’s policy prohibiting alcohol misuse and the use of controlled substances and is effective 45 calendar days after the above-captioned date. This policy supersedes any prior oral or written policy of the University including, but not limited to, the Interim Drug Abuse Policy issued February 28, 1989, the Alcohol and Drug-Free Campus and Workplace Policies, effective September 1, 1990, and the Interim Policy for Drug and Alcohol Testing of Commercial Motor Vehicle Operators, effective January 1, 1995. The provisions of this policy are intended to comply with applicable local, state, and federal law including, but not limited to, the Drug-Free Workplace Act of 1988, the Drug-Free Schools and Communities Act Amendments of 1989, the United States Constitution, the Indiana Constitution, and the Americans With Disabilities Act of 1990. This policy is subject to change at the sole discretion of the University.

I. General Policy Statement
Purdue University is committed to providing students, faculty, staff, and visitors a safe and healthful campus and workplace. The University recognizes the health risks associated with controlled substance use and alcohol misuse and is committed to supporting students and employees who seek treatment for these conditions. The University also recognizes that controlled substance use and alcohol misuse diminish workplace and campus safety and undermine the University’s ability to fulfill its missions of education, research, and service. The University has therefore developed this Alcohol- and Drug-Free Campus and Workplace Policy. Compliance with this policy is considered a condition of employment and attendance at the University. All employees and students will be notified of this policy by publication.

II. Scope
This policy applies to all students, employees, and invitees as defined in Section III below, except those regulated under federal or state drug laws to the extent that this policy conflicts with such laws.

III. Definitions
Alcohol means the intoxicating agent in beverage alcohol, ethyl alcohol, or other low molecular weight alcohols including methyl or isopropyl alcohol.

Facilities and Safety Violent Behavior Policy
Controlled substances (or "drugs") refers to any drug or substance whose use is legally prohibited including, but not limited to, marijuana (THC), cocaine, opiates, phencyclidine (PCP), amphetamines (including methamphetamines).

Employee(s) means faculty, staff, or student employees.

Invitee(s) means any person authorized by the University to engage in University-related activities on University premises including, but not limited to, independent contractors, consultants, volunteers, individuals employed by outside employment agencies, conference attendees, and persons taking or auditing educational programs.

University premises means any building, structure, vehicle, improved land, or unimproved land, in whole or part, which is owned, used, or occupied by the University.

Workplace means any University premise or other location where an employee is engaged in University business.

IV. Prohibited Conduct

F. Testing Procedures. Failing any drug or alcohol test or engaging in any other conduct prohibited under the University's drug or alcohol testing procedures.

G. Prescription Drug Use.
   1. Being under the influence of legally prescribed drugs in the workplace that prevent an individual from performing the essential functions of his or her job or where that individual poses a direct threat while using those drugs.
   2. Inquiries regarding prescription drug use by employees are governed by the Americans With Disabilities Act of 1990, and therefore should be made only as authorized by the Department of Personnel Services.

H. Other Misconduct. Any other conduct that the University determines to be inconsistent with providing a drug-free and alcohol-free campus and workplace.

V. Consequences of Engaging in Prohibited Conduct

A. Factors Relevant to Sanction or Corrective Action. The University will evaluate violations of this policy on a case-by-case basis. In determining the appropriate sanction or corrective action, the University may consider an individual's work or academic record, the seriousness of the violation, the safety-sensitivity of the individual's position, whether the individual's behavior violated the University's Violence in the Workplace
Appendix F

Policy, whether a sanction or corrective action is permissible under law including, without limitation, The Americans With Disabilities Act of 1990, and any other relevant factors.

B. **Employee.** Any employee who engages in prohibited conduct may be:
   - Immediately removed from duty.
   - Referred to the Employee Assistance Program.
   - Required to complete successfully an alcohol or drug abuse treatment program as a condition of employment.
   - Reported to authorities for criminal prosecution or other appropriate action.
   - Disciplined, up to and including termination of employment.
   - Subject to any other appropriate action by the University.

C. **Invitee.** Any invitee who engages in prohibited conduct may be barred from further work for the University or from participating in other University-related activities as may be permitted by law. Further, they may be reported to authorities for criminal prosecution or other appropriate action.

D. **Student.** Any student who engages in prohibited conduct may be:
   - Referred to appropriate University personnel for assistance.
   - Required to complete successfully a drug or alcohol abuse treatment program as a condition of University attendance.
   - Reported to authorities for criminal prosecution or other appropriate action.
   - Subject to disciplinary penalties under University Regulations.
   - Subject to any other appropriate action by the University.

VI. **Workplace Inspections**

A. The University reserves the right to inspect the workplace for alcohol, controlled substances, or paraphernalia relating to alcohol or controlled substances and to question any employee when it reasonably suspects that this policy or any procedure under this policy has been violated.

B. The University will prominently post the following notice in conspicuous places in the workplace:

   **Purdue University reserves the right to inspect the workplace for alcohol, controlled substances, or paraphernalia relating to alcohol or controlled substances and to question any employee when the University reasonably suspects that its Alcohol- and Drug-Free Campus and Workplace Policy or any procedure under that policy has been violated.**

C. The decision to conduct a workplace inspection should be made jointly by the supervisor who believes the inspection would be appropriate under this policy and a representative of his or her campus personnel department. In all cases, the director of personnel services for the campus or his or her designee must authorize a workplace inspection.

D. This section of the policy does not limit in any way the Purdue University Police Department's right to conduct law enforcement activities including, but not limited to, questioning or searching any person or inspecting any University premises.

VII. **Controlled Substance and Alcohol Testing**

A. **Commercial Motor Vehicle Drivers.** Persons employed as commercial motor vehicle operators who are governed by Department of Transportation regulations are subject to drug and alcohol testing under procedures developed by the Department of Personnel Services.

B. **Defense Contracts.** Department of Defense regulations require the University to establish programs to test employees and final applicants for illegal drug use if they will work in sensitive positions on Defense Department contracts. The University will determine appropriate tests based on the nature of the work being performed, the employee's duties, the efficient use of University resources, and the risks to public health and safety and national security that could result if the employee fails to perform the duties of the position adequately.
C. **Intercollegiate Athletics.** Student athletes who participate in intercollegiate sports will be subject to drug and alcohol testing under National Collegiate Athletic Association regulations in testing programs developed by the University's Department of Intercollegiate Athletics.

D. **Employee Reasonable Suspicion Drug and Alcohol Testing.** All employees of the University may be subject to reasonable suspicion drug and alcohol testing under procedures developed by the Department of Personnel Services and approved by the president of the University or his or her designee. These procedures must, at a minimum, provide that the decision to conduct reasonable suspicion testing will be made jointly by a supervisor who believes reasonable suspicion exists and a representative of his or her human resource service team. Further, in all cases, reasonable suspicion testing must be authorized by an appropriate University employee or other individual designated by the University who has been trained to recognize physical or behavioral symptoms commonly attributed to the use of drugs or alcohol.

E. **Public Safety Employees.** Employees performing public safety duties may be subject to drug and alcohol testing procedures as authorized by the president of the University or his or her designee. This testing may include, but is not limited to, pre-employment testing, post-accident testing, return-to-duty testing, and follow-up testing.

VIII. **Employee Self-Referral and Employee Assistance Program**

A. **Self-Referral.** Employees with alcohol or drug problems are strongly encouraged to voluntarily contact their family physicians or the University's Employee Assistance Program for assistance. Employees may seek help without their supervisor's knowledge. Although voluntarily seeking assistance will not bar the University from treating the employee like other employees under this policy, the University will consider voluntary requests for help in determining any discipline to be imposed. The University will not assume any financial or other responsibility for drug or alcohol treatment except as may be provided by University benefits.

B. **Employee Assistance Program.** The University's Employee Assistance Program offers free, confidential services to employees with alcohol or drug problems, including:

1. Information about the dangers of alcohol and drug use and the University's Alcohol- and Drug-Free Campus and Workplace Policy;
2. Assessment and evaluation;
3. Referral to and information regarding public and private treatment programs;
4. Services to families of employees with drug or alcohol problems; and
5. Assistance with questions concerning insurance coverage.

VI. **Federal Contract or Grant Employees**

Under the Drug-Free Workplace Act of 1988 and the Federal Acquisition Regulations System, in addition to the other requirements of this policy, an employee engaged in the performance of (1) a federal agency contract for procurement of property or services valued at $25,000 or more, or (2) a federal agency grant will notify his or her supervisor or department head if he or she is convicted under a criminal drug statute for conduct in the workplace no later than five calendar days after the conviction. The University will notify the federal contracting or granting agency within 10 calendar days after receiving notice of the conviction from the employee or otherwise receiving actual notice of the conviction.

VII. **Grievance Procedures**

Any student or employee with a complaint relating to the application of this policy may seek redress through applicable University grievance policies and procedures. However, employee complaints challenging drug or alcohol test results must be resolved in accordance with the applicable testing procedure.

VIII. **Confidentiality**

The University will take reasonable measures to ensure individual privacy under this policy including, but not limited to, keeping all drug and alcohol test results confidential to the maximum extent possible.
IX. Administrative Responsibility
Campus personnel departments will share responsibility for administering this policy and its associated procedures as they relate to employees and invitees. The Office of the Dean of Students will administer policy and procedures related to students. Intercollegiate Athletics will be responsible for policy and associated procedures described in Section VII, paragraph C.
